Catalog Policies

Rules governing student conduct, admissions policies, graduation requirements, and other aspects of this institution's operations are subject to change. Please check with the administration if you have questions regarding the content of this catalog. This institution reserves the right to adopt, amend, or repeal rules and policies that apply to students. Changes in the content of this catalog will be posted on bulletin boards and shown as a supplement to this catalog. This catalog does not constitute a contract or enrollment agreement, nor does it constitute a statement of the conditions of a contract between the student and this institution. The relationship of the individual student to this institution is governed by applicable state education codes, state regulations, and college policies.

Please refer to your enrollment agreement or enrollment contract for the specific terms under which you are to enroll. Changes to this catalog (which may from time to time be required by the Bureau for Private Postsecondary Education of the State of California) will be initially added by means of an addendum and will appear at the end of the catalog. This catalog is supposed to be examined annually and if necessary, it should be revised and updated then.

This catalog shall be provided to prospective students or to the general public when requested, either in writing or electronically at our web site www.CPU.edu.

Nondiscrimination Policy

This institution is committed to providing equal opportunities to all applicants to programs and to all applicants for employment. Therefore, no discrimination shall occur in any program or activity of this institution, including activities related to the solicitation of students or employees on the basis of race, color, religion, religious beliefs, national origin, sex, sexual orientation, marital status, pregnancy, age, disability, veteran's status, or any other classification that precludes a person from consideration as an individual. Please direct any inquiries regarding this policy, if any, to the School Director who is assigned the responsibility for assuring that this policy is followed.

Main Campus and Facilities

CPU's main campus is located in the city of Santa Fe Springs, CA. The facilities consist of 4 lecture rooms, 3 study rooms, library, library storage, computer lab, conference room, student lounge, reception area, chapel auditorium, and offices for administrative staff. The main lecture rooms, computer lab, and student lounge are located in the first and second floor of the main building.

The current lecture room is equipped with traditional classroom-related equipment, e.g. whiteboard, desks, chairs, and projector. All instruction is provided in a modern, comfortable classroom setting appropriate for higher learning education. The library is complete with several computer terminals for students, offers suitable study and research spaces for our students and instructors.

CPU's facilities are equipped with appropriate equipment for administrative and instructional purposes, complete with copiers, computers, and filing cabinets for staff and all the standard equipment and supplies for each classroom. The institution also has a student lounge with a sitting area and other amenities such as vending machines, microwave, refrigerator, and coffee machine.

Parking is available in the parking area around the campus buildings.

Library

The California Prestige University (CPU) Library is committed to fulfill its mission that provides access to learning resources to CPU students, faculty, and staff in support of the research and educational mission of the seminary. To maximize the use of the resources, the library also provides information literacy instruction services to the CPU community. Furthermore, the CPU library supports life-long learning of CPU alumni, ministers, and missionaries around the world by giving access to electronic resources and guidance.

Library collections

The CPU Library holds a wide range of information resources, including over 25,000 books, 10,000 e-books, 50 databases, 7,200 full-text scholarly e-journals, multi-media resources, and periodicals, etc.

Library location

The CPU Library is located on the first and second floors in the CPU building. The library space is 7,795 square feet in total. The library housed library materials on the first floor only and provides the second floor as a multi-purpose area for students.

Friday: 9:00 AM – 12:00 PM & 2:00 PM – 5:00 PM

Lunch break 12:00 PM – 1:00 PM

Saturday, Sunday & Holidays Closed

During vacation, the library hours will vary.

Check-out

Users must be present at the library to check out library physical resources. The library also holds non-circulating items such as reference collections and periodicals. Those items must be used inside the library. To utilize online resources, users can access an electronic database anywhere with internet connection. Users can access the electronic database using ID and password assigned to the CPU Library. Upon logging in CPU Populi (<https://cpu.populiweb.com/library>), go to the 'Library' on the top and kindly refer to the 'Links' menu right under the institutional name for the credentials to access the online library resources.

Renewal

Most items may be renewed three times. Course reserves may not be renewed nor items which are being held by the request of other patrons. Users may renew items over the Web by accessing library personal record. Renewals may also be done in person at the library.

Course reserves

Course-related materials are designated as reserves on a semester basis. Users may check out the reserve for 24 hours.

Late fines and holds on student records

Most library materials are loaned for 3 weeks. Fines are charged only if materials are returned late. Different loan periods, fines, and fees may apply to materials as below.

Types of items		Student	Student writing Thesis	Alumni	CPU Staff	Faculty	External Users
Books	Item Limit	30	30	30	30	30	30
	Loan Period	3 weeks	3 weeks	3 weeks	3 weeks	3 weeks	3 weeks
	Overdue Fine	Per item 50¢ / day (50¢ / hour for course reserves)					
Periodicals		Non-circulating items					
Course Reserves		Course Reserves must be returned within 24 hours. Overdue fine is charged 50¢ / hour					
CDs, DVDs		30 items, 3 week					

Other learning resources

The CPU Library has reciprocal on-site borrowing agreements with selected libraries - Bethesda University, and World Mission University Libraries. Partnerships with the libraries allow CPU students to borrow physical learning resources free of charge. Present a CPU student ID card that is marked with a valid date and a driver's license (or a passport) at the library's circulation desk to borrow materials. The individual library maintains and applies its own loan policy toward students from related institutions. Therefore, if needed, CPU students should check the details by phone or e-mail before visiting the libraries. Also, the CPU Library has a cooperation agreement with the National Assembly Library (NAT), the Republic of Korea, which makes available to the CPU community a joint system for the purpose of sharing their respective information-knowledge resources, exchange of materials, providing electronic files, and exchange of humans. Users can have the log-in information of the NAT's electronic databases upon request.

Notice Concerning Transferability of Credits and Credentials Earned at Our Institution

The transferability of credits you earn at California Prestige University (CPU) is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree or certificate you earn in the educational programs at CPU is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending CPU to determine if your credit or degree or certificate will transfer.

Mission and Goals

Mission Statement

Our Mission is to equip men and women for missional living by training them to grow in the knowledge and character of Christ, to live a Christ-centered life, and to lead others to do the same, in any setting God places them, whether it is multigenerational, multiracial, or multiethnic. We seek to accomplish this both in the narrow context of the parent denomination, the Korean Presbyterian Church Abroad (KPCA), and the wider context of the global kingdom of God.

Institutional Goals of CPU

In response to the needs of KPCA, CPU primarily provides **theological and spiritual formation education** integrated with ministry skills to students who will serve as pastors in the KPCA; and secondarily prepares servant leaders for the diverse ministries for the global kingdom of God.

1. High Quality Theological Education

CPU's faculty, over 90% of whom have doctoral degrees from outstanding seminaries in the United States, offer high quality theological education where students will gain a proficient

understanding of God and His Word and learn research skills that will equip them to conduct sound research.

2. Dynamic Spiritual Formation Education

CPU's spiritual formation education takes a holistic and integrative approach to lead students to grow deeper in their knowledge of, and love for, God, self, and others, which will be reflected in their Christ-centered life lived out in whatever setting God places them.

3. Global Leadership Education

CPU's leadership education strives to raise up leaders who will have the heart of servants and lead by example, integrating biblical and theological knowledge with professional skills in ministerial and public leadership.

4. Cultural Education Across Disciplines

CPU strives to train students to critically discern the truth wherever it is found (that is, both in special revelation, the Bible, and in general revelation, the general academic disciplines such as humanities, natural sciences, social sciences, arts) and evaluate it from a biblical perspective, integrate with theology, and apply to their life and ministry.

5. Bilingual Education

CPU opened Santa Fe Language & Culture School in January 2014 and provides students and local residents with English and culture education to prepare students for more effective global ministry.

ALL EMPLOYMENT CONTRACTS BETWEEN California Prestige University AND THE FACULTY MEMBER CAN BE DECLARED NULL AND VOID BY THE SCHOOL'S ADMINISTRATION.

California Prestige University SUBSCRIBES TO THE FOLLOWING STATEMENT OF FAITH:

1. The Holy Scriptures of the Old and New Testament are the Word of God, the only inerrant, perfect rule of faith and deed. (Scripture Reference: Ex.3:14, John 4:24, Rev. 19:6)
2. There is only one God, and one shall worship only God alone; God is the spirit, is self-existent omnipresent, and distinguished from all other Gods and the created; God is infinite, eternal and unchangeable in God's being, wisdom, power, holiness, justice, goodness, and love. (Scripture Reference: Gen. 1:1, Exd.3:14, 31:13, Lev. 19:2, Deut. 6:4, John 4:24, I Cor. 8:4)
3. There are three Person in the Godhead; the Father, the Son, and the Holy Spirit; God is the triune God, one in trinity, equal in power and glory. (Scripture Reference: Deut. 6:4, John 1:1-3, 14, Cor. 8:4, Gal. 3:20, I Timothy 2:5)
4. God created all things visible and invisible by the power of God's Word, and preserves and governs them, but God in God's nature causes no sin. God plans and acts according to God's own will and governs all things to fulfill God's purpose which is good, wise, and holy. (Scripture Reference: Gen.1:1, Ex. 4:15, Ps. 104:24, 30, Isa. 43:15, 45:7, 64:8, Mark 10:6, Col. 1:16)

5. God created people, after God's own image in knowledge, righteousness, and holiness with dominion over every living thing. All people of the world are of sole source; that is of same native and brother. (Scripture Reference: Gen. 1:26-27, I Cor. 11:7, Eph. 4:24, Col. 3:10, James 3:9)
6. Our first parents, being left with the freedom to choose between good and evil, through temptation, transgressed the commandment of God. All humankind, descending from Adam by ordinary generation sinned in him and fell with him in his transgressed. The humanity, having the potential to commit a crime, besides the original sin and the corrupted human nature, has intentionally committed sin; so, as we are justly liable to God's just displeasure and punishment in this world and that which is to come. (Scripture Reference: Gen. 6:5, I Kings 8:46, Ps. 51:5, Prov. 20:9, 21:2, Ecc. 7:20, Rom. 14:23)
7. God sent God's eternal, only begotten Son, Jesus Christ to the world to save humanity from sin, the corruption, and the punishment thereof, to give eternal life in God's infinite love; in Jesus Christ God become flesh and through Him can humanity be saved. The eternal Son became true human and possessed two distinctive personhoods in His nature, eternally as true God, and true power of the Holy Spirit, in the womb of the virgin Mary, of her substance, born of her, yet without sin. He obeyed perfectly to God, offered His body, became a true and perfect sacrifice, and satisfied divine justice. To reconciliation between God and humanity, Jesus Christ was crucified on the cross, died, and buried. One the third day, He rose again from the dead. He is sitting on the right hand of God making intercession for His people. From thence He shall come for the resurrection of the dead, and to judge the world. (Scripture Reference: John 3:17, 34, 17:3, 23, 20:21, I John 4:9, 10, 14)
8. The Holy Spirit, being out of God the Father and God the Son, works salvation in people, convicts them of their sin and misery, enlightens their hearts to know Christ, renews their will, exhorts them, empowers to accept Jesus Christ who freely offers humanity the Gospel in grace, and works in us to bear the fruit of God's righteousness. (Scripture Reference: Gen. 2:7, John 16:9-11, Rom. 8:11, I Cor. 12:1-3, Phil. 2:5-11)
9. Before God created the world, God elected in God's love God's own people to make them holy and blameless, predestined and adopted God's children through Jesus Christ according to God's pleasure and will, to the praise of the glory of God's grace bestowed freely in the one God loves. However, the perfect salvation offered freely is to be ordered to all humankind that they may repent of their sins, believe in the Lord Jesus Christ as their Savior, rest upon him and follow him, obey the revealed will of God, be humble and conduct themselves in holiness, to the extent that whoever believes in Christ and is obedient to him shall be saved. The benefits that are accompanied with justification, adoption as God's children, sanctification and glorification are for the believers who are assured with God's salvation and joy in this world. The means of the grace to the call of office by the Holy Spirit are the bible, sacraments, and prayer. (Scripture Reference: 3:7, John 1:16, Rom. 5:2, Eph. 2:8-9, II Timothy 1:9, Tit.2:11)
10. The sacraments instituted by Christ are baptism and holy communion; baptism of washing with water to be administered in the name of God the Father, the Son, and the Holy Spirit, is the sign and seal of joining us in union with Christ, and the promise for our regeneration and renewal by the Holy Spirit and God's possession of us. Baptism shall be served in remembrance of Christ's death, and in the witness of the seal for the benefit derived from Christ's death with which the believers are in union. Holy communion shall be observed by God's people until the day of the Lord's coming and is a sign of a promise of a more faithful service onto the Lord and a sign of communion with the Lord and his people, who believe in him, and rest upon his atonement from which God's benefit flow to us. The benefits of the sacraments are not found in the sacraments themselves or any virtue of one by whom the sacraments are being administered, but only in the blessing by Christ and the working of the Holy Spirit in those who by faith receive the sacraments. (Scripture Reference: Matt. 3:11, John 16:7, Acts 10:44-46, 11:15-16, Gal. 1:4)
11. All believer shall dutifully join in church membership with instruction, have fellowship with one another among the believers, observe the sacraments and other ordinances, obey all the

laws of the Lords, pray always, observe the Lord's Day holy, assemble with believers to worship he Lord and listen attentively to the preaching of the Word of God, render offerings as God provides us abundantly, share with one another the mind of Christ, also share the same mind with all other people, endeavor to promote the expansion of the Kingdom of Christ upon the whole world and wait expectantly for the appearance of the Lord in his glory. (Scripture Reference: Acts 2:44-45, 4:32, Rom. 12:13, Phil. 1:3-5, 4:18, II Cor. 1:11)

12. The dead shall receive the reward according to the good and evil done in this world before the judgment seat of Christ when they will be resurrected in the last day. Those who believe in Christ and are obedient to him shall be truly forgiven and accepted by him in Glory. (Scripture Reference: Matt.: 16:27, 24:29-31, 36, 44, Mark 8:38, John 5:24)
13. Marriage has been ordained by God and is the exclusive covenantal union between a man and a woman in which such union is a lifetime commitment. A civil government's sanction of a union will be recognized as a legitimate marriage by the Church only to the extent that it is consistent with the definition of "marriage" found in these Articles. (Scripture Reference: Gen.1:27, 2: 22-24, 1 Thes. 4, Matt. 19:4-6)
14. Legitimate sexual relations are exercised solely within marriage. Hence, sexual activities outside of marriage (referred to in the New Testament as "porneia" πορνεία) including but not limited to, adultery, premarital sex, homosexuality, and pedophilia are inconsistent with the teachings of the Bible and the Church. Further, lascivious conduct, transgender behavior, and the creation and/or distribution and/or viewing of pornography, are incompatible with the biblical witness. (Scripture Reference: Romans 1:26-27, 12: 1-2, I Cor. 6:9-10, I Timothy 1:9-10)

Title IX at CPU

Title IX of the Education Amendments of 1972 ("Title IX"), 20 U.S.C. §1681 et seq., is a Federal civil rights law that prohibits discrimination based on sex in education programs and activities. All colleges and universities that receive federal funds must comply with Title IX of the Education Amendments of 1972, 20 U.S.C. §§ 1681 et seq. and its implementing regulations, 34 C.F.R. Part 106.

We are committed to maintaining a culture of respect. We prohibit discrimination in any education program or activity that operates. The school adheres to Title IX regulations, providing reasonable accommodations for students due to pregnancy or related conditions, reasonable break time for employees to lactate, and access to a clean, private lactation space for both students and employees. Individuals may report concerns or questions to the Title IX Coordinator. The detail is located at <https://CPU.edu/about/CPU#tip>.

Grievance Procedures for Complaints of Sex Discrimination (§§106.45, §§106.46)
 California Prestige University (aka. CPU) has adopted Title IX grievance procedures that provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in its education program or activity, or by the Title IX Coordinator. These grievance procedures address complaints of sex-based harassment that involve a student party.

Complaints

If you have a complaint regarding sexual harassment, you can submit an oral or written request to the school instead of filing a formal complaint.

The following people have a right to make a complaint of sex-based harassment, requesting that CPU investigate and make a determination about alleged sex-based discrimination under Title IX:

- A student or employee of CPU who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
- A person other than a student or employee of CPU who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at a time when that individual was participating or attempting to participate in CPU's education program or activity
- A parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complaint; or
- CPU's Title IX Coordinator

Basic Requirements of Title IX Grievance Procedures:

- CPU will treat complainants and respondents equitably.
- CPU requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
- CPU presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made.
- CPU established the following timeframes for the major stages of the grievance procedures including evaluation, investigation, determination, and appeal, if any; within Thirty (30) school days of receiving the formal complaint.
- The Title IX officer may grant an extension for good cause on investigations, and the President may grant an extension for good cause in the disciplinary process. In both cases, written notice of an extension must be given to the complainant and respondent, stating the reason for the extension and the new timeline.
- CPU will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures.
- The parties cannot engage in retaliation, including against witnesses.
- CPU will objectively evaluate all evidence that is relevant and not otherwise impermissible including both inculpatory and exculpatory evidence.
- Upon initiation of CPU's Title IX grievance procedures, CPU will notify the parties in writing of the Title IX grievance procedures according to the regulations.

If, in the course of an investigation, CPU decides to investigate additional allegations of sex-based harassment by the respondent toward the complainant that are not included in the written notice or that are included in a consolidated complaint, it will provide written notice of the additional allegations to the parties.

Dismissal of a Complaint

CPU may dismiss a complaint of sex discrimination if:

- CPU is unable to identify the respondent after taking reasonable steps to do so.
- The respondent is not participating in CPU's education program or activity and is not employed by CPU.
- CPU obtains the complainant's voluntary withdrawal in writing of any or all of the allegations.
- CPU determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint, CPU will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, CPU will promptly notify the complainant in writing of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then CPU will notify the parties simultaneously in writing.

CPU will notify the complainant that the dismissal may be appealed and will provide the complainant with an opportunity to appeal the dismissal of a complaint. If the dismissal occurs after the respondent has been notified of the allegations, then CPU will also notify the respondent that the dismissal may be appealed on the same basis.

Investigation

- CPU will provide for adequate, reliable, and impartial investigation of complaints.
- CPU will provide to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all meetings or proceedings with sufficient time for the party to prepare to participate.
- CPU will provide the parties with the same opportunities to be accompanied to any meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney.
- CPU will provide the parties with the same opportunities, if any, to have people other than the advisor of the parties' choice present during any meeting or proceeding.
- CPU will provide an equal opportunity for the parties to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible.
- CPU will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance.
- CPU will provide each party and the party's advisor, if any, with an equal opportunity to access the evidence that is relevant to the allegations of sex-based harassment and not otherwise impermissible.

Questioning the parties and Witnesses

CPU will provide a process that enables the decisionmaker to question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex-based harassment.

The decisionmaker will determine whether a proposed question is relevant and not otherwise impermissible before the question is posed and will explain any decision to exclude a question as not relevant or otherwise impermissible. Questions that are unclear or harassing of the party or witness being questioned will not be permitted.

The decisionmaker may choose to place less or no weight upon statements by a party or witness who refuses to respond to questions deemed relevant and not impermissible. The decisionmaker will not draw an inference about whether sex-based harassment occurred based solely on a party's or witness's refusal to respond to such questions.

Determination

- Use the clear standard of proof to determine whether sex discrimination occurred.
- Notify the parties simultaneously in writing of the determination whether sex-based harassment occurred under Title IX including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal, if applicable.
- CPU will not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the Title IX grievance procedures that the respondent engaged in prohibited sex discrimination.
- If there is a determination that sex discrimination occurred, as appropriate, the Title IX Coordinator will.
 - o Coordinate the provision and implementation of remedies to a complainant and other people CPU identifies as having had equal access to CPU's education program or activity limited or denied by sex discrimination.
 - o Coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions; and
 - o Take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within CPU's education program or activity.

- Comply with the grievance procedures before the imposition of any disciplinary sanctions against a respondent.
- Not discipline a party, witness, or others participating in the Title IX grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.

The determination regarding responsibility becomes final either on the date that CPU provides the parties with the written determination of the result of any appeal, or, if no party appeals, the date on which an appeal would no longer be considered timely.

Appeal of Determinations

CPU offers the appeal process from a dismissal or determination whether sex-based harassment occurred.

In lieu of resolving a complaint through CPU's Title IX grievance procedures, the parties may instead elect to participate in an informal resolution process.

CPU will not offer informal resolution to resolve a complaint when such a process would conflict with Federal, State, or local law.

Supportive Measures

CPU will offer and coordinate supportive measures as appropriate for the complainant and/or respondent to restore or preserve that person's access to the CPU's education program or activity or provide support during CPU's Title IX grievance procedures or during the informal resolution process.

Disciplinary Sanctions and Remedies

Following a determination that sex-based harassment occurred, CPU may impose disciplinary sanctions, which may include suspension or expulsion from the school.

Sex-based harassment includes unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the recipient's education program or activity.

Also, Sex-based harassment includes an employee, agent, or other person authorized by the recipient to provide an aid, benefit, or service under the recipient's education program or activity explicitly or impliedly conditioning the provision of such aid, benefit, or service on a person's participation in unwelcome sexual conduct. When such harassment is based on race, color, national origin, sex, or disability, it violates the civil rights laws that the Office for Civil Rights (OCR) enforces.

Because harassment, including sexual harassment, is prohibited by federal and state laws, CPU strictly forbids harassment of any kind, and will swiftly take appropriate action to address any violations of this policy. Harassment is any verbal (can include verbal taunting including racial and ethnic slurs) or physical conduct designed to threaten, intimidate or coerce.

Students or employees who believe that they are, or have been, subject to any behaviors or conduct that can be classified as gender-based violence, harassment, stalking or any of the broad range of behaviors directed at the victim such as actions that harass, frighten, seriously alarm, threaten, terrorize, torment, and/or force another into the life of the victim, should immediately contact our Title IX Coordinators:

All eligible people have the right to report incidents of sexual violence to school and CPU will respond promptly & effectively to resolve the case. CPU takes Title IX violations very seriously.

We want to ensure school is a safe and engaging place for students to learn and be successful.

A Brief History of the Seminary

In 1974, the YoungNak Presbyterian Church of Los Angeles began the Theological Seminary in Southern California. Because of the growing demand for ministerial leadership to serve the gradually expanding Korean communities throughout the United States, the General Assembly asked that this school broaden its vision as the official school of the Western Presbytery. This broader vision was for a three-year seminary to prepare Koreans and Korean Americans for pioneering their own churches in the States and throughout the world. Among the concerned scholars and ministers who helped develop this vision were Dr. Sung Rak Kim and Rev. Keyong Kim, who both later served as presidents of the institution. Thus, this broader school opened as the Presbyterian School of Theology in Southern California. The first class, with six students, started on the evening of September 19, 1977. The school has since changed its name four times. In 1987, the name became Presbyterian Theological Seminary in Southern California. It became KPCA Presbyterian Theological Seminary in 1989. In 2003, the school was named KPCA College and Theological Seminary. Lastly, in 2009 the changed its name to Presbyterian Theological Seminary in America.

Upon this humble beginning, God blessed the school with further organizational and financial support from the General Assembly of the Korean Presbyterian Church America. later expanded to the world and changed to the name of the General Assembly of the Korean Presbyterian Church Abroad from 2009. To facilitate better management, a Board of Directors was formed. Some twenty plus Korean churches have regularly donated management funds to the school. We are proud of how CPU graduates have been serving to fulfill the Great Commission as pastors, missionaries, evangelists, and teachers in the continents of Asia and the Americas and all around the world.

The Presbyterian Theological Seminary in America was incorporated in 1981. The school was re-incorporated as a non-profit institution and granted non-profit status from the IRS in 1984. The school was again re-incorporated in 1989 as a for-profit corporation. In 1997, the Bureau for Private Postsecondary and Vocational Education (BPPVE) granted the school authorization to grant degrees in California. California Prestige University was licensed from the BPPVE of the State of California under the California Education Code(s) 94900 and 94915. (School No. 1919861). The degrees authorized included Bachelor of Theology and Master of Divinity. In 2000, we were re-incorporated as a non-profit institution. The BPPVE was renamed as the (BPPE) and reauthorized all degrees, plus the ELSP on January 21, 2011.

Presbyterian Theological Seminary in America was approved to issue I-20 Forms in 1999 and re-approved to issue SEVIS I-20 Forms in 2003 and 2013. Our school achieved “applicant status” with the ABHE in 2002. In 2006, Presbyterian Theological Seminary in America was granted “candidate status” with the Commission on Accreditation of the ABHE, and on February 24, 2011. CPU achieved full accreditation from the ABHE.

Under the leadership of Dr. Hee Min Park, the retired pastor of Young Nak Presbyterian Church of Los Angeles, there were 350 graduates. Dr. Hee Min Park was the president of Presbyterian Theological Seminary in America from 1990 to 2001.

Dr. Jung Woon Suh, who was the president of the Presbyterian College and Theological Seminary, became Presbyterian Theological Seminary in America's full-time president in 2002, leading Presbyterian Theological Seminary in America through a challenging transition time to a new Santa Fe Springs facility and under his leadership increasing the number of our graduates to over 440 graduates. Dr. Jung Woon Suh continued Presbyterian Theological Seminary in America's scholarly pursuit to be fully accredited by the ABHE.

In January of 2008, we welcomed the new president, Dr. In Soo Kim. Dr. In Soo Kim came with extensive knowledge and research on the subject of Korean Church/Church History. Under his leadership, KPCA College & Theological Seminary changed its name to Presbyterian Theological Seminary in America and moved into its new Santa Fe Springs facility in April 2009. In January 2012, Dr. Sang Meyng Lee was inaugurated as the current president of school.

PTSA changed its name to California Prestige University (CPU) in Feb.14 2025.

Relation with General Assembly (KPCA)

California Prestige University is one of three schools officially recognized by the General Assembly of the Korean Presbyterian Church Abroad (KPCA). Although the Education Commission of the KPCA provides limited guidance to these three schools, the General Assembly asks local presbyteries to support and guide their local schools. Thus, we are also the official theological school of the following presbyteries: Los Angeles Presbytery, Mid-West Presbytery, Southwestern Presbytery, and Western Presbytery.

Each of the four Presbyteries selects eight members. They are recommended by each presbytery's theological education department and are elected at a presbytery meeting. Also, the last one former chairman of the alumni association is automatically placed on the board. Three more members are recommended by theological education committee of the General Assembly. In addition to the other qualifications, these additional board members are chosen because of their ability to help with the financial support of the school (i.e. by their own financial assets or their ability to assist in fundraising). The current members of the board must vote to approve each new member.

Relation with Other Schools

CPU has reciprocal borrowing agreements with Biola University, Bethesda University, and World Mission University libraries. Partnerships with these schools allow CPU members to access a breath of learning resources.

CPU also has a mutual cooperation's agreement with the National Assembly Library (NAT), the Republic of Korea, which makes available to the CPU community a joint system for the purpose of sharing their respective information-knowledge resources, exchange of materials, providing electronic files, and exchange of humans. Users can have the log-in information of the NAT's electronic databases upon request.

Alumni

During the 46-year history, 1,009 students graduated California Prestige University. Most of them are serving as pastors, missionaries, evangelists, and lay leaders in the world. The organization of the Alumni continues to support California Prestige University and its students.

Faculty

Qualifications for Faculty Membership

California Prestige University seeks faculty who can contribute to its educational and spiritual objectives.

a. basic qualifications

- Authentic regeneration experience and water baptism
- Agreement of the California Prestige University Statement of Faith
- A member of a spiritually church (preferably a church in the KPCA, PCK, or PCUSA denominations)
- Highly respected in character and deed
- Academic excellence
- Able to teach.

b. preferences and additional qualifications

Preference for employment is given to those holding doctoral degrees, are active involvement in local church ministry and ordained in ministry. Faculty must possess the following qualifications:

1. A high level of spiritual development and a theology consistent with the theological positions of California Prestige University. This will be evidenced by an agreement to sign a California Prestige University statement of faith.
2. A high level of academic preparation which is relevant to both the Christian community and also to the secular community. The faculty is required to have a graduate degree from an accredited post-secondary institution. The degree must be in the area in which they desire to teach (although we may occasionally operate on the basis of our accrediting agency's willingness allowing us to let a professor with a masters in one area occasional teach in a different area if he or she has 15 graduate credits in that new area).
3. Demonstrated leadership skills within Christian ministry. This will be evidenced by showing that the potential faculty person has held professional or voluntary ministry positions either in a church or parachurch setting for a period of at least 2 years.
4. An on-going commitment to ministry within the Christian community. This will be evidenced by the applicant's current membership in a local church or participation in a local church setting. (See the details in the Administrative Handbook, and the Faculty Handbook)

Student Life

Student Government

California Prestige University (CPU) operates a student council through nomination and elections by students. This meeting is held regularly once a month, and additional meetings scheduled as needed. The Student Council represents the student body, serving as a voice for students' concerns and interests. It works to promote a positive school environment, organize events and activities, and foster communication between students, teachers, and school administration. The council also plays a key role in planning and coordinating school initiatives, addressing student issues, and enhancing the overall student experience through leadership and service.

To accomplish their duties, the student council is provided with a budget that is generated by a student registration fee as well as additional money provided by the school. This money is kept in a special account that requires the signatures of the student dean and one student council treasurer. At the beginning of the semester, the student council is to propose a budget. Once this budget is approved by the student dean, the student council may request funds. For each request, the student dean will see whether there is adequate money in that budget category. If so, the money will be released to the student council. In return, the student council is to report a receipt for the expense. Typical student council expenses include:

- Social events for the student body
- Special scholarships
- Inviting a special chapel speaker
- Gifts for new students
- Gifts for graduating students
- Honoring and thanking alumni at an annual alumni meeting

The Dean of Student Affairs supervises the student council. The student council is to operate according to the Student Government Bylaws.

Church Attendance and Affiliation

California Prestige University encourages every student to be affiliated with an evangelical church and to participate in the ministry of that local church body through faithful attendance at their weekly service.

All students in the M.Div. and B.A. programs must complete two (2) units' credit in fieldwork/student ministry during their three years of study (M.Div.), or four years of study (B.A.). Students in MAICS must complete one (1) unit credit in fieldwork during their two years of study. Transfer students must begin fieldwork/student ministry the first semester they attend and continue thereafter. The records of fieldwork/student ministry of church service are essential courses for graduation.

Chapel

To reinforce California Prestige University's commitment to the spiritual life of its students, the California Prestige University students and faculties gather every Monday via on-line and on-campus for Korean chapel services in the afternoon from 1:00 p.m. - 1:40 p.m. This is an opportunity for the faculty, staff, and students to share in worship and prayer and to be strengthened by God's Word. Various pastors come and share a message from God's Word.

Students rotate their responsibility in leading the chapel time. The student worship service is provided to students in three languages: Korean, English, and Chinese.

Social Activities

A balanced life includes recreation and opportunities to build friendships. Therefore, a variety of activities are planned by the student government:

Sports Days (once per year):

- Intercollegiate Sports Day (meeting with other Korean schools in Southern California)
- Intercollegiate Thesis Competition (with other Korean schools in Southern California)
- Intercollegiate Preaching Festival (with other Korean schools in Southern California)
- Spiritual Revival worship (twice a year)
- Welcome Parties Honoring New Students (beginning of each semester)
- Graduation Students take turns providing lunches on Mondays through Fridays. All are invited to attend. Additional social activities are provided through student clubs.

Due to the COVID -19 these student activities are not currently provided. Depending on the level of Covid-19, CPU will resume these activities.

Meeting Student Needs

Housing

CPU doesn't have dormitory facilities. And CPU has no responsibility to find or assist a student in finding housing.

For information's sake, the approximate range of the renting house located near the institution's facilities is:

\$600 -\$900 (Home Stay)
\$1,500 -\$2,200 (1 Bed Room apt.)
\$2,300 -\$2,900 (2 Bed Room apt.)
\$3,000 and over (3 Bed Room apt.)

Parking

Because we are blessed with a growing student body and we share our facility with other businesses (tenants), our parking lot is sometimes busy. To ensure enough parking for everyone, please park centered in the parking space provided. Please do not double park, park in the handicap designated areas, in the restaurant area, or in the Industrial Business Center next door to us. Please park in all designated areas. If you park on the side of the street that is a designated fire lane, you will be ticketed and towed. Overnight parking is not allowed.

Student Employment

On-campus opportunities: Various on-campus jobs are available (e.g. maintenance, cleaning, office work, library assistance). To apply for employment, please contact the Dean of Student Affairs.

Off-campus employment: The international student is prohibited from working unless he or she receives authorization from the Dean of Student Affairs and SEVIS Officer.

Local churches and mission organizations occasionally contact us for part-time workers. To inquire about church appointments, please contact the Dean of Student Affairs. It is also very important to get permission from the Dean of Student Affairs. The Dean of Student Affairs will give you permission to work and indicate this approved employment on your I-20. Approved off-campus employment is designated as CPT (Curricular Practical Training), OPT (Optional Practical Training) or OCE (Off-campus Employment). Students are allowed to work up to 20 hours a week when school is in session, and more than 20 hours a week when school is not in session.

We recommend that students do not take on such large workloads and class loads that their spiritual and personal wellbeing is compromised.

Student Clubs

Students are encouraged to form or join official student governments. Such clubs have the right to meet in unused classrooms or other campus space (after receiving approval from the student dean to meet in a particular location and at a particular time) and to promote their clubs by posting flyers on bulletin boards (after receiving approval from the school office).

To apply for official recognition of a student organization, a minimum of three charter members (i.e. students who plan to join) must find a faculty advisor, and submit an Application for Recognition of a Student Government to the Dean of Student Affairs.

Health Insurance

California Prestige University does not provide medical insurance. We therefore ask all students to acquire medical insurance. If you need help contacting an insurance agent, please ask the main office or SEVIS Officer for assistance.

Medical Provisions

If you have a minor accident, a first aid kit is kept in the main office to help you. If you have a more serious medical need that demands immediate attention, the main office will arrange for your transportation to a doctor or hospital. If you have a medical need that does not require immediate attention, please discuss the issue with the Dean of Student Affairs or the main office.

If you need to find a nearby urgent care facility (i.e. a facility that should be quicker and cheaper than a hospital, but not be suitable for major emergencies), you may go to;

Reliant Urgent Care (4.6miles)
11460 Telegraph Rd.
Santa Fe Springs, CA. 90670 1-888-312-6601

Immediate Medical Center (2.3miles)
15330 Valley View Ave.
La Mirada, CA. 90638 1-714-443-0300

Health Pointe La Mirada (1.7miles)
16702 Valley View Ave,
La Mirada, CA 90638 1-714-367-5390

Carbon Health Urgent Care Cerritos (2.7miles)
13299 South St, Cerritos, CA 90703
1-562-865-8750, carbonhealth.com

More serious medical emergencies need to be treated in a hospital emergency room. A nearby hospitals (with emergency room) are as follows:

Tel-Med Whittier Hospital (4.9miles)
9080 Colima Rd.
Whittier, CA. 90605
1-562-945-3561

Norwalk Community Hospital (2.5miles)
13222 Bloomfield Ave
Norwalk, CA 90650
1-562-863-4763

La Palma Intercommunity Hospital (3.5miles)
7901 Walker St.

La Palma, CA 90623
1-714-670-7400

Keep in mind that any American hospital or emergency room has access to translators (e.g. on staff or via a telephone translating service). Also keep in mind that even if you have no insurance and no money, emergency rooms cannot turn away a seriously ill individual. They must treat you until you are out of danger. However, emergency rooms are more expensive than other medical facilities.

Student Conduct

Standards of Conduct

Failure to maintain standards of conduct appropriate to the mission of our school may result in suspension, expulsion, or denial of graduation (even if all academic requirements have been met). Note that a degree from CPU is perceived as a recommendation to a church for a ministry position. Therefore, a student's conduct is as important as his or her academic achievements in earning such a recommendation.

To graduate, students must participate in a local church, must not use illegal drugs, must not be involved in sexual immorality, or must not in other ways bring shame on the name of Jesus Christ. A student struggling with character issues is encouraged to meet with the Dean of Student Affairs. A student who struggles with character issues (e.g. addiction) may still graduate if he or she shows satisfactory progress in dealing with the problems.

Sexual Harassment

It is the policy of California Prestige University to maintain the seminary environment as a Christian community that provides a place for spiritual growth, work, and study, free of all forms of sexual intimidation and exploitation. All students, staff, and faculty should be aware that California Prestige University is prepared to take action to prevent such intimidation and exploitation and that individuals who engage in such behavior are subject to discipline.

Sexual harassment can vary with circumstances, but, generally, it is defined as unwelcome or offensive sexual advances, requests for sexual favors, unwanted or uninvited verbal suggestions or comments of a sexual nature, or objectionable physical contact. None of these reflect a Christian attitude or commitment, and all adversely affect the working or learning environment. Coercive behavior, including suggestions that academic or employment reprisals or rewards will follow the refusal or granting of sexual favors, or conduct that unreasonably interferes with an individual's work or study performance or creates an intimidating, hostile, or offensive work/study environment, constitutes a violation of the seminary's spiritual and/or educational standards, objectives and goals; such misconduct will not be tolerated.

Under the direction of the appropriate administrator, the seminary will fully and effectively investigate any such report and will take whatever corrective action is deemed necessary, including disciplining or discharging any individual who is found to have violated this prohibition against harassment. The reporting student, staff, or faculty will be informed of the action taken. Seminary officials will also take action to protect the reporting student, staff, or faculty, to prevent further harassment or retaliation and, as appropriate, to redress any harm done.

It is the policy of California Prestige University not to tolerate sexual harassment, and appropriate disciplinary action will be taken whenever such harassment is demonstrated. Individuals engaging in such conduct contrary to seminary policy may be personally liable in any claim brought against them.

A student, staff or employee who feels that he or she has been sexually harassed may meet with a person officially designated to receive reports of discrimination, and they will work for resolution in such situations (Please see the CPU SEXUAL HARASSMENT POLICY) within the Student

Handbook for information. In addition, it is advisable that the student, staff or employee contact the City of Santa Fe Springs Police Department to report the form of sexual harassment:

Police Services Center 11576 Telegraph Rd.
Santa Fe Springs, CA 90670-9928
(562) 409-1850 * FAX 409-1854 * TDD 409-1855
Open Monday – Friday 8 a.m. to 8 p.m. Closed Saturday and Sunday

Weapons

Firearms, knives, explosives, or other dangerous objects, including but not limited to any facsimile firearm, knife, or explosive, are prohibited on all campus grounds, except as authorized by law.

Alcohol

Alcoholic beverages are forbidden on campus, except for use in connection with a course of instruction when the instructor has been authorized to use it by the Office/President.

Alcohol and Drug Prohibitions

The unlawful manufacture, distribution, dispensing, possession, or use of alcohol or any controlled substance is prohibited on campus property, during field trips, activities or workshops, and in any facility

Student Discipline

Students are required to maintain standards of behavior that are consistent with the calling to ministry, the teachings of the Bible, and the stated intentions (e.g. mission statement, goals, policies) of CPU. Students who do not maintain such standards will be required to undergo disciplinary procedures to restore and assist the student, which are outlined in the next section.

Disciplinary Procedures

The primary goals of discipline at CPU is restorative (i.e., not punitive) and the physical, emotional, spiritual maturation and protection of the individual and the CPU community.

The first step in student discipline is a meeting with the Dean of Students to make sure the student understands the offence (admonition) and to evaluate the student's attitude. At that meeting, the student dean will provide the student with a written statement concerning the behavior that violates the standards of behavior that are consistent with the calling to ministry, the teachings of the Bible, and the stated intentions (e.g. mission statement, goals, policies of CPU).

The second step is the Dean's conversation with the student to understand the issues concerning the emotional, spiritual maturation and protection of the student and the CPU community.

The Dean of Student affairs will address a plan to assist the student to recover and restore themselves emotionally, physically, and spiritually. If the student does not follow through with the steps or plan of restoration, and there is no evidence of a change of behavior, the process will go forward through the following steps: probation, suspension and expulsion. The choice of an administrative withdrawal prior to expulsion will be determined by the Dean.

At the point that the later three steps begin, a student may appeal his case to a committee of disinterested faculty and students (see Student Rights and Due Process above). A final appeal can be made to the administrative council, which consists of the president and all the deans of CPU.

1. **Probation defined:**

The student dean may impose a probation in which the student is expected to show a development in responsible actions toward CPU and members of the community for a specified period. This may include limitations in or restriction from certain activities or privileges.

2. **Suspension defined:**

In certain circumstances, the student dean may immediately impose a suspension. A suspension may be imposed:

To ensure the safety and well-being of members of the CPU community or preservation of CPU property;

To ensure the student's own physical or emotional safety and well-being; or

If the student poses a credible threat of disruption of or interference with the normal operations of CPU.

During the suspension, the student will be denied access to the CPU campus (including classes) and/or all other CPU activities or privileges for which the student might otherwise be eligible. The student dean will designate a specific length of time which is appropriate for the suspension. The suspension shall extend only until such time as an adjudication can be completed and other sanctions (if any) imposed.

Suspension: The student is involuntarily separated from the school for a specified length of time. Absences from classes and chapels are not excused and academic work that is missed may not be made up. **Administrative Withdrawal:** The student is required to withdraw from the school without the privilege of returning until a time specified by the administrative faculty council.

Expulsion: The student is permanently separated from the school with a notation of the reasons for the termination in his/her file. No refunds are made and the student will suffer the academic consequences of his/her actions.

When students are suspended or expelled for disciplinary reasons, there will be no refund of tuition for the semester and financial support may be canceled.

Student Grievance Policy

Students may submit any grievances that they might have with respect to academic affairs or interpersonal relationships in writing to the Dean of Academic Affairs. Upon receipt of the grievance, the Dean of Academic Affairs will meet with the student. An effort will be made to resolve the grievance. If the grievance is not resolved satisfactorily, the student may appeal the decision to the Academic Affairs Committee. The Dean forwards the grievance to the Academic Affairs Committee for resolution. The decisions of the Academic Affairs Committee are final and are non-appealable.

The following principles and procedures governing dismissal will be used if the reasons for dismissal are due to moral inconsistencies, significant neglect of duties, behavior, attitudes that are not in harmony with CPU's written policies, statements, standards, and ethical practices.

Dismissal of a student before graduation will be preceded by:

1. Discussions between the student and appropriate administrative officers (e.g., Dean of Academic Affairs or Dean of Student Affairs) looking toward a mutual agreement
2. Informal inquiry by appointed faculty committee, which may, failing to effect an adjustment, determine whether in its opinion dismissal proceedings should be undertaken, without its opinion being binding upon the administration
3. A statement of charges framed with reasonable particularity by the Dean of Academic Affairs and submitted to a committee of faculty and administrators (i.e., an ad hoc Grievance Committee consisting of dean of student, academic dean, one student selected by the Dean of Academic Affairs, and one student selected by the student who has a grievance). Pending a final decision by the committee, no overt action relative to the student's activity is to be taken. If a student has a grievance or a challenge to disciplinary or dismissal actions that she/he wishes to pursue through special procedures, he should inform the academic dean. The Dean of Academic Affairs will form the ad hoc Grievance Committee consisting of the Dean of Student Affairs, one student selected by the Dean of Academic Affairs, one student selected by the student with a grievance, and the Dean of Academic Affairs him or herself. The student with a grievance will write a report detailing his grievance and suggesting any desired changes. The committee will have a meeting to discuss the grievance, reasons the school administration has been pursuing its present course and determine any more investigation that is needed. A second meeting will be scheduled which will allow the committee to ask questions of the professor and the administration. Proposals for recourse, change or for dismissing the grievance without recourse or change will then be written and voted on by secret ballot. The Dean of Student Affairs will inform the committee of the vote tally. The vote of the committee will decide the matter unless the Dean of Student Affairs asks the board to review the case (including minutes and vote tally). In case of a tie vote, the Dean of Student Affairs will make the decision. Careful minutes to both meetings should be kept including the results of the vote tally. If any student feels he or she has been injured by a colleague, he should discuss the matter with the Dean of Academic Affairs. If the aggrieved student wishes to pursue the matter further, it will be the function of an appointed committee composed of the Dean of student, Dean of Academic Affairs and one student to examine matters carefully and render a recommendation to the Dean of Student Affairs.

Student Complaints

A student or any member of the public including prospective students may file a complaint about the school with the Bureau for Private Postsecondary Education by calling (888) 370-7589 (toll-free telephone number) or by completing a complaint form, which can be obtained on the bureau's Internet Web site www.bppe.ca.gov If a student has grievances which he or she cannot work out with the school, he or she may call or write to:

Emergency and Campus Crime

Any student in an emergency should call 911. If a student needs assistance, ask the Office of the Dean of Student Affairs. On campus, crime is very scarce. However, students are encouraged to walk in groups and watch one another.

Student's Rights and Due Process

A student who believes that disciplinary procedures are unwarranted or unfair has the right to due process. The sequence of steps starts with a meeting with the Dean of Student Affairs to make sure the student understands the offence and to evaluate the student's attitude. At that meeting, the Dean of Student Affairs will provide the student with a written statement concerning the suspect behavior. If the student does not evidence a change of behavior, the process will go forward through probation, suspension and expulsion. At the point that the later three steps begin, a student may notify the Dean of Administration that he or she wants to appeal his or her case to a committee of disinterested faculty and students (i.e. members of the student government unless they are somehow involved). A final appeal can be made to the administrative faculty council. Concerning discipline and due process, the student has the following rights:

- The student has a right to know the charges against him and to receive them in writing.
- The student has a right to have a hearing consisting of a committee of disinterested faculty (two) and students (preferably two members of the student government) and the Dean of Student Affairs. This committee will make a recommendation to the administrative council, which will make the final decision. The final decision will be signed by the president and a copy will be given to the student.
- The student also has a right to confront his or her accusers (e.g. explain his or her side of the story, cross-examine witnesses, bring his or her own witnesses)
- A student may be represented or assisted (e.g. a character witness's testimony) by anyone he or she chooses
- The student has a right to the minutes of the proceedings and a written copy of the decision.
- The student may appeal this decision by requesting another hearing before the administrative council. The final decision will be signed by the president and a copy will be given to the student.

Confidentiality of Education Records

In compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), California Prestige University will disclose information from a CPU student's education records only with the prior written consent of the student—except that the student's education records may be disclosed without consent to CPU officials having a legitimate educational interest in the records as well as to third parties specifically authorized by FERPA.

Education records are defined as records, files, documents, data and other materials that contain information directly related to a student and are maintained by California Prestige University. All CPU students have the following rights regarding their education records:

1. To have access to their education records.

2. To consent to release a record to a third party.
3. To request nondisclosure of directory information.
4. To seek amendment of information which the student demonstrates is inaccurate.
5. To be notified of their privacy rights.
6. To file complaints with the U.S. Department of Education concerning alleged failures by CPU to comply with FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
Washington, DC 20202-4605

Statement of Compliance

California Prestige University is in full compliance with Title VI and VII of the Civil Rights acts of 1964 and Title IX of the Educational Amendments of 1972. The institution does not discriminate based on race, color, national origin, or sex in any of its policies, practices, or procedures.

Admissions

Admission Procedure

Requirement for Bachelor and Master's degree

Applications for admission are accepted until one week prior to the new academic year. In addition to the application for the appropriate desired program, all applications must be submitted through the Populi Online Application System only. Applicants must complete the Populi application for their desired program and upload the following required documents:

1. Upload a recent I.D. photo with a white background
2. Official certificate of graduation
3. Official transcripts:
4. Bachelor's applicants: Minimum GPA of 2.0 (on a 4.0 scale); high school diploma or GED required.
5. Master's applicants: Minimum GPA of 2.5 (on a 4.0 scale).
 - Statement of Christian faith: Personal faith, calling, and reasons for applying.
 - One letter of recommendation from a pastor, submitted through Populi (entering the pastor's email in Populi will automatically request and collect the letter).
6. For F-1 applicants:
 - Proof of financial ability (e.g., bank statement issued within the last 3 months).
 - Financial affidavit confirming ability to provide sufficient funds in U.S. dollars for tuition, room and board, and a round-trip ticket to the applicant's home country.
7. If unable to self-fund, sponsorship is required from an approved organization, agency, or individual assuming full financial responsibility for the entire cost of the program.GPA requirements for admission to graduate degree programs:

Transferred Credits Policy

A maximum of 75 percent of the units or credit that may be applied toward the award of a bachelor's degree may be derived from a combination of any or both of the following:

1. Units earned at institutions approved by the Bureau, public or private institutions of higher learning accredited by an accrediting association recognized by the U. S. Department of Education, or any institution of higher learning, including foreign institutions, if the institution offering the undergraduate program documents that the institution of higher learning at which the units were earned offers degree programs equivalent to degree programs approved by the Bureau or accredited by an accrediting association recognized by the U.S. Department of Education.
2. Challenge examinations and standardized tests such as the College Level Placement Tests (CLEP) for specific academic disciplines.
3. No more than 20% of semester units (or the equivalent in other units) awarded by another institution may be transferred for credit toward a master's degree.
4. An institution may accept transfer credits only from institutions of higher learning accredited by an accrediting association recognized by the U.S. Department of Education, including approved foreign institutions.

5. However, credits earned from denominational seminaries are fully transferable (100%) toward the respective degree programs.
6. In exceptional cases, admission to bachelor's, master's, or doctoral programs may be granted upon the recommendation of the Program Director and the Office of Admissions, with the approval of the Chief Academic Officer.
7. If an applicant has graduated from a non-accredited institution (bachelor, master, or doctoral degree), admission may be determined through an Admission Committee review. In such cases, probational admission will be granted. The applicant must complete one semester of study (9–12 units) at a lower level than the program applied for. If the student earns a GPA of B+ or higher, the Admission Committee will determine readiness for full admission into the intended program.

For doctoral applicants, the Admission Committee may consider the applicant's professional expertise, scholarly achievements, and ministerial accomplishments when granting probational admission. In such cases, a probational semester at the doctoral level is required, after which the Doctoral Committee will make the final admission decision.

8. Credits earned at unaccredited institutions are not transferable to CPU and will not be applied toward degree requirements.

The Admission Committee consists of the Admissions Officer, the Program Director, and the Chief Academic Officer (CAO).

The following transferable credit does not exceed the standards of the Bureau for Private Postsecondary Education (BPPE), as well as the accrediting agencies ABHE and ATS.

Ability to Benefit

Applicants without a high school diploma or GED are not eligible for admission.

Language Proficiency

Korean proficiency

Since most instruction is conducted in Korean, proficiency is required. A diploma from a Korean-medium high school or university satisfies the requirement. Applicants without such credentials must complete a proficiency interview with the Chief of Academic Officer.

English proficiency (TOEFL Score or English Skills)

English proficiency tests such as TOEFL are not required for admission. Some courses are taught bilingually (Korean/English).

Spiritual Standard

The goal of California Prestige University is to cultivate the spiritual life of each student and to prepare each student for Christian Service. It is required that the applicant (B.A.Th, M.Div, MAICS, Ph.D.C.S, and D.ICS and D.Min) must be a born- again believer, and the application procedure requires a written statement of personal testimony to that effect. It is usually advisable for a student to be baptized at least one year before applying for the graduate program at the California Prestige University.

Readmission

Any student who fails to register for more than 12 months must apply for readmission before returning to California Prestige University. The student who applies for readmission must follow the admission procedures.

International Students

California Prestige University is authorized under federal law to enroll non-immigrant international students by the issuance of SEVIS I-20 Form as certification of eligibility for admission. International students must follow the following procedure:

- Download an application for their degree program.
- Send in an application and all required documents and financial payment.
- Be approved for their degree program.
- Receive an I-20.
- Receive an F-1 visa to attend as a non-immigrant international student.
- Arrive approximately within 30 days of when the semester begins.
(It is mandatory that you make an appointment and visit the Dean of Academic Affairs and SEVIS officer)
- Receive counseling regarding their studies in the United States, and an updated I-20, indicating their registration and attendance.
- Update any information changes:
New address
Spouse or children information new child
Legal employment needs
CPT, OPT, or OCE
Change of employment
Unemployment Marital status
Traveling in and out of the U.S.A.
Transferring out of CPU
Change of status

CPU is authorized by the U.S. Government to issue the I-20 form for visas from foreign countries. Once the international applicant is accepted, CPU will send various documents including the I-20 form. The new student, including transfer student is required to pay \$250.00 of I-20 initial processing fee before CPU processes I-20.

International students must enroll as full-time students, meaning that an undergraduate student must take at least 12 units per semester and Master student 9 units, Ph.D.C.S./D.ICS/D.MIN/DCP student 8 units, and ELSP student 5 classes (20 hours per week).

Those who have an E Visa, R visa and H visa, and their spouses are allowed to study at CPU. Students studying under an E, R and H visa must carefully watch when their nonimmigrant visas expire and allow 3-4 months for a change of status application to process, and final decision rendered.

CPU will not assist students and their spouses who want to study and need to change their status to F-1. Students and spouses must utilize the services of an attorney to change their status. Students must recognize that the application of a change of status does not guarantee approval of the change of status. CPU is not responsible for SEVIS's final decision.

CPU reserves the right to suspend or terminate any student whose attendance, academic or financial standing, or personal behavior is not corrected and does not comply with established standards and regulations. Students who have been suspended or terminated can be reinstated only upon approval of the Dean of Academic Affairs or ELSP director and SEVIS Officer.

Please direct other questions relating to international students to the SEVIS officer.

Non-discriminatory Policy

CPU seeks a diverse student body. Everyone has equal opportunity and access to CPU's educational programs and activities. The school does not discriminate based on race, color, age, sex, physical condition, or national origin. Non-discriminatory policies apply to the admissions policy, educational programs, employment, and all other activities that CPU provides. CPU complies with the provisions of Title VI of the Civil Rights Acts of 1964, Title IX of the Education Amendment of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975.

Payment Policy

Tuition is expected to be paid in full either at the time of registration or before the end of the first week of classes. Those students who are unable to pay the tuition may ask to be considered for the deferred payment plan.

A student is not considered registered and cannot continue to attend classes until he either has paid all educational costs or has been approved for the deferred payment plan.

If students don't pay whole or partial tuition by the end of the first week after school starts, they can't take a class.

Deferred Payment Plan

A student may elect an optional up to three (3) payments plan. Please note that a special handling fee of \$10.00 per time will be required for this plan.

One-third of the tuition plus a special handling fee is due on the last day of registration. A second one-third payment is due during the fourth week. The final payment is due during the eighth week. When students want to use a deferred payment plan, they should pay by cash, check or wire transfer with any wire transfer fees.

Late charge fees:

\$50.00 will be charged to the student who fails to make a payment after every scheduled payment due. Another \$50.00 per month will be charged to the student who fails to make a payment after

the final due date. For example, if a student made the first payment at the spring registration but failed to make the second payment at the fourth week and the third payment during the spring semester, the student paying for the fall registration will be responsible for \$50.00 late fee for each missing payment during the spring semester, then \$50.00 for each month they failed to make the final payment after the spring semester ended. Therefore, they could owe: \$100.00 (March and April), \$50.00 for each month (May, June, and July), and therefore owe: \$250.00.

Cancellation, Drop, and Withdrawal Policy:

Student's Right to Cancel

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later. Thereafter, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled hours in the current payment period in your program through the last day of attendance.

To cancel the enrollment agreement or withdraw from the institution, a written notice of cancellation, drop, or withdrawal must be submitted to the Office of the Registrar:

Main Office, 15605 Carmenita Rd., Santa Fe Springs, CA. 90670

Student Tuition Recovery Fund (STRF)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, California, 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered

by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Refund of Tuition

The student has a right to a refund of tuition. Fees are not refundable. Any refunds will be made as soon as possible but no later than 45 days from the determination of withdrawal date. Students receiving Federal Financial Aid are subject to the return calculation first.

The date when the registrar receives the official Add/Drop form determines the date of withdrawal. Failure to attend class is not withdrawal. Refund schedule for dropping courses; Fall/Spring Semester

- 100% refund until attendance at the first-class session, or the seventh day after enrollment, whichever is later. The course is completely taken off the student's transcript, with no record of ever registering for the course.
- Thereafter, pro-rated refund if completed 60 percent or less of the scheduled hours. A student needs to acquire the signature of the Academic Dean in order to withdraw from a course. When a student withdraws from a course, the student will receive a "W" on their transcript.

Summer Session or intensive class

- 100% refund before afternoon class on the first day. The course is completely taken off the student's transcript, with no record of ever registering for the course.
- Thereafter, pro-rated refund if completed 60 percent or less of the scheduled hours. A student needs to acquire the signature of the Academic Dean to withdraw from a course. When a student withdraws from a course, the student will receive a "W" on their transcript.

(Example) if a student withdraws a course after 18 hours out of 45 hours (3 credits x 15 weeks) and its tuition is \$840, the refund will be: $\$840 - \$840 \times 18/45$ credit hours = \$504.

When a student withdraws from CPU, he shall be deemed to have withdrawn when following occurs:

- The student notifies the Registrar of his intent to withdraw.
- CPU terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulation of the institution; and/or failure to meet financial obligations.
- The student has failed to attend all classes for three consecutive weeks and failed to inform the school that he is not withdrawing.
- The student fails to return from a leave of absence.

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund more than the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student. If the student has received Federal Student Financial Aid funds, the student is entitled to a refund of monies not paid from Federal Student Financial Aid program funds.

OSAR Statement

The Office of Student Assistance and Relief is available to support prospective students, current students, or past students of private postsecondary educational institutions in making informed decisions, understanding their rights, and navigating available services and relief options. The office may be reached by calling (888) 370-7589, option #5 or by visiting osar.bpp.ca.gov.

Scholarship

Every semester, California Prestige University awards scholarships to worthy, qualified students. The total scholarship amount cannot exceed the student's total amount of tuition. The recipients will receive the credit for the amount of the scholarship toward their tuition (Detailed information on scholarship aid is available at the main office, or from the Dean of Student Affairs).

Scholarship Committee

The Scholarship Committee has the task of screening the awarding of scholarships. The Dean of Student Development is the Chairperson for the scholarship committee. The Dean of Student Development is responsible for the overall coordination and direction of the scholarship program. It is organized by these officials as follows: the President, the Dean of Academic Affairs, the Dean of Student Development, the Dean of Planning and External Cooperation, the treasurer, and the Financial Aid Officer.

All scholarships are awarded based on the individual's acceptance as a full-time student at the CPU. In the case that several selected students happen to have the same GPA, the scholarship will be based on the total score and the attendance rate for the chapel of the previous semester. Most scholarships are awarded once per semester only. The student must reapply each academic semester and indicate a desire to maintain the scholarship. However, in the cases in which the selected recipient happens to be graduating, then he or she will not be eligible to receive it, because scholarships are not paid in cash but in tuition fees. The CPU offers scholarships for spouses/family members, pastors/missionaries, pastor's/missionaries' sons or daughters, and family members of the faculty and the staff (please see tuition and fees). CPU also offers several limited scholarships to students based on need. Students who have been selected to receive multiple scholarships could only be awarded a scholarship complies with the decision of the

Scholarship Committee. Many types of scholarships are available for students: (please see the Scholarship Chart for the details at our website: www.CPU.edu)

Academic Achievement Scholarship: Students in each program with the highest-grade point average (GPA) from the previous semester will each receive a scholarship for their next semester. (One student will be selected from each program with a minimum of 15 full-time enrolled students and two students will be selected from each program with a minimum of 20 full-time enrolled students). If a student's GPA is not higher than 3.0 or the requirement of Chapel attendance is not met, then the student is not eligible.

Financial Need Scholarship: Students who have financial needs are invited to obtain an application from the school office. They are to complete the application and submit it to the Student Dean. The Scholarship Committee will consider the applications for the following academic semester.

Designated Scholarship: A church or organization may choose a student to support, or they may provide a scholarship for a particular type of student which will be announced when available. Students should see the Director of Bachelor Programs to apply for a designated scholarship.

Ministry Scholarship: provides tuition discounts to support the educational endeavors of families and staff members within our community. This includes:

Tuition for the spouse/family member	15% off of tuition
Tuition for the family member of Full-time Faculty / staff:	100% off of tuition
Tuition for pastor and his/her spouse or children*	15% off of tuition
Tuition for missionary and his/her spouse or children*	30% off of tuition

* A pastor should submit the recent Certificate or Verification letter from the General Assembly.

* Every semester, a missionary should submit the most recent (within 3 months) verification letter issued by the general assembly (or church) and register at least 2 courses (over 6 units).

* Children of pastors or missionaries means children whose age are under 21-year-old.

* If the CPU Alumni apply for the other courses, we waive application & admission fee (\$200.00).

Scholarship for Bachelor Students from A & E Christian Foundation

The Scholarship Committee for Bachelor students have the task of screening the awarding for scholarships. It is organized by these officials as follows: the Director of Undergraduate Programs, the administrative officer of Undergraduate Programs, and the 4-5 selected professors who have taught regularly the bachelor students. All scholarships are awarded based on the individual's acceptance as a student at the CPU who takes at least 3 classes. In the case that several selected students happen to have the same GPA, the scholarship will be based on the cumulative GPA. The student must reapply each academic semester and indicate a desire to maintain the scholarship. However, in the cases in which the selected recipient happens to be graduating, then he or she will not be eligible to receive it. The Bachelor Programs offer scholarships for students who are in need, and those who are designated by external sponsors.

Academic Achievement Scholarship: Students in the Bachelor Programs with the highest-grade point average (GPA) from the previous semester will each receive a scholarship for their next semester. The two who have the highest GPA will receive \$1,000.

Each student needs to apply for a scholarship application to receive the scholarship. If two or more students have the same GPA, one who has taken more classes will be eligible for the scholarship. If the number of classes taken is the same, the committee will discuss and decide. If

he or she receives their tuition through FSA will be paid in cash, check or PayPal for book purchase, housing fee, study support and so forth.

Financial Need Scholarship: Students who have financial needs are invited to obtain an application from the office of the Bachelor Programs office. They are to complete the application and submit it to the Director of the Bachelor Programs before beginning each semester. The committee looks at the applications submitted and selects some students who are in need financially and will take three or more classes the following semester. The amount of the scholarship is determined by the committee.

New Student Scholarship: Students entering (transferring) to the Undergraduate Programs and taking three or more classes will receive a scholarship equivalent to one class (excluding students completing the FSA)

Designated Scholarship: A church or organization may choose a student to support, or they may provide a scholarship for a particular type of student which will be announced when available. Students should see the Director of Bachelor Programs to apply for a designated scholarship.

Financial Aid (TITLE IV)

Federal Student Aid (FSA) is available for eligible students. We are committed to helping students apply and receive FSA based on their eligibility.

CPU offers the Federal Pell Grant, Federal Supplemental Education Opportunities Grant (FSEOG), Federal Work Study (FWS), and Federal student loan program.

Federal Pell Grant is a form of need-based federal financial aid that typically does not have to be repaid, which makes it highly desirable. It is awarded by the U.S. Department of Education to help eligible low-income students pay for college costs, including tuition, fees, room and board, and other educational expenses.

Federal Supplemental Education Opportunities Grant (FSEOG) program provides need-based grants to help low-income undergraduate students. The students with "exceptional need" (those with the lowest Expected Family Contributions, or EFCs) have priority.

Federal Work Study (FWS) provides part-time jobs for students with financial need, allowing them to earn money to help pay education expenses.

The Federal student loan program is the William D. Ford Federal Direct Loan (Direct Loan) Program. Under this program, the U.S. Department of Education is your lender.

Students may borrow up to the amount of the student's cost of attendance less other expected financial assistance (not to exceed annual loan limits).

Funds received from either of the loan programs are subject to repayment from the student. Before a loan document is submitted to the USDE, students must be fully aware of the financial responsibilities under these loan programs, the rights that the student has under the individual loan program conditions, and the consequences of failing to meet the repayment obligations.

- Direct Subsidized Loans (Interest earned while in school and during grace period is covered by the USDE) are loans made to eligible undergraduate students who demonstrate financial need to help cover the costs of higher education at a college or career school.

- Direct Unsubsidized Loans (Interest earned while in school and during grace period may be delayed until the repayment period and will be added to the loan balance) are loans made to eligible undergraduate, graduate, and professional students, but eligibility is not based on financial need.
- Direct PLUS Loans are loans made to graduate or professional students and parents of dependent undergraduate students to help pay for education expenses not covered by other financial aid. Eligibility is not based on financial need, but a credit check is required. Borrowers who have an adverse credit history must meet additional requirements to qualify.

STUDENTS ARE ENCOURAGED TO KEEP THEIR LOAN DEBT AS LOW AS POSSIBLE. THESE LOANS ARE AGGRESSIVELY COLLECTED BY THE USDE AND ITS CONTRACTORS. INTEREST LIABILITY ON LATE PAYMENTS IS VERY EXPENSIVE. LACK OF PAYMENT IS A VERY DAMAGING TO UNITS HISTORY AND FUTURE BORROWING POWER.

Eligibility Requirements

You must:

- demonstrate financial need.
- be a U.S. citizen or an eligible noncitizen.
- have a valid Social Security number (with the exception of students from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau);
- Your registration status with Selective Service no longer affects your eligibility to receive federal student aid. For general information about registering, call Selective Service toll-free at 1-888-655-1825 or visit sss.gov
- be enrolled or accepted for enrollment as a regular student in an eligible degree or **certificate** program.
- maintain satisfactory academic progress and attendance
- provide consent and approval to have your federal tax information transferred directly into your 2025–26 Free Application for Federal Student Aid (FAFSA®) form, if you're applying for aid for July 1, 2025, to June 30, 2026
- On the 2024–25 FAFSA form, a contributor refers to anyone (you, your spouse, your biological or adoptive parent, or your parent's spouse) who's required to provide information on the FAFSA form. If a required contributor doesn't provide consent and approval to have their federal tax information transferred into your FAFSA form, you won't be eligible for federal student aid—even if they manually enter tax information into the FAFSA form.
- sign the certification statement on the **Free Application for Federal Student Aid (FAFSA)** stating that
- you are not in default on a federal student loan and do not owe money on a federal student grant and
- you will use federal student aid only for educational purposes; and
- show you're qualified to obtain a college or career school education by
- having a high school diploma or a recognized equivalent such as a General Educational Development (GED) certificate.
- completing a high school education in a homeschool setting approved under state law (or—if state law does not require a homeschooled student to obtain a completion credential—completing a high school education in a homeschool setting that qualifies as an exemption from compulsory attendance requirements under state law); or

To apply for Title IV aid, a student must submit a Free Application for Federal Student Financial Aid (FAFSA). This is required for all students who wish to receive FSA. Through an established

formula a student's need is calculated based on an analysis of household and financial information from the FAFSA.

Federal Deadline

FAFSA applications must be received by June 30 in the year for which the application is intended for. The earlier you file, the more grant money you are likely to receive. You should start applying as soon as the FAFSA for that year opens.

Applying for Financial Aid

Financial aid is funding that will help you and your family meet college expenses such as tuition, fees, books, supplies, etc. The basic sources of aid are grants, scholarships, and employment. You and your parents (if you are dependent) are still considered the primary source of funding for these costs. Financial aid is intended to fill the gaps where you and your parents might fall short in paying for your education.

Follow these three steps to apply for financial aid:

1. Submit the FAFSA.
 - All students who wish to be considered for federal and state financial aid must complete a FAFSA (Free Application for Federal Student Aid). The FAFSA or Renewal FAFSA should be completed <https://studentaid.gov>.
 - Students whose FAFSAs are received by the priority filing date are given first consideration for some federal financial aid programs that have limited funds.
 - CPU's school code for the FAFSA is 041228.
 - Retain the printout of your confirmation page after submitting your FAFSA online. This is your proof that you applied. Save to your computer a copy of the FAFSA submitted online or retain a copy of the paper FAFSA or Renewal FAFSA for your file.
2. Check your email.
 - Within approximately two weeks after submitting your FAFSA online you should receive a SAR (Student Aid Report) indicating that your FAFSA has been processed and sent to the institutions you designated. Check the SAR for accuracy, and make sure that CPU is listed as the school you plan to attend.
3. Submit all requested documents.
 - Upon receipt of your electronic FAFSA data from the federal processing center, we will mail you a letter requesting documents needed to complete your file. SUBMIT all requested documentation promptly. You may be asked to submit copies of tax transcripts or other documentation to complete your financial aid application. Respond promptly to these requests (and any follow-up requests) to assure timely processing of your application. Please check your e-mail often to see if there is any other correspondence from the Financial Aid Office. The Financial Aid Office uses the PRIMARY email address registered with Admissions.
 - To stay compliant with federal regulations, the financial aid office must determine if your high school credential is valid. You must also submit all previously attended college transcripts to be a fully admitted student, whether or not you plan on transferring any of the credits to your new degree/diploma at CPU.
 - Once documentation is received by the financial aid office, it takes approximately 2-3 weeks to process. Please plan accordingly.
 - The Financial Aid office is available to assist students with the application.

Award Notifications: Financial aid award packages are e-mailed to those students whose files are complete by the priority date.

Award conditions and responsibilities: Be sure to read the emails for conditions attached to your award. Every student must keep minimum requirements for attendance and grades (above GPA 2.0).

Financial aid disbursement: Financial aid is awarded by the Financial Aid Office but is disbursed by the CPU Business Office. If you have financial aid that amounts to more than your tuition/fees, the balance will be given to you by a check. Financial Aid awards made for the academic year are usually disbursed in two installments; one each semester, assuming you are registered for the number of hours on which your financial aid award was based.

If you have any questions, please stop by the campus office or call at 562-926-1023(Ext. 302) or e-mail us at Fsa@CPU.edu.

Reapplying for Financial Aid

You must apply for federal student aid for every school year that you attend.

To reapply, you should submit a Free Application for Federal Student Aid (FAFSA). If you submitted a FAFSA previous year and you are eligible to complete a Renewal FAFSA, you may choose to have most of the questions pre-filled with the information you provided. Simply updating the information for the new school year on a Renewal FAFSA may be faster. However, the Renewal FAFSA is available solely for your convenience. If you prefer to start fresh with a new FAFSA, you are free to do so.

To reapply, click Login on the home page to log in to FAFSA on the Web, and then click FAFSA Renewal

- Please note the amount of Federal Pell Grant funds ***you may receive over your lifetime is limited by federal law to be the equivalent of six years of Pell Grant funding.*** Since the maximum amount of Pell Grant funding that a student can receive each year is equal to 100%, the six-year equivalent is 600%.
- Percent used: To determine how much of the maximum six years (600%) of Pell Grant you have used each year, the U.S. Department of Education (ED) compares the actual amount you received for the award year with your scheduled award amount for that award year. Of course, if you receive the full amount of your scheduled award, you will have used 100%. It's possible that you might not receive your entire scheduled award for an award year. There are several reasons for this, the most common of which are that you are not enrolled for the full year or that you are not enrolled full-time, or both.
- If you did not receive the full amount of your scheduled award, we calculate the percentage of the scheduled award that you did receive. For example, if your scheduled award for an award year is \$5,000, but because you were enrolled for only one semester you received only \$2,500, you would have received 50% of the scheduled award for that award year. Or if you received only \$3,750 for the award year because you were enrolled three-quarter-time and not full-time, you would have received 75% for that year.

The following site provides more guidance when filing applications <https://studentaid.gov>

Financial Aid Application Guidance

The Financial Aid Office at CPU is here to assist students with completing their financial aid package. Our hours for drop-in are:

Monday – Friday 9am-5pm (hours are subject to change.)

Starting with the 2025-2026 school year, students and families will see a different measure of how their financial aid eligibility is calculated.

The Student Aid Index (SAI) is a new formula that takes into account some new factors:

- Removes the number of family members in college from the calculation
- Allows a negative SAI which increases likelihood of more Federal/State funding
- Overhauls the criteria for Federal Pell Grant eligibility so that more students may qualify for it

*Beginning with the 2025-2026 school year, students completing the Free Application for Federal Student Aid (FAFSA) form will no longer be directed to the IRS to get tax records for income verification.

*You won't be able to access the FAFSA® form without a StudentAid.gov account.

*Beginning with the 2025–26 FAFSA® form, each of your contributors (if you have any) will be able to create a StudentAid.gov account even if they don't have an SSN.

*Anyone who provides information on your FAFSA® form will be considered a contributor.

*Being identified as a contributor on the FAFSA® form won't make your family member responsible for paying for your education costs.

*You must provide consent and approval to be eligible for federal student aid.

*The formula used to determine your financial aid eligibility is changing.

*The Student Aid Report is now the FAFSA Submission Summary.

If your financial situation has changed due to unemployment or death of a family member, please contact the Financial Aid office for instructions.

Students often ask why they are required to provide parent information if the student lives on his/her own. Federal regulations require students to provide parent information unless they meet any of the following criteria.

- They are at least 24 years of age
- They have children whom they financially support more than 50%
- They are a member of the Military or Veteran
- They are married
- They are documented homeless
- They were a Ward of the Court, Foster Child, in a Legal Guardianship or Legally Emancipated Minor before the age of 18
- They are an orphan

If you have a special situation that may justify a dependency override, please schedule an appointment with the Director of Financial Aid, Sunny Kim.

Professional Judgement Policy & Procedures

The Free Application for Federal Student Aid (FAFSA) does not provide families with a place to explain special circumstances affecting their ability to pay for the student's education. To remedy this, Congress, through The Higher Education Act (HEA) of 1992, delegated to school's financial aid administrators to make professional judgment decisions when there are special or unusual family or student circumstances that may call for adjustments in determining a student's

eligibility for financial aid. Circumstances requiring professional judgment will be analyzed on a case-by-case basis and will be documented.

Professional judgment refers to the authority of a school's financial aid administrator to adjust the data elements on the FAFSA.

The Director for Financial Aid may exercise professional judgment and change elements in the federal need analysis to account for circumstances that he/she feels have not been adequately considered in the original FAFSA. The Director for Financial Aid has the final authority in making professional judgment decisions. There is no appeal. By law, neither the school's president nor the U.S. Department of Education can override the financial aid administrator's decision. (Higher Education Act of 1965, Sections 479A and 480(d) (7).

The FAFSA Simplification ACT distinguishes between different categories of professional judgement by amending section 479A of the HEA.

- Special Circumstances
- Unusual Circumstances

A student may have both a special circumstance and an unusual circumstance. Financial aid administrators (FAAs) may make adjustments that are appropriate to each student's situation with appropriate documentation.

Circumstances that may warrant a professional judgment decision include, but are not limited to the following:

- Parent's death or divorce for dependent students; death of or divorce from spouse of independent students.
- Significant loss of income/loss of employment
- Loss of untaxed income/benefits (e.g. disability, child support, or other benefits)
- Excessive medical expenses (not covered by insurance)
- One-time taxable income used for life changing event (e.g. IRA, pension distribution)
- Other special circumstances not listed

Circumstances that are NOT considered extenuating include, but are not limited to:

- Standard living expenses (e.g. utilities, credit card payments, children's allowances, etc.)
- Mortgage payments
- Car payments
- Credit card or other personal debts
- Vacation expenses
- All other discretionary expenses

Requesting a Professional Judgment Review:

Student should submit the signed Professional Judgement form, along with all supporting documents establishing the special circumstances for which an adjustment is sought, to Financial Aid.

After receiving a professional judgment request, the Financial Aid Office will first examine the request to determine whether the requested adjustment, if granted, will impact a student's financial aid package before going through the formal professional judgment decision process.

Verification

Verification is the confirmation through documentation that the information provided on a student's Free Application for Federal Student Aid (FAFSA) is correct. The federal government requires colleges and universities to verify or confirm the data reported by students and their parent(s) on the FAFSA. Federal regulations 34 C.F.R Part 668, subpart E, dated March 14, 1986 April 29, 1994, November 29, 1994 – executing legislation 20 U.S.C. 1094 governing the Title IV

programs require schools to be sure of certain applicant-reported data. The verification process ensures that eligible students receive all the financial aid to which they are entitled and prevents ineligible students from receiving financial aid to which they are not entitled. The school requires that these policies are made available to all applicants for financial aid, as well as prospective students upon request.

This procedure is part of the Admissions process. To follow the regulation and achieve consistency governing this process, the following verification policies apply to all applicants for Title IV programs. Under the regulations, the school may not disburse PELL grants until completion of verification.

California Prestige University shall verify 100% of those students selected by the CPS system for verification.

Verification Exclusions

A selected application may be exempt from some or all of the verification requirements due to certain unusual circumstances. Except in the case of the student's death, however, none of these verification exclusions excuses the school from the requirement to resolve conflicting information.

1. Incarceration. A selected application does not have to be verified if the student is in jail or prison at the time of verification.
2. Recent immigrant. A selected application does not have to be verified if the student is an immigrant who arrived in the United States in a certain year.
3. Spouse unavailable. A school isn't required to verify spouse information (or to obtain the appropriate signature for verification purposes) if any of the following conditions apply:
 - The spouse is deceased or mentally or physically incapacitated.
 - The spouse is residing in a country other than the United States and cannot be contacted by normal means.
 - The spouse can't be located because his or her address is unknown, and the student cannot obtain it.

Applicant verified by another school

If the student completed verification for the current award year at another school before transferring, all the following documents must be provided by letter from that school in order to document a student's eligibility for verification exclusion. The letter must include:

- a statement that the student's application data have been verified,
- the transaction number of the verified application, and
- if relevant, the reasons why the school was not required to recalculate the student's EFC (for example, the application errors may have been within the allowable tolerance).

Required Verification Documents: Examine the data items listed in 34 C.F.R 668.56. Different data items apply to different applicants depending upon student dependency status and the Title IV programs used. Data items include:

- household size
- number enrolled in college
- adjusted gross income (AGI)
- U.S. income tax paid, and
- certain untaxed income and benefits

Time Period for Providing Documentation

It is a federal regulation that our institution receives the required verification documents no later than 90 days after their last date of enrollment for the award year. Financial aid cannot be awarded after a term for which you are enrolled has ended.

If the student cannot provide all required documentation, the school cannot complete the verification process. The school must then advise applicants that they are not eligible for financial aid funds.

Applicant Responsibilities

To be eligible to receive Title IV funds, we require applicants to provide requested information during the time-period(s) specified in these policies.

If a student's FAFSA is selected for verification after already receiving an award and the student fails to complete the verification, financial aid will be retracted, and the student will be billed.

The Financial Aid Office will compare all required documents to your information from the FAFSA. If necessary, corrections will be made. If corrections to a student's FAFSA result in a change in the amount of financial aid that was initially awarded, our office will generate a revised financial aid award.

Applicants must certify that the following items are correct as listed on the original application; or, if not correct, must update the information as of the date verification:

- Number of family members in the household
- Number of family members in the household enrolled as full-time or part-time students at postsecondary institutions
- Change in dependency status
- Federal PELL Grant applicants whose dependency status changes during the Award Year must file a correction application.
- This process does not apply if the change occurs due to marriage.
- Campus-based applicants whose dependency status changes during the Award Year must have their FC re-calculated. This process does not apply if the change occurs due to marriage.
- The applicant must repay any extra award amount, or any award discovered during verification for which he/she was not eligible.

Referral Procedure

The school shall forward it to the Secretary of Education for referral on fraud cases.
Disbursement Information

All Grant funds will be posted to your account for use against tuition and book charges. All awards are based on your continued progress in your program of study. Aid will be suspended for lack of satisfactory academic progress.

After you are notified by email that you have an estimated award offer, you must access your Campus Ivy account and accept or decline each financial aid award item with your e-signature.

If you do not accept any aid, funds will not be disbursed unless aid is accepted. If aid is not accepted within 30 days of the offer, your award may be canceled.

WARNING: YOU MUST ATTEND ALL OF YOUR CLASSES TO BE ELIGIBLE FOR FUNDS FROM FEDERAL GRANTS! YOU MUST DROP YOUR CLASSES PRIOR TO THE FIRST DAY OF CLASS IF YOU CHOOSE NOT TO ATTEND OR YOU WILL BE RESPONSIBLE FOR PAYING TUITION.

Tuition for Bachelor Program is \$280.00 per credit hour for 2024-2025. To estimate the balance left for books, supplies, transportation, please subtract your expected tuition cost from your total award per semester.

Pell grants are broken down into 4 categories based on your enrollment per semester. *Some students enrolled in less than 12 credit hours may be ineligible for the Pell Grant.

Less than half time (1-5 hours) 25%

Half time (6-8 hours) 50%

Three quarter time (9-11 hours) 75%

Full time (12+ hours) 100%

SATISFACTORY ACADEMIC PROGRESS POLICY FOR FINANCIAL AID STUDENTS

One of the requirements of eligibility for Federal Student Financial Aid is a student must maintain Satisfactory Academic Progress (SAP) and be in good academic standing. At the end of each semester, CPU will measure the student's performance according to the Satisfactory Academic Progress Policy. All attempted coursework is included in calculations involving Satisfactory Academic Progress for financial aid eligibility. Those who fail to make satisfactory progress will be given one semester of financial aid warning for Federal Student Financial Aid.

1. Financial aid warning

CPU will notify students in writing for failing to make satisfactory academic progress and place the students on financial aid warning at the end of each semester. Warning status lasts only one semester, during which the student may continue to receive Federal Student Financial Aid. Students who fail to make satisfactory progress after the warning period lose their aid eligibility unless they successfully appeal and are placed on probation.

2. Financial Aid Appeal

When a student loses Federal Student Financial Aid eligibility because he failed to make satisfactory progress, he may appeal that result on the basis of, his injury or illness, the death of a relative or other special circumstance. His appeal must explain why he failed to make satisfactory progress and what has changed in his situation that will allow him to make satisfactory progress at the next evaluation.

SAP appeals must be submitted by the first Friday of classes of each semester.

Per Federal financial aid regulations, appeals are not automatically accepted and may be denied based on failure to maintain Satisfactory Academic Progress standards set forth at the CPU.

SAP appeals will be reviewed by the Academic Committee and will be notified by e-mail if the appeal is accepted or denied.

Up to three appeals may be accepted.

If the student is meeting the requirements of the academic plan, the student is eligible to receive Title IV aid as long as the student continues to meet those requirements and is reviewed according to the requirements specified in the plan.

3. Financial Aid Probation

If based on the appeal CPU determines that the student should be able to meet the SAP standards by the end of subsequent semester, students will be placed on financial aid satisfactory progress probation.

Students are eligible for financial aid while on probation and this probation status lasts only one semester.

If SAP probationary requirements are not met within the probation term, the student will again become ineligible for financial aid and may need to file another SAP appeal.

If based on the appeal CPU determines that the student will require more than one semester to meet progress standards, CPU may place him on probation and develop an academic plan for him. CPU will review the student's progress at the end of each semester as is required of a student on probation status, to determine if the student is meeting the requirements of the academic plan. If

the student is meeting the requirements of the academic plan, the student is eligible to receive Title IV aid as long as the student continues to meet those requirements and is reviewed according to the requirements specified in the plan.

4. Regaining Eligibility

Students who are not meeting SAP requirements for GPA or pace may regain eligibility on their own without submitting an appeal by attending and achieving overall SAP requirements without the assistance of federal financial aid. Students who are not meeting SAP requirements are checked each semester and are made eligible for federal aid if they are now meeting overall SAP requirements.

The same process applies to students who have submitted a SAP appeal that has been denied, they can attend without the use of federal financial aid. Students who have been denied a SAP appeal can re-appeal after one semester without federal aid. These students are monitored each semester and are made eligible for federal aid if they are now meeting overall SAP requirements.

Federal Title IV Refunds Policy

When a student who receives Federal Student Aid funds withdraws from the CPU prior to completing 60% of a payment period (Fall and Spring Semesters), the student - after the return calculation - may be required to return a portion of the received Aid within 45 days of their withdrawal. For students who are required to return Title IV aid in addition to the portion of aid the school is required to return, there is a 50% protection allowance on unearned Title IV student grants only. Loans would need to be repaid in full.

A return is only required of those students who withdraw from the school or who cease to be enrolled. A student who reduced his/her course load is considered a reduction and not a withdrawal. A return calculation is not required for such students.

The required calculation determines a student's earned and unearned Title IV aid based on the percentage of the enrollment period completed by the student. The percentage of the period that the student remained enrolled is derived by dividing the number of days the student attended by the number of days in the enrollment period.

If the withdrawal date is after the 60% point in the payment period or period of enrollment, a student is considered to have earned 100% of the Title IV funds he or she was scheduled to receive during the period. For such a student there are no unearned funds. CPU will still complete a return calculation to determine whether the student is eligible for a post-withdrawal disbursement.

CPU must determine the student's withdrawal date. The withdrawal date is defined as:

1. The date the student began the withdrawal process or officially notified CPU of his/her intent to withdraw; or
2. The last date of attendance at an academically related activity by a student who does not notify CPU.

Based on the date of the withdrawal, the Financial Aid Office will determine the actual date of the student's withdrawal and, using the Return of Title IV form provided by the Department of Education, they will calculate the amount, if any, the student must return. The student will then be notified by mail of the amount the Federal Student Financial Aid stated that they must return. In some cases, both the school and the student may be required to return unused or unearned portions of Federal Aid to the Federal Title IV program.

Overpayments and Over-awards

There are times when a student's award package exceeds the student's need. There may also be circumstances that change a student's award package after the aid has been awarded that result in overpayment. For example, a student may receive a scholarship or grant from an outside source or organization, or the student may want to extend his or her work-study employment. In case of overpayments or over-awards, the CPU financial aid office will adjust other Federal Student Financial Aid in the package.

Pell Grants are never adjusted to consider other forms of aid. Therefore, the adjustments will be made to the Stafford Loans and/or Campus-Based programs.

Students who owe funds due to overpayment or over-award will be required to make payment of those funds within 30 days of receiving a written notice from the Financial Aid office.

Students can send in the overpayment or over-award to the CPU and the payment will be forwarded to the U.S. Department of Education. If a student is unable to pay their overpayment in full, they can set up a repayment plan with the U.S. Department of Education. Before doing this, they must contact the CPU Financial Aid Office. They will need to make sure the school has referred their situation to the U.S. Department of Education before any repayment plan can be set up.

If the student whose overpayment case has been accepted by the Department of Education wishes to establish a repayment schedule, the student should contact Borrower Services by calling 1-800-621-3115 or write to:

U.S. Department of Education
Borrower Services – Default Resolution
P.O. Box 5609
Greenville, Texas 75403

For examples of the Return of Title IV Funds calculations or questions regarding the overpayment policy, please contact the Financial Aid Office.

Transcript Release Policy for Title IV Students

CPU provides an official transcript to all students who have met their financial obligations (Exception for Title IV students who will be given an official transcript regardless of meeting of their financial obligations)

Cal Grant Policy

The Cal Grant is a California-specific financial aid allocation that does not need to be paid back. Cal Grant applicants must apply for the FAFSA or CADAA by the deadline and meet all eligibility, financial, and minimum GPA requirements of either program.

Depending on the Cal Grant you receive, the money can be used to pay for tuition, fees, books, supplies, housing, food and even transportation costs to and from classes. You must submit your FAFSA or California Dream Application AND your verified Cal Grant GPA by March 2nd.

Eligibility for Cal Grant:

- Meet the California residency requirements.
- Meet U.S. Selective Service requirements
- Be a U.S. citizen, eligible noncitizen or be exempt from nonresident tuition.
- Maintain satisfactory academic progress as defined by the school. (3.0 GPA for Cal Grant A 2.0 GPA for Cal Grant B)
- Attend an eligible California college or university.
- Not have completed a prior baccalaureate degree.
- Be enrolled at least half time.
- Not be in default on any federal or state education loan or owe a grant refund.
- Submit a completed FAFSA or CAL ISIR (for DREAM applicants) and a verified Cal Grant GPA by deadline.
- Have family income and assets below the established ceilings.

Cal Grant Comparison Chart: Please check the link.

<https://www.csac.ca.gov/post/cal-grant-program-comparison-chart>

Cal Grant Application:

The deadline to apply is March 2nd.

Procedure:

- Complete either the Free Application for Federal Student Aid (FAFSA) or California Dream Act Application (CADAAC)
- Submit a GPA to the California Student Aid Commission by March 2nd.
- Create a WebGrants Students Account.
- Transfer students should complete the G6 Form and submit to the CSAC.
- You should receive your notification for renewal by mid-July from the Commission. If you are a renewal Cal Grant student and you have not heard from the Commission by August 1, please contact CSAC.

Payments & Disbursements:

CPU applies student's Cal Grant Tuition/Fee awards directly to Tuition/Fee charges on the student billing account based on their disbursement schedules.

If the school determines that a student is not eligible, they have the authority to withdraw the award.

Note: To receive a Cal Grant payment, you must be attending at least half-time, provide all necessary documentation to the school, and maintain Satisfactory Academic Progress as reported by the school.

A student who is denied a Cal Grant their first year may be eligible for the Cal Grant in subsequent years but must file a FAFSA and submit a Cal Grant GPA Verification Form by the March 2nd deadline.

Students are required to submit their financial aid applications on an annual basis. Priority considered for financial aid funds administered by the Financial Aid Officer shall be given to

students who submit all required documentation by the assigned deadline. Students must also pass verification, if required.

As a Cal Grant recipient, you may receive up to the equivalent of four years of full-time grant payments.

The duration of your eligibility will be based on your education level at the time you receive your first Cal Grant payment. Your eligibility will be reduced by each term that you receive payment. CPU determines education level (EL) at the time of initial payment based on the number of units completed. The EL is based on all accepted transfer units at the institution and an established institutional policy.

Grade 1: 0 – 30 semester units or the equivalent

Grade 2: 31- 60 semester units or the equivalent

Grade 3: 61 -93 semester units or the equivalent

Grade 4: 94 or more semester units or the equivalent

In some cases, both the school and the student may be required to return unused or unearned portions of Federal Aid to the Federal Title IV program.

Satisfactory Academic Progress (SAP)

The Satisfactory Academic Progress Policy ("SAP") is composed of Qualitative Standard and Quantitative Standard.

Qualitative Standard

Students have to maintain a good academic standing. CPU requires undergraduate students and ELSP students to maintain a 2.0 GPA in all courses attempted at CPU and a 2.0 cumulative GPA. Graduate students are required to maintain a 2.5 GPA in all courses attempted at CPU and a 2.5

cumulative GPA. Repeated courses which the student previously passed are not counted toward satisfactory academic progress requirements.

Quantitative Standard

There are two components in quantitative standard.

(a) Acceptable Passing Rate and (b) Unit and Time Limit to complete an education program.

(a) Acceptable Passing Rate: Excluding transfer units, an overall ratio of units earned at CPU to units attempted is calculated. Withdrawn and incomplete units are attempted with zero units earned. Students must complete 67% of units attempted.

(b) Unit and Time Limit: To complete the program, no more than 150% of the number of units required can be attempted. For determination of satisfactory academic progress, all attempted units at CPU are counted. For transfer students, only transferred units that apply to the degree program are counted.

SAP for Undergraduate Students

A full-time status of undergraduate students is obtained by completing a minimum of 12 credits per semester or 24 credits per academic year. A full-time undergraduate student is also required to complete the requirements of 128 credits while maintaining a 2.0 GPA in all courses attempted at CPU and a 2.0 cumulative GPA.

A student on Academic Probation who does not successfully remove himself/herself from Academic Probation at the end of three consecutive semesters of Academic Probation will be recommended for dismissal from the institution.

The maximum period granted for the completion is 6 years, 12 semesters (150% of the published length of four years)

Veteran Benefits

CPU is proud to offer financial support to students who are U.S. military veterans. Additionally, the Seminary is a participant of the Department of Defense's Tuition Assistance (TA) program for Active military service members, as outlined in the Veterans Benefits and Transition Act of 2018 (Section 103).

GI bill® is a registered trademark of the U.S. department of veteran's affairs (VA). more information about education benefits offered by VA is available at the official U.S. government web site at <http://www.benefits.va.gov/gibill>.

To apply for Veteran's Administration (VA) benefits under the GI Bill®, students should contact the Veteran's Administration (VA) directly at 1-888-442-455. Student can also apply for benefits by visiting <https://www.benefits.va.gov/BENEFITS/Applying.asp>

The Veteran's Administration determines eligibility and benefit amount.

If eligibility is granted, students will receive a Certificate of Eligibility (COE). After students have applied for admission, they will need to provide COE to the School Certifying Official (SCO) at the CPU.

Once students have been accepted to the school and registered for classes the SCO will certify enrollment with the VA. Certification automatically takes place 30 days prior to the start of classes. If a student does not wish to use your benefits, he/she notifies the SCO in writing prior to the certification. The VA will not pay any benefits until enrollment is certified by the CPU.

It is recommended that in addition to applying for VA Benefits that students complete the FAFSA (Free Application for Federal Student Aid) by visiting www.studentaid.gov. FAFSA could cover any expenses not covered by the VA.

Progress Policy

Academic Progress will be measured at the end of each semester for all students receiving Veterans benefits. If, at the end of any given semester, the student's cumulative GPA falls below 2.0 for B.Th. and 2.5 for M.Div., the students will be placed on probation for a maximum of two semesters. If, by the end of the probation period, the student's cumulative GPA is not raised to above 2.0 for B.Th. and 2.5 for M.Div., the Veterans Administration will be notified, and benefits will be interrupted. Academic Progress records are maintained by the school and will be furnished to the student upon request.

If the SCO/director determines that the conditions which caused the interruption to have been rectified, the student will be eligible to receive benefits from that point forward.

COMPLIANCE WITH 38 U.S.C. § 3679(e)

CPU permits any covered individual to attend or participate in the course of education during the period beginning on the date on which the individual provides to the educational institution a certificate of eligibility for entitlement to educational assistance under chapter 31 or 33 (a "certificate of eligibility" can also include a "Statement of Benefits" obtained from the Department of Veterans Affairs' (VA) website – eBenefits, or a VAF 28-1905 form for chapter 31 authorization purposes) and ending on the earlier of the following dates:

1. The date on which payment from VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.

CPU will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31 or 33.

(NOTE: A Covered Individual is any individual who is entitled to educational assistance under chapter 31, Vocational Rehabilitation, or chapter 33, Post 9/11 GI Bill® benefits.)

To qualify for this provision, such students may be required to:

- Produce the VA Certificate of Eligibility (COE) by the first day of class.
- Provide a written request to be certified.
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

Steps to get started:

- Apply to California Prestige University
- Determine your chapter.
- Apply online for your GI Bill Benefits.
- Apply online for financial aid by submitting the FAFSA application. (B.Th. student only)
- Counseling with an Academic Dean

- Register for Classes
- Meet the SCO and notify, and turn in request for certification: you must do this every semester to be paid
- Bring in LETTER OF ELIGIBILITY (as soon as you receive it): This is the letter the VA will send you by mail once you have been approved for your GI Bill. If you change schools, you will receive a new one once the VA approves any changes.

Student Responsibility

Applications for Benefits:

VA students can submit applications online at <http://www.ebenefits.va.gov/ebenefits/vonapp>. Or they can call 1-888-442-4551 and ask that an application be mailed to them. All VA students must file an application when they first start school.

- New student: A student who haven't received VA benefits before must file an original application (Veterans VA Form 22-1990: dependents VA Form 22-5490): ToE students VA-Form 22-1990e)
- Continuing student: A student who has received VA benefits before must file a Request for Change of Program or Place of Training (Veterans and ToE students VA Form 22-1995: dependents VA Form 22-5495). Students applying for Chapter 33 in lieu of (or relinquishing) another benefit should complete a VA Form 22-1990.
- Change of Address and Direct Deposit

Address and direct deposit information must be kept current.

Monthly Verification Procedure

Currently, CH 30 and CH 1606-1607 recipients must verify attendance monthly by Web Automated Verification of Enrollment (WAVE) or by interactive Voice Response (IVR). The preferred verification method is WAVE, which includes features not in IVR. Click on the link to the WAVE Program and follow the instructions provided. The earliest students can verify their enrollment is the last calendar day of each month. WAVE allows students to verify their enrollment on the internet.

WAVE is on the Education Service website at <https://www.gibill.va.gov/wave/index.do>. Students may:

- that enrollment has not changed
- Report a change in enrollment
- Change mailing address
- Initiate or change direct deposit information
- View the enrollment period and monthly benefit amount
- View the remaining entitlement
- Sign up for a monthly email reminder

Continuation of VA Benefits

The sooner you submit your request for certification to the school, the less likely you are to have a break in your monthly payments. However, California Prestige University cannot guarantee when you will be paid. Multiple schedule changes will cause a delay in processing your certification.

The Certification Process

NON-REQUIRED COURSES

The Veterans Administration will pay only for courses listed on your Student Educational Program Plan. These approved courses must meet the minimum requirements for transfer or graduation established by CPU.

REPEAT COURSES

The VA will not pay for repeated courses which were successfully completed. Letter grades of "A", "B" or "C" are approved for payment of required courses. Students who repeat a course for the purpose of obtaining Academic Repeats will not be paid.

Veterans with Disabilities

CPU is committed to the provision of support services and/or educational accommodations to qualified students with disabilities.

Contact Information

If you have any questions or comments, please send an email to: fsa@CPU.edu OR drop into Room 302. Make your appointment to see the certifying official before your registration time if you want your benefits to be distributed in a timely manner.

Office hours: Office hours are subject to change. Monday – Friday, 9:00am - 5:00pm School Certifying Official: Sunny Kim 562-926-1023 (ext.302), fsa@CPU.edu

Consumer Information (Your Right to Know)

CPU is accredited by BPPE, ABHE, and ATS. A complete and detailed listing of the college's degree programs, and completion requirements can be found in the catalog. Full- time faculty members with their degree qualifications are listed by program area in the catalog. Contact information for school faculty is on the CPU's Website. (www.CPU.edu)

FERPA

FERPA is the Family Educational Rights and Privacy Act of 1974, a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. One purpose of FERPA is to protect the privacy of information concerning individual students by placing restrictions on the disclosure of information contained in an individual student's educational record. FERPA provides students with certain rights with respect to their educational records. This means that access to your information is limited to yourself and authorized individuals.

The Office of Financial Aid is responsible for reviewing and updating information regarding FERPA. The Director of Financial Aid, Sunny Kim, updated this information in April 2020. Students can obtain the information at the campus office.

In compliance with FERPA, CPU releases no personally identifiable information (PII) of students without the express written consent of the student. Exceptions to this practice are information defined as "Directory Information," including student's name; dates of attendance; enrollment status and curriculum; academic honors; and degrees, diplomas or certificates awarded. Student addresses and phone numbers are released per request to the U.S. Military. Students who wish to block this "Directory Information" may do so by writing a request to the CPU Office during the first two weeks of initial enrollment. CPU discloses educational records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests.

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. §99.32 of FERPA regulations requires the institution to record all disclosure except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student. Eligible students have a right to inspect and review the record of disclosures. The institution may disclose PII from the education records without obtaining prior written consent of the student.

Notification of Rights under FERPA for Postsecondary Institutions

FERPA affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.)

These rights include:

1. The right to inspect and review the student's education records within 45 days of requesting access. A student should submit a written request identifying the record they wish to inspect to the registrar, dean, head of the academic department, or other appropriate official. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, the official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request an amendment of the student's education records for information that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
3. The right to provide written consent before the school discloses PII from the student's education records, except to the extent that FERPA authorizes disclosure without consent. The school discloses education records without a student's prior written consent under the FERPA exception to school officials with legitimate educational interests. A school official is a person employed by CPU in an administrative, supervisory, academic, research, or support staff position; a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by CPU to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office

U.S. Department of Education 400 Maryland Avenue,
SW Washington, DC 20202 -4605

Phone: 202-260-3887

Website: www.ed.gov/offices/OM/fpcos

CPU may disclose personally identifiable information without student consent to the following parties:

- School officials with legitimate educational interests
- U.S. Comptroller General, U.S. Attorney General, U.S. Department of Education
- State and local officials
- Authorized organizations conducting educational research
- Accrediting agencies
- Alleged victim of a crime
- Parent of a Dependent Student as defined by the IRS
- Parent of a student under 21 regarding the violation of a law regarding alcohol or drug abuse

How Does FERPA Impact Financial Aid?

FERPA prohibits the Office of Financial Aid from sharing information about a student's application with anyone other than the student. Even if the student is considered independent

and provided information from their parents, CPU cannot share this information with them without prior consent from the student.

How Can I Authorize Individuals to Inquire About My Financial Aid?

You can authorize individuals by signing a release form. Completion of the form indicates that you consent to the staff in the Office of Financial Aid at CPU reviewing and discussing any information contained in your educational records related to or impacting your ability to receive financial aid with the authorized individual.

Campus Security Act Disclosure Statement—Clergy Act

The following definitions apply to the geographical locations of incidents disclosed in the crime statistics tables contained in this report:

On-Campus: Any building or property owned or controlled by the University within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the University's educational purposes, and any building or property that is within or reasonably contiguous to the property described above in this definition, that is owned by the University but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

Public Property: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Non-Campus: Any building or property owned or controlled by a student organization that is officially recognized by the University; or any building or property owned or controlled by the University that is used in direct support of, or in relation to, the University's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the University.

The Campus Security Act (Public Law 102-26) 34 C.F.R. Section 668.46 (c)(1) requires postsecondary institutions to disclose the number of instances in which certain specific types of crimes have occurred in any building or on any property owned or controlled by this institution which is used for activities related to the educational purpose of the institution and/or any building or property owned or controlled by student organizations recognized by this institution. In compliance with that law, the following reflects this institution's crime statistics for the period between 01/01/2022 and 12/31/2023. CPU prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.

This report provides statistics for the previous years concerning reported crimes that occurred on public property within the campus, on campus, and in a non-campus building located at 13353 Alondra Blvd. Santa Fe Springs, CA 90670. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, and alcohol and other drugs.

PLEASE NOTE THAT THIS INSTITUTION DOES NOT HAVE ON CAMPUS HOUSING, or CAMPUS POLICE AND THAT THERE NOT POLICE RECORDS THAT PERTAIN DIRECTLY TO THE PROPERTY USED BY THE INSTITUTION, THEREFORE THE STATISTICS BELOW REPORT ONLY THOSE INCIDENTS REPORTED TO THE INSTITUTIONAL ADMINISTRATION AND/OR TO THE LOCAL POLICE.: Report Date April 11, 2024.

Sunny Kim of CPU (Director of Financial Aid) is responsible for submitting the crime statistics to the Department via annual data collection.

Publication and Notice of Availability

California Prestige University publishes its Annual Security Report on its website under the "Security Report" sub-heading at <http://www.CPU.edu/admission/financial-information>. Paper copies of this report including the crime log are available by contacting the Office at 562.926.1023 (ext.302).

Safety Policies

CPU is committed to providing a safe and secure environment for all members of the campus community.

Our safety policies are as follows:

Access to Facilities

After an incident with theft which occurred on March 16, 2016, CPU made a security gate with a password system, and keeps changing their own password regularly.

This security gate is the only entrance to the school, without a password, no one can enter the school, and before/after school hours, students cannot enter school without an extra code number. During non-business hours access to all College facilities is by special code. Emergencies may necessitate changes or alterations to any posted schedules.

All rooms and equipment are subject to the key control procedure.

1. CPU does not employ campus security personnel but encourages both its employees and Students to immediately report suspected criminal activity or other emergencies to the nearest available institutional official and/or in the event of emergency to directly contact local law enforcement or other emergency response agencies by dialing 911.

The institution provides the following website to obtain information concerning the crime statistics of the city of Santa Fe Springs. <https://www.neighborhoodscout.com/CA/santa-fe-springs>

2. (i) All students and employees are required to report any crime or emergency to their institutional officials promptly. Students and employees should refer to the following person when reporting or seeking help on a criminal incident or emergency situation regarding Campus Security.

C.O.O.: Steve Hong

Address: 15605 Carmenita Rd. Santa Fe Springs, CA 90670

Contact Number: stevehong@CPU.edu 562.926.1023 (ext.304)

Students receive information about emergency response and evacuation procedures during their first orientation meetings.

(ii) Preparation for the Annual Disclosure of Crime Statistics report is obtained by the institution's office who contacts the correct police department District for statistics and the institution's Daily Incident Log, and then records those statistics.

(iii) If a student or employee wishes to report a crime on a voluntary or confidential basis, the institutional official will be prepared to record and report the crime, but not the name of the informant. The student or employee may, to maintain confidentiality, submit the information in writing to his/her institutional official without signature. If the student wishes not to maintain confidentiality, the student will contact his/her teacher or school official who in turn will contact the nearest supervisor to report criminal actions or emergencies to the appropriate agency by calling (911).

3. Only students, employees and other parties doing business with this institution should be institutional property. Visitors must identify their purpose of visit at the entrance, the person to be visited and register their time in and out of the building. All rear access doors leading to the campus are closed and locked during school hours. When the school closes for the night, the school's official or supervisor will inspect each floor to see that it is empty and then set the alarms and lock down the campus. Other individuals present on institutional property at any time without the express permission of the appropriate institutional official(s) shall be viewed as trespassing and may as such be subject to a fine and/or arrest. In addition, students and employees present on institutional property during periods of non-operation without the

express permission of the appropriate institutional official(s) shall also be viewed as trespassing and may also be subject to a fine and/or arrest.

4. Current policies concerning campus law enforcement are as follows:
 - (i) CPU's officials have no powers of arrest other than the Citizens Arrest Law and are required in the event of a crime or emergency to call the correct agency or dial (911) for the police and emergency services. The Citizens Arrest Law will be invoked only as a last resort, and after all other possibilities have been explored.
 - (ii) Employees shall contact their immediate or nearest ranking supervisor to report any criminal action or emergency to the appropriate agency by calling (911). If possible, in the interim, the security guard(s) and or institutional official shall attempt to non-violently deal with the crime or emergency with the appropriate agency on campus. Individual discretion must be used, as undue risk should not be taken.
 - (iii) The institution currently has no procedures for encouraging or facilitating pastoral or professional counseling (mental health or otherwise), other than the student or employee is encouraged to seek such aid.
5. Though CPU does not offer regularly scheduled crime awareness or prevention programs, students are encouraged to exercise proper care in seeing to their personal safety and the safety of others. The following is a description of policies, rules and programs designed to inform students and employees about the prevention of crimes on campus.

Safety Tips

- Stay alert and be aware of your surroundings. Know what is typical and what is not.
- Report all crimes and suspicious activity to the Police immediately.
- Avoid walking alone after dark.
- Most crimes on campus are thefts of unattended property. Do not leave purses, backpacks, books, etc. unattended, even for a minute.
- Never leave valuables visible from outside your vehicle. Lock all property including books, purses and backpacks in your trunk or take them with you.
- Lock your office door if working after hours.
- Let others know where you are going, especially if you might be there alone.
- If you are uncomfortable, go to where there are other people.
- Headphones can eliminate your ability to be aware of your surroundings.
- Move confidently at a steady pace and make eye contact with people.
- Keep keys in hand when moving to a vehicle.
- Keep windows and doors locked.
- Check the interior of a vehicle before getting in.
- Go to the nearest open business or police station if you are being followed.

6. The institution does not offer regularly scheduled crime awareness or prevention programs other than orientation where all the institution's policies and regulations are properly disclosed to prospective students.
7. This institution does not permit the sale, possession, or consumption of alcoholic beverages on school property and adheres to and enforces all state underage-drinking laws.
8. The institution does not permit the possession, use or sale of illegal drugs by its employees and students and adheres to and enforces all state and Federal drug laws. The violation of these policies by students or employees may result in expulsion, termination and/or arrest.
9. It is the policy of this institution to have any sexual assaults (criminal offenses) on campus to be reported immediately to the institution's official, who will report it to (911) emergency and

police units. The institution during the orientation of given to newly admitted students emphasize the prevention of sexual crimes by insisting students to work, study and walk outside of the premises in as much as possible, accompanied by other students or in view of other persons, generally, avoiding as much as possible to be alone by themselves at any time. During the daily functioning of the school operations, staff and administrators focus on observing that students are not in any circumstance by themselves.

(i) A person who was victimized will be encouraged to seek counseling at a rape crisis center and to maintain all physical evidence until such a time when that person can be properly transported to a hospital or rape crisis center for proper treatment.

(ii) A victim of a sexual crime has the option of reporting this crime to the institutional authorities or to report it directly to (911) and search for professional assistance from the emergency agencies. If requested, the institutional personnel will be prepared to request assistance by calling 911).

(iii) The institution does not have accessibility to professional counseling, mental health or otherwise, students and employees are encouraged to seek such professional assistance at the nearest hospital or health care services.

(iv) The institution will offer the victim of a sexual crime any available options to change the academic schedule as much as possible to the benefit of the victimized person.

(v) The institutional disciplinary actions in reference to an alleged sex offense are as follows:
(A) The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding: and

(B) Both the accuser and the accused must be informed of the outcome of any institutional proceeding brought alleging a sex offense.

(vi) This institution has zero tolerance of violation of this policy. Once the offense is confirmed, institutional disciplinary action against students or employees may result in expulsion from school, or termination of employment and in accordance to local laws, to an arrest of the offender by the authorities.

10. The institution provides the following website to obtain information concerning the registration of sex offender's arrest.

<http://www.city-data.com>

If you would like information concerning registered sex offenders in California, check the Megan's law web site at <http://www.meganslaw.ca.gov>.

You can search the database by a sex offender's specific name, or geographically by entering the ZIP Code, or city/county to obtain information on registrants residing in a specific area.

11. Revised Crime Classification: Burglary vs. Larceny: An incident must meet three conditions to be classified as a Burglary.

There must be evidence of unlawful entry (trespass). Both forcible entry and unlawful entry – no forces are counted. Unlawful entry must occur within a structure, which is defined as having four walls, a roof, and a door.

The unlawful entry into a structure must show evidence that the entry was made in order to commit a felony or theft. If the intent was not to commit a felony or theft, or if the intent cannot be determined, the proper classification is Larceny.

Timely Warning:

If a situation arises, either on or off campus, that in the judgment of the campus officials constitutes an ongoing or continuing threat, a campus wide "Timely Warning" will be issued. The warning may be issued using any or all of the following: flyers posted at entrances to all buildings, emergency messaging system and campus wide email. Timely Warnings consist of a description of the incident, location that it occurred and description of the suspect/s. Once all the relative information is received these notices will typically be posted within 24 hours.

Anyone with information regarding the Timely Warning should contact the campus office and/or local police, 911.

CPU may, in appropriate circumstances, include personally identifiable information in a timely warning. Although personally identifiable information is generally protected from disclosure under FERPA, such information may be released in an emergency.

Students and faculty/staff are encouraged to report to the school office any suspicious activity. Please note that any emergency that requires immediate attention should not wait to report to the school's officer but rather should contact the appropriate agency by calling (911). The institution does not maintain any special relationship with State and local police and does not have an agreement with those police agencies (such as written memoranda of understanding) to investigate alleged crimes.

Emergency Response and Evacuation Procedures

All members of the CPU are notified on an annual basis that they are required to notify the Office of any incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and employees on campus. The CPU office has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation.

In addition, the President of CPU has a responsibility to respond to such incidents to determine if the situation does in fact, pose a threat to the school. If so, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation. In the event of an emergency, Campus Officials would notify the proper authorities through 911 giving as much information known at the time while requesting their assistance.

In the event of a serious incident that poses an immediate threat to members of the school, the CPU has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the campus community. These methods of communication include network emails and emergency text messages that can be sent to a phone by KakaoTalk system. The CPU will post updates during a critical incident on the website at www.CPU.edu.

Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction when exiting building evacuation during the orientation.

Daily Crime and Fire Log

This log records by the date the crime was reported, any crime or fire that occurred on campus or within the property of the CPU. All incidents shall be recorded in the Incident Log at the institutional official's station. The report must be entered in the log within two (2) business days after it is reported to the school's official, unless that is prohibited by law or would endanger the confidentiality of the victim.

Incident Log is available during business hours at the office upon request of CPU students, employees, and members of the public. The Daily Crime and Fire log reflects the nature, date, time and general location of each crime or fire that was reported and the disposition, if known, and the name of the person who took the report. The log records the most recent 60-day period and is available at the Office. The office may withhold information from the crime and fire log if the release of such information would jeopardize the safety of an individual or investigation.

However, the crime or incident must be disclosed once the adverse effects are no longer likely. The Office of CPU prepares the Campus Crime and Fire Log.

Weapons

Firearms, knives, explosives, or other dangerous objects, including but not limited to any facsimile firearm, knife, or explosive, are prohibited on all campus grounds, except as authorized by law. Students found in possession of prohibited weapons may face any disciplinary action up to and including expulsion from CPU. Employees found in possession of prohibited weapons may face any disciplinary action up to and including termination. Visitors found in possession of prohibited weapons will be required to leave property or event and may be prohibited from entering property or attending future events. Anyone who sees or otherwise becomes aware of a violation of this policy is required to contact the Office of Police.

Alcohol and Drug Prohibitions

The unlawful manufacture, distribution, dispensing, possession, or use of alcohol or any controlled substance is prohibited on campus property, during field trips, activities, or workshops, and in any facility.

In accordance with the Drug-Free Workplace Act of 1988 (P.L. 100-690), the Drug-Free Schools and Communities Act of 1989 (P.L. 101-226) and 34 Code of Federal Regulation Part 85, Subpart F, this institution is committed to maintaining a drug-free workplace and a drug-free school. Information concerning drug and alcohol abuse education programs is provided at the orientation and is distributed annually to students and staff. (Institutions are advised to make available to students and staff members information on an agency that provides counseling and help on drug and alcohol abuse education).

The individual counseling with Pastor John Lee (Dean of Student Development) is available upon the student's request.

The following statements on illegal drugs and alcohol are designed to address the CPU's concern about substance use and abuse, and to ensure CPU's compliance with the Drug Free Schools and Communities Act.

Substance abuse is harmful to student's health. The effects of using illegal drugs include, but are not limited to anxiety, depression, insomnia, hallucinations, hyperactivity, loss of appetite, convulsions, coma, and possible death. Alcohol consumption can also result in changes in behavior, including impaired judgment and coordination, aggressiveness, depression, and memory loss. Repeated use of alcohol can lead to dependence and damage to vital organs. The CPU will make available its counseling resources to help students involved with substance abuse.

Southern California Drug and Alcohol Programs, Inc. (SCADP)

11500 Paramount Blvd. Downey, CA 90241
(562) 923-4545

Criminal penalties for the illicit use of controlled substances vary with the type of drug. Penalties may range from fines or suspended sentences and parole to a minimum of ten years imprisonment for first offenders. Penalties for the manufacture and distribution of drugs, or possession of a large quantity of drugs, are more severe. CPU cannot and will not protect students from arrest or prosecution if they illegally use, possess, or sell alcohol or drugs.

Sexual Harassment

It is the policy of California Prestige University to maintain the seminary environment as a Christian community that provides a place for spiritual growth, work, and study, free of all forms

of sexual intimidation and exploitation. All students, staff, and faculty should be aware that California Prestige University is prepared to take action to prevent such intimidation and exploitation and those individuals who engage in such behavior are subject to discipline.

Sexual harassment can vary with circumstances, but, generally, it is defined as unwelcome or offensive sexual advances, requests for sexual favors, unwanted or uninvited verbal suggestions or comments of a sexual nature, or objectionable physical contact. None of these reflect a Christian attitude or commitment, and all adversely affect the working or learning environment. Coercive behavior, including suggestions that academic or employment reprisals or rewards will follow the refusal or granting of sexual favors, or conduct that unreasonably interferes with an individual's work or study performance or creates an intimidating, hostile, or offensive work/study environment, constitutes a violation of the seminary's spiritual and/or educational standards, objectives, and goals; such misconduct will not be tolerated.

Under the direction of the appropriate administrator, the seminary will fully and effectively investigate any such report and will take whatever corrective action is deemed necessary, including disciplining, or discharging any individual who is found to have violated this prohibition against harassment. The reporting student, staff, or faculty will be informed of the action taken. Seminary officials will also take action to protect the reporting student, staff, or faculty, to prevent further harassment or retaliation and, as appropriate, to redress any harm done.

It is the policy of California Prestige University not to tolerate sexual harassment, and appropriate disciplinary action will be taken whenever such harassment is demonstrated. Individuals engaging in such conduct contrary to seminary policy may be personally liable in any claim brought against them.

A student, staff or employee who feels that he or she has been sexually harassed may meet with a person officially designated to receive reports of discrimination, and they will work for resolution in such situations. In addition, it is advisable that the student, staff, or employee contact the City of Santa Fe Springs Police Department to report the form of sexual harassment:

Domestic Violence, Dating Violence, Sexual Assault and Stalking

CPU prohibits the offenses of domestic violence, dating violence, sexual assault and stalking (as defined by the Clery Act) and reaffirms its commitment to maintaining a campus environment that emphasizes the dignity and worth of all members of the university community. Toward that end, CPU issues this statement of policy to inform the campus community of our programs to address domestic violence, dating violence, sexual assault and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a school official.

Federal Clery Act Definitions of Domestic Violence, Dating Violence, Sexual Assault and Stalking

The Clery Act defines the crimes of domestic violence, dating violence, sexual assault and stalking as follows:

Domestic Violence

A Felony or misdemeanor crime of violence committed—

- By a current or former spouse or intimate partner of the victim
- By a person with whom the victim shares a child in common
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner.
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

1. The existence of such a relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the people involved in the relationship.
2. For the purposes of this definition— A) Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. B) Dating violence does not include acts covered under the definition of domestic violence.
3. For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Sexual Assault

An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is "any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent."

- Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- Incest is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape is defined as sexual intercourse with a person who is under the statutory age of consent.

Stalking

The state of California defines stalking as follows: Any person who willfully, maliciously, and repeatedly follows or willfully and maliciously harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family is guilty of the crime of stalking.

1. Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—A) Fear for the person’s safety or the safety of others; or B) Suffer substantial emotional distress.
2. For the purposes of this definition— A) Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property. B) Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim. C) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
3. For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Consent

The State of California has adopted an affirmative consent standard in the determination of whether consent was given by both parties to sexual activity. “Affirmative consent” means affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the people involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.

In addition, in the evaluation of complaints in any disciplinary process:

1. It shall not be a valid excuse to alleged lack of affirmative consent that the accused believed that the complainant consented to the sexual activity under either of the following circumstances:
 - I. The accused’s belief in affirmative consent arose from the intoxication or recklessness of the accused.
 - II. The accused did not take reasonable steps, in the circumstances known to the accused at the time, to ascertain whether the complainant affirmatively consented.
2. It shall not be a valid excuse that the accused believed that the complainant affirmatively consented to the sexual activity if the accused knew or reasonably should have known that the complainant was unable to consent to the sexual activity under any of the following circumstances:
 - I. The complainant was asleep or unconscious.
 - II. The complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the complainant could not understand the fact, nature, or extent of the sexual activity.
 - III. The complainant was unable to communicate due to mental or physical condition.

Hate Crimes

For purposes of this report, hate crimes include any of the crimes listed in the table on the first page, any other crime involving bodily injury, and any crime of larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property, reported to the Campus office, a local law enforcement agency, that manifests evidence that the victim was selected because of the perpetrator’s bias. Categories of bias are race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability.

There were no reported Hate Crimes on the Campus.

Voter Registration

Students and employees may register to vote by downloading the online voter registration form at <https://www.eac.gov/voters/national-mail-voter-registration-form> and then mailing it to the pre-printed address on the form. You may also register to vote whenever you apply for or renew your driver's licenses or state-issued ID card. For more information, please visit the California Secretary of State website at: www.sos.ca.gov/elections/elections_vr.htm.

Voter registration online forms for CA residents can be found at <http://registertovote.ca.gov>. If you have already registered to vote, you do not need to re-register unless you change your name, home address, or mailing address, or if you want to change or select a political party.

Vaccination

CPU does not provide vaccination and asks all students to acquire the information of nearby medical centers. If students need to get vaccinations, they may go to:

Walgreens
14885 Telegraph Rd, La Mirada, CA 90638, (562) 777-3405

Walmart Supercenter #2948
13310 Telegraph Rd, Santa Fe Springs, CA 90670, (562) 946-6343

Rite Aid #5505
12319 South Norwalk Boulevard, Norwalk, CA 90650, (562) 863-3688

Disability

CPU is committed to providing equal educational opportunities and full participation for students with disabilities. No qualified student will be excluded from participation in any program or be subject to any form of discrimination based on disability.

CPU provides reasonable accommodation to students with disabilities in order to reduce or eliminate any disadvantages that may exist due to said disability by providing all the necessary arrangements on the 1st floor.

Constitution Day

Constitution Day (or Citizenship Day) is an American federal observance that recognizes the adoption of the United States Constitution and those who have become U.S. citizens. It is normally observed on September 17, the day in 1787 that delegates to the Constitutional Convention signed the document in Philadelphia.

The educational institutions receiving Federal funding are required to hold an educational program pertaining to the United States Constitution on September 17 of each year.

CPU presents special programs to celebrate Constitution Day.

The educational institutions receiving Federal funding are required to hold an educational program pertaining to the United States Constitution on September 17 of each year. CPU presents special programs to celebrate Constitution Day.

Academic Information

Orientation

New students, (including transfer students), must attend an 2-hour orientation on a designated day before each semester. During orientation, students will be informed about California Prestige University's school life, faculty, curriculum, degree program and library information. An orientation workbook is provided. ELSP placement testing is usually scheduled for new students on this day following the orientation.

Registration Procedure

Registration for continuing students opens four weeks before a new semester. Within the preceding two months, current students receive the schedule of classes and registration information by website. They are to compare the new class schedules with their Student Progress Worksheets. After deciding the courses in which to enroll, and during the one-week registration period, a student is to meet with the Dean of Academic Affairs or respective program director or SEVIS officer for academic counseling and their required signature.

Students registering after the registration period will be charged a \$30.00 late registration fee. If the student registers in the first week of class a \$50.00 late registration fee will be charged (\$100 for the second week of class).

After one week, students may not add new classes but can withdraw and get a pro-rated refund of the class. International new students who are delayed in their arrival or any student who may be delayed in enrolling/registration will not be allowed after the end of the third week of the semester to register and may be subject to termination of their F-1 status.

Registration for new or transferring students occurs on the new student orientation day (see above). New students are under the same registration requirements as all students.

IMPORTANT: A student must receive a signature from the Dean of Academic Affairs regarding course schedule and the Registrar regarding financial issues on their registration form to be officially registered.

Class Eligibility

Before enrolling in any course, the student is responsible for ensuring that all prerequisite courses or requirements have been fulfilled. Please consult the student progress worksheet and the course curriculum.

Adding/Dropping of Courses

A student may add or drop courses by filing a properly completed "Change of Course Form" in the Registrar's office. A \$10 fee will be applied for each transaction.

Academic Advising

The Dean of Academic Affairs and program directors are available for academic advising and should be consulted prior to each semester for academic advising, and for the required signature for registration.

Unit of Credit

The unit of credit is the semester hour, in accordance with federal and accrediting standards. One credit hour consists of 50 minutes of direct instruction plus a 10-minute break each week for 15 weeks, with an expectation of at least two hours of out-of-class student work per class session. A three-credit course consists of 150 minutes of instruction plus 30 minutes of break time per week.

Independent Study

An Independent Study is available for students who are completing their final semester or the semester immediately preceding the final semester. There is an additional fee of \$300 for this option, unless the course is unavailable due to curriculum changes made by the institution. This policy applies to all programs except the Ph.D. and D.ICS programs.

Grading System

The following criteria are used in assigning letter grades:

- "A" designates outstanding work, superior achievements of course objectives.
- "B" designates good work, commendable achievement of course objectives.
- "C" designates acceptable work, satisfactory achievement of course objectives.
- "D" designates minimal work, marginal of course objectives.
- "F" designates failure, unacceptable work.

When test or similar tasks are administered on the scoring scale from 0 to 100, the letter grades correspond in the following manner to the scores given:

- A: 95-100 4.0 grade points per semester hour.
- A-: 90-94 3.7 grade points
- B+: 86-89 3.3 grade points
- B: 84-85 3.0 grade points
- B-: 80-83 2.7 grade points
- C+: 76-79 2.3 grade points
- C: 74-75 2.0 grade points
- C-: 70-73 1.7 grade points
- D+: 66-69 1.3 grade points
- D: 64-65 1.0 grade points
- D-: 60-63 0.7 grade points
- F: 59 or less 0.0 grade point per semester hour
- P: Passing
- NP: Non Passing
- W: Withdrawal
- AU: Audit
- I: Incomplete (Ph.D.C.S and D.ICS Only)

Acceptable passing rate: P, NP, AU, W count as units attempted with Zero unit earned. It is important to note that CPU has the following grading policy:

Attendance Policy

CPU emphasizes the need for all students to attend classes on a regular and consistent basis. All students are expected to maintain in all courses a satisfactory attendance requirement which is 75% of all class meetings. Absences in more than 25% of class meetings will result in a failing grade for the course. This means each student is allowed a maximum of three absences per course per semester and fourth absence will result in a grade of "F."

Regarding punctuality, being tardy for more than fifteen minutes three times will be equivalent to one absence. An attendance Warning Letter will be sent out to students from the Academic Dean's Office after two absences. As for the details of the attendance policy, students are expected to read and follow the attendance policy stated in the syllabus for each course by the instructor and the school catalog.

Leave of Absence Policy

Should your circumstances be such that a leave of absence is needed, please submit a written request for a leave of absence to the Office of the Registrar. In case of illness, the student needs to include the physician's statement. The request for a leave of absence may be granted for up to 1 year. The period of the leave of absence will not count toward the maximum period granted for the completion of a degree. The student must submit a written notice of intention to resume studies before returning to CPU. A request for a leave of absence longer than one year may be granted only under an exigent circumstance.

International Students: Written requests for leave of absence are considered at the discretion of the school administration and a decision will be based upon SEVIS laws for the request of leave of absence: Two options will be exercised by school administration:

1. Drop below full-time authorization (exception to the full course of study requirement)
2. Termination

Please note that a reduced course load for an F-1 student on an I-20 for ELSP must consist of at least "half the clock hours required for a full course of study." Therefore, the period that a student engaged in language studies can be placed on reduced course load for:

- Academic difficulties
- Illness/medical condition
- Initial difficulty with English language
- Initial difficulty with reading requirements
- Unfamiliarity with American teaching methods
- Improper course level

Reduced course load for completion of the course of study is limited to one term at the end of the course of study and only if additional courses are required to satisfy the requirements for completion.

For Federal Student Financial Aid purposes, the leave of absence, together with any additional leaves of absence, must not exceed a total of 180 days in any 12-month period beginning on the first day of the student's initial leave of absence and must be approved by the Dean of Academic Affairs and by the Financial Aid Officer. Students who received Federal Student Financial Aid loans and who fail to return to CPU from an approved leave of absence will be considered as withdrawn and will be reported to the lending institutions by CPU. Consequently, loan deferment

and repayment schedule may be affected. The student's withdrawal date and the beginning of the student's grace period for loan repayment is the last day of academic attendance as determined by CPU from attendance records. CPU may be required to refund unearned funds to the Federal Student Financial Aid Programs when a student withdraws from CPU. Non-compliance with Federal regulations regarding leave of absence can affect a student's eligibility for future Federal Student Financial Aid and loan payment deferment.

Grading Grievance Procedure

1. If a dispute involving a final grade occurs, the student and the faculty member should try to resolve their differences through a private conference. If the faculty agrees to revise the grade, he or she needs to inform the Dean of Academic Affairs and the Registrar of the decision with supporting documents.
2. If the efforts to resolve the dispute fail, the student may initiate a grievance by submitting a written appeal to the Dean of Academic Affairs. The Dean of Academic Affairs shall within seven (7) working days of receiving the appeal and making the necessary investigation, shall render a decision and communicate the following to the student:
A summary of the investigative report.
A written notice setting forth the decision regarding the student's grade.

Student Records

The school's student recordkeeping policy will require that all student records must remain onsite for five (5) years, and transcripts kept permanently. The academic and financial records shall be maintained in separate files.

The student record file cabinet is fireproof, lockable, and to be maintained in a secure administrative office at the school. In addition, as an extra measure for security and safekeeping of records, all academic and financial records will be electronically scanned and/or photocopied and stored at an offsite location. This will ensure that, should one copy be destroyed, a back-up copy exists.

Only the authorized staff will have access to the student records, and the privacy of these records is considered to be of paramount importance.

In addition to permanently retaining student transcripts, the institution shall maintain for a period of 5 years the pertinent student records from the date of completion or withdrawal.

The student records to be kept include:

- A copy of the signed and dated enrollment agreement
- A copy of the students' grades.
- A record of the courses attempted, whether completed. A copy of all documents signed by the student.
- A copy of all complaints received from the students.
- A record of any refund made, the date made, and the check number, as applicable; the refund record will show how the calculation for the refund was made.

Field Work

California Prestige University students are required to participate in supervised field work as follows: 2 credits during three years for Master of Divinity (M.Div.) students; 1 credit during two years for Master of Arts in Intercultural Studies (MAICS) students; field work through capstone projects and practice-oriented courses for Master of Counseling Psychology (MACP) students; 2 credits during four years for Bachelor of Arts in Theology (BATH) students; 3 credits for Bachelor of Arts in Family Counseling (BAFC) students; and 2 credits for Bachelor of Arts in Education (BAEd) students.

Bachelor students may begin field work after completing one year of study following admission. For transfer students: F-1 students who have completed one year at a U.S. bachelor-level institution, and all other students who have transferred at least 25% of the required credits, may begin field work immediately after admission.

Student Ministry and Fieldwork is also designed for giving the student curricular practical training (CPT) in their field of study. Thus, students can register as required for 0.25 units, or 0.50 units a semester and begin doing CPT part-time. Students are encouraged to take part in CPT as an important area of their educational development and learning. In addition, this allows the student to work legally within the USCIS laws and SEVIS guidelines and apply for a social security number. Under the leadership of the Dean of Student Affairs, students will plan their ministry assignments and receive feedback on how to develop and grow. For more information, please see the Student Ministry Handbook, or the Dean of Student Affairs. International students must contact or see the SEVIS Officer for further information. Personal Tax report related obligations belong to students.

Full-time Study and Time Limitation

The program of study leading to the completion of the ELSP is designated to be completed in 2 years (4 semesters), the B.A. in 4 years (8 semesters), the M.Div. in 3 years (6 semesters), the M.A. in 2 years (4 semesters) of full-time study respectively. Especially for the F-1 international students, the maximum period granted for the student to complete their ELSP is 3 years (9 semesters), for the B.A. student 6 years (12 semesters), for the M.Div. student 4.5 years (9 semesters), for the M.A.C.P. MAMTF student 4 1/2 years (9 semesters) for Ph.D.C.S. student 5 years (10 semesters) and for D.ICS years 4 years (8 semesters) approximately.

The administration strongly urges the international students at matriculation to maintain their full-time “active” status, according to SEVIS laws and regulations. Although the permission from Dean of Academic Affairs and the SEVIS Officer may and must be granted (following SEVIS laws and guidelines) to international students who are under such circumstances as ill-health, academic problems, students should not expect to pursue any substantial portion of the curriculum by part-time study.

Bible Test

California Prestige University administers a comprehensive Bible test to M.Div. students who are ready to graduate. By passing the test, the student has completed the obligation to demonstrate a working knowledge of biblical content for graduation. It is highly recommended that the students take the examination in the early part of their studies to complete this requirement.

This exam is given 3 times a year. (Feb., Apr. & Sep. subject to change) Students can take the Bible test as often as they want to. If the student does not pass until the last semester the student intends to graduate, the student will be allowed only one more semester to complete this requirement. If the student fails again, the student is considered not making academic progress and not fulfilling the program requirement. The student will be given a certificate instead of a diploma. Candidates must pass the test with a score of seventy (70) percent or above to complete degree programs.

Petitioning for Graduation

Students who wish to graduate at the end of the coming academic year must submit an "Application for Degree" to the main office when they register for the last semester to complete their degree.

- Deadline for Submission: The "Application for Degree" must be submitted during the registration period for the final semester in which the student plans to complete their degree requirements.
- Verification Process: After submission, the main office will review the application to verify that all academic requirements, including coursework, credits, and any other necessary criteria, are on track for completion by the end of the semester.
- Failure to Submit: Failure to submit the "Application for Degree" by the specified deadline may result in a delay in the graduation process. Students who miss this deadline may be required to defer their graduation to a later date.
- Appeal Process: If a student's application is not approved, they may appeal the decision by submitting additional documentation or clarification to the academic board within 10 business days of the notification.
- Notification of Approval: Upon approval of the application by graduation review meeting, the student will receive confirmation from the main office, which will include information on further steps to be taken, such as attending the graduation ceremony and settling any outstanding fees.
- Fee Payment: Any graduation-related fees must be paid in full before the submission of the "Application for Degree." The application will not be processed if there are outstanding financial obligations.

Academic Freedom Policies

CPU recognizes that within the field of education, academic freedom is a highly held right. In that regard, CPU will do everything possible to ensure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, CPU also recognizes that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, and the ethics of Christian faith also provide the boundaries within which faculty members are given to exercise their academic freedom.

Faculty members, who hold differing and potentially contentious theological views, may be asked to step down from their faculty positions. When this happens, CPU will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear. CPU has adopted the statement of Academic Freedom as developed by the Association of Theological Schools, a recognized accrediting association by the U.S. Department of Education, as its standard concerning faculty academic freedom.

The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.
2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.
3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.
4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognized that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

Satisfactory Academic Progress Policy

The Satisfactory Academic Progress Policy (“SAP”) is composed of Qualitative Standard and Quantitative Standard.

Qualitative Standard

Students must maintain a good academic standing. CPU requires undergraduate students and ELSP students to maintain a 2.0 GPA in all courses attempted at CPU and a 2.0 cumulative GPA. Master students are required to maintain a 2.5 GPA in all courses attempted at CPU and a 2.5 cumulative GPA. Doctorate students are required to maintain a 3.0 GPA in all courses attempted at CPU and a 3.0 cumulative GPA. Repeated courses which the student previously passed are not counted toward satisfactory academic progress requirements.

Quantitative Standard

There are two components in quantitative standard: (a) Acceptable Passing Rate and (b) Unit and Time Limit to complete an education program.

- (a) Acceptable Passing Rate: Excluding transfer units, an overall ratio of units earned at CPU to units attempted is calculated. Withdrawn and incomplete units are attempted with zero units earned. Students must complete 67% of units attempted.
- (b) Unit and Time Limit: To complete the program, no more than 150% of the number of units required can be attempted. For determination of satisfactory academic progress, all attempted units at CPU are counted. For transfer students, only transferred units that apply to the degree program are counted.

- CPU does not apply “Incomplete” in Grading for undergraduate and graduate courses.
- Students can change their Majors if the application is approved by the Director and an Academic dean after the student submits the application.
- Repeated courses are only allowed if a student fails the class or does not reach the minimum required to pass the portfolio classes, but it affects the qualitative and quantitative components of SAP.
- The "W" grade will remain in the transcript but will not affect the student's GPA.

SAP for full time ELSP Students

A full-time status of ELSP students is obtained by completing minimum 5 classes (20 hours per week) per semester or 15 classes per academic year. A full-time ELSP is also required to complete the requirements of 30 classes and take 5 classes each semester while maintaining a 2.0 GPA in all courses attempted at CPU and a 2.0 cumulative GPA.

A student on Academic Probation who does not successfully remove himself/herself from Academic Probation at the end of three consecutive semesters of Academic Probation will be recommended for dismissal from the institution.

The maximum period granted for the completion is 3 years, 9 semesters (150% of the published length of two years)

SAP for Certificate of Professional Chaplaincy Students

To earn the Chaplaincy Certificate, a student must complete four classes each semester, taking one class per academic semester in sequence. The student is required to maintain at least a 2.5 GPA in all courses attempted at CPU, as well as a 2.5 overall cumulative GPA. A student on Academic Probation must remove themselves from probation within three consecutive semesters; failure to do so will result in a recommendation for dismissal from the institution.

SAP for Graduate Certificate of English-Speaking Pastoral Internship Students

To earn the Graduate Certificate in English-Speaking Pastoral Internship (ESPI), a student must complete six courses, as outlined in the program curriculum. Instruction is shared with the Master of Divinity (M.Div.) program, and all academic requirements are equivalent to those of the M.Div. Students are required to maintain at least a 2.5 GPA in all courses attempted at CPU, as well as a 2.5 overall cumulative GPA. A student placed on Academic Probation must return to good standing within three consecutive semesters. Failure to do so will result in a recommendation for dismissal from the institution.

Upon the successful completion of all required courses with the minimum GPA, the student will be awarded the Graduate Certificate in English-Speaking Pastoral Internship (ESPI).

SAP for Bachelor of Arts in Theology

A full-time status of undergraduate students is obtained by completing a minimum of 12 credits per semester or 24 credits per academic year. A full-time undergraduate student is also required to complete the requirements of 128 credits while maintaining a 2.0 GPA in all courses attempted at CPU and a 2.0 cumulative GPA.

A student on Academic Probation who does not successfully remove himself/herself from Academic Probation at the end of three consecutive semesters of Academic Probation will be recommended for dismissal from the institution.

The maximum period granted for the completion is 6 years, 12 semesters (150% of the published length of four years)

SAP for Bachelor of Arts in Global Business Administration

A full-time status of undergraduate students is obtained by completing minimum 12 credits per semester or 24 credits per academic year. A full-time undergraduate student is also required to complete the requirements of 126 credits while maintaining a 2.0 GPA in all courses attempted at CPU and a 2.0 cumulative GPA.

A student on Academic Probation who does not successfully remove himself/herself from Academic Probation at the end of three consecutive semesters of Academic Probation will be recommended for dismissal from the institution.

The maximum period granted for the completion is 6 years, 12 semesters (150% of the published length of four years)

SAP for Bachelor of Arts in Social Work

A full-time status of undergraduate students is obtained by completing a minimum 12 credits per semester or 24 credits per academic year. A full-time undergraduate student is also required to complete the requirements of 129 credits while maintaining a 2.0 GPA in all courses attempted at CPU and a 2.0 cumulative GPA.

A student on Academic Probation who does not successfully remove himself/herself from Academic Probation at the end of three consecutive semesters of Academic Probation will be recommended for dismissal from the institution.

The maximum period granted for the completion is 6 years, 12 semesters (150% of the published length of four years)

SAP for Bachelor of Arts in Family Counseling

A full-time status of undergraduate students is obtained by completing a minimum 12 credits per semester or 24 credits per academic year. A full-time undergraduate student is also required to complete the requirements of 128 credits while maintaining a 2.0 GPA in all courses attempted at CPU and a 2.0 cumulative GPA.

A student on Academic Probation who does not successfully remove himself/herself from Academic Probation at the end of three consecutive semesters of Academic Probation will be recommended for dismissal from the institution.

The maximum period granted for the completion is 6 years, 12 semesters (150% of the published length of four years)

SAP for Bachelor of Arts in Education

A full-time status of undergraduate students is obtained by completing minimum 12 credits per semester or 24 credits per academic year. A full-time undergraduate student is also required to complete the requirements of 122 credits while maintaining a 2.0 GPA in all courses attempted at CPU and a 2.0 cumulative GPA.

A student on Academic Probation who does not successfully remove himself/herself from Academic Probation at the end of three consecutive semesters of Academic Probation will be recommended for dismissal from the institution.

The maximum period granted for the completion is 6 years, 12 semesters (150% of the published length of four years)

SAP for Master of Divinity

A full-time status of graduate students is obtained by completing a minimum of 9 credits per semester or 18 credits per academic year. A full-time graduate student is also required to complete the requirements of 89 credits while maintaining a 2.5 GPA in all courses attempted at CPU and a 2.5 cumulative GPA.

A student on Academic Probation who does not successfully remove himself/herself from Academic Probation at the end of three consecutive semesters of Academic Probation will be recommended for dismissal from the institution.

The maximum period granted for completion is 4.5 years (9 semesters). (150% of the published length of three years)

SAP for M.Div. in Culturally Competent Pastoral Leadership

A full-time status of graduate students is obtained by completing a minimum of 9 credits per semester or 18 credits per academic year. A student on Academic Probation who does not successfully remove himself/herself from Academic Probation at the end of three consecutive semesters of Academic Probation will be recommended for dismissal from the institution. The maximum period granted for completion is 5 years.

SAP for Federal Student Financial Aid Students

One of the requirements of eligibility for Federal Student Financial Aid is a student must maintain Satisfactory Academic Progress (SAP) and be in good academic standing. At the end of each semester, CPU will measure the student's performance according to Satisfactory Academic Progress Policy.

All attempted coursework is included in calculations involving Satisfactory Academic Progress for financial aid eligibility.

Those who fail to make satisfactory progress will be given one semester of financial aid warning for Federal Student Financial Aid.

1. Financial aid warning

CPU will notify students in writing for failing to make satisfactory academic progress and place the students on financial aid warning at the end of each semester. Warning status lasts only one semester, during which the student may continue to receive Federal Student Financial Aid. Students who fail to make satisfactory progress after the warning period lose their aid eligibility unless they successfully appeal and are placed on probation.

2. Financial Aid Appeal

When a student loses Federal Student Financial Aid eligibility because he failed to make satisfactory progress, he may appeal that result on the basis of; his injury or illness, the death of a relative or other special circumstance. His appeal must explain why he failed to make satisfactory progress and what has changed in his situation that will allow him to make satisfactory progress at the next evaluation.

SAP appeals must be submitted by the first Friday of classes of each semester.

Per Federal financial aid regulations, appeals are not automatically accepted and may be denied based on failure to maintain Satisfactory Academic Progress standards set forth at the CPU. SAP appeals will be reviewed by Academic Committee and will be notified by e-mail if appeal is accepted or denied.

Up to three appeals may be accepted.

If the student is meeting the requirements of the academic plan, the student is eligible to receive Title IV aid as long as the student continues to meet those requirements and is reviewed according to the requirements specified in the plan.

3. Financial aid probation

If based on the appeal CPU determines that the student should be able to meet the SAP standards by the end of subsequent semester, students will be placed on financial aid satisfactory progress probation.

Students are eligible for financial aid while on probation and this probation status lasts only one semester.

If SAP probationary requirements are not met within the probation term, the student will again become ineligible for financial aid and may need to file another SAP appeal.

If based on the appeal CPU determines that the student will require more than one semester to meet progress standards, CPU may place him on probation and develop an academic plan for him. CPU will review the student's progress at the end of each semester as is required of a student on probation status, to determine if the student is meeting the requirements of the academic plan. If the student is meeting the requirements of the academic plan, the student is eligible to receive Title IV aid as long as the student continues to meet those requirements and is reviewed according to the requirements specified in the plan.

4. Regaining Eligibility

Students who are not meeting SAP requirements for GPA or pace may regain eligibility on their own without submitting an appeal by attending and achieving overall SAP requirements without the assistance of federal financial aid. Students who are not meeting SAP requirements are checked each semester and are made eligible for federal aid if they are now meeting overall SAP requirements.

The same process applies to students who have submitted an SAP appeal that has been denied, they can attend without the use of federal financial aid. Students who have been denied a SAP appeal can re-appeal after one semester without federal aid. These students are monitored each semester and are made eligible for federal aid if they are now meeting overall SAP requirements.

Academic Standing

At the end of each semester, a student's progress will be monitored. When there is evidence of lack of satisfactory academic progress toward meeting graduation requirements, the Academic Committee may place students on academic warning or probation or disqualify them from attendance at the university.

Academic Warning

When students fail to earn the required minimum GPA for a semester, they are given an academic warning at the end of the semester. When students on academic warning do not achieve academic progress consecutively for the semester, they are placed on academic probation. Students on academic probation who do not meet the minimum requirements will be academically dismissed from the institution. Accordingly, when students fail to meet the GPA requirements consecutively for three semesters, they will be dismissed.

Academic Probation / Dismissal

When a student fails to make satisfactory academic progress after the academic warning period, he may appeal that result on the basis of his injury or illness, the death of a relative or other special circumstance. His appeal must explain why he failed to make satisfactory progress and what has changed in his situation that will allow him to make satisfactory progress at the next evaluation. If based on the appeal CPU determines that the student should be able to meet the satisfactory academic progress standards by the end of subsequent semester, CPU may place him on probation without an academic plan. This probation status lasts only one semester. If based on the appeal CPU determines that the student will require more than one semester to meet progress standards, CPU may place him on probation and develop an academic plan for him. According to the requirements specified in the plan, CPU will review the student's progress at the end of each semester as is required of a student on probation status, to determine if the student is meeting the requirements of the academic plan.

A student failing to meet the minimum standards by the end of probation period may be dismissed from CPU. Also, those students who do not complete the degree program requirements within the maximum period granted will be dismissed from CPU upon the decision of the Academic Committee and will be terminated as a F-1 student from the SEVIS/I- 20 system. See Full-time Study and Time Limitation for maximum periods granted.

Academic Integrity Commitment

The maintenance of academic integrity and quality education is the responsibility of each student at CPU. Cheating or plagiarism in connection with an academic program is an offense for which a student may be expelled, suspended, or given a less-severe disciplinary action. Academic dishonesty is a serious offense which diminishes the quality of scholarship and defrauds those who depend upon the integrity of the educational system. Academic dishonesty includes:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
 - 1) Students completing any examination should assume that external assistance (e.g., Books, notes, calculators, conversations with others) is prohibited unless specifically authorized by the instructor.
 - 2) Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
 - 3) Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.
2. Fabrication: Intentional falsification or invention of any information or citation in an academic exercise.
3. Facilitation of academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

4. Plagiarism: Intentionally or knowingly representing the works, ideas, or work of another as one's own in any academic exercise. If plagiarism is discovered for the first time, students will receive a grade of F for the work. However, upon second violation, students will be expelled from the seminary.

Programs

English Language Studies Program (ELSP)

Mission Statement and Purposes

ELSP in California Prestige University is a place that offers diverse educational and cultural classes and seeks to serve the community within a cooperative and nurturing environment. ESL Program exists to identify and accentuate the strength and personhood of each individual through its classes and activities. Through an interactive and diverse approach to teaching in listening, speaking, reading, and writing in all academic areas we respond to the educational goal of each student. This sense of connection develops English language proficiency.

The objectives for ELSP

The objectives of the ELSP are to develop both basic interpersonal communication skills and cognitive academic language proficiency, to develop proficiency in the language domains of listening, speaking, reading, and writing, to develop competence in intercultural interactions, and to encourage participation in the advanced education curriculum and in extracurricular activities in our school.

ELSP Method of Instruction

CPU ELSP provides varied classes focused on development of general English language skills. These classes usually address English language skills development in the context of topics or functions of daily life, such as going to the doctor's office, shopping, or visiting a museum. Giving students the opportunity to interact with the teacher and with each other, planning instruction around tasks that promote field trips, outdoor activities, and teaching language forms in the context of meaningful learning activities are applications of second language research to the classroom environment.

CPU ELSP employs several different approaches to language acquisition and ELSP techniques that match the diverse needs, motivations, and goals of the learners and provide opportunities for interaction, problem solving, and task-based learning where learners can use English. CPU ELSP teachers use technology both as an instructional tool such as integrating multimedia packages and PowerPoint presentations into instruction and as instructional content itself for example learning word processing programs, using the Web to access information, and using English through email communications, watching document films, movies and dramas. ELSP teachers use technology to expand or individualize learning inside and outside the classroom in accordance with learners' language proficiency, preferences, and needs and to potentially reach learners for individualized activity stations and self-access learning labs.

Admission Requirements (General)

Those admitted to the ELSP are required to:

- Be 18 years of age or over.
- Have a high school certificate of graduation, or a GED.
- Have the endorsement of the ELSP faculty committee (consisting of the Director of ELSP and core group of teachers)

Admission for International Students

California Prestige University (CPU) is authorized under federal law to enroll non-immigrant international students by the issuance of SEVIS I-20 form as certification of eligibility for admission. International students must:

- Be 18 years of age or over.
- Have a high school certificate of graduation, or a GED (approved by the Korean Ministry of Education, or the appropriate governmental educational agency from the student's origin).
- Have the endorsement of the ELSP faculty committee (consisting of the Director of ELSP and core group of teachers)
- Download an application for ELSP.
- Send in an application and all required documents and financial payment.
- Be approved for ELSP.
- Receive an I-20.
- Receive an F-1 visa to attend as a non-immigrant international student.
- Arrive approximately within 30 days of when the semester begins.
- Make an appointment and visit the Dean of International Student Affairs for counseling regarding their non-immigrant F-1 visa status.

Please note that international persons having an E, R and H visa, and their spouses are allowed to study ELSP at CPU. Students who are studying under an E, R and H visa must carefully watch when their nonimmigrant visas expire and allow (4) months for a change of status application to be processed, and final decision rendered.

CPU will not assist students and their spouses who want to study and need to change their status to F-1. Students and spouses must utilize the services of an attorney to change their status. Students must recognize that the application of a change of status does not guarantee approval of the change of status. CPU is not responsible for SEVIS's final decision.

CPU will accept transfer students from another college who are "terminated" F-1 status on an individual basis after careful review of the situation by the ELSP director and Dean of International Student Affairs. A reinstatement will be required by the "terminated" status student and the time duration for this process can be 3-4 months. Those interested in a reinstatement must utilize the services of an attorney. The student will be allowed to enroll and take classes while the reinstatement request is processed. If the reinstatement is denied, the student will no longer be able to continue their studying at CPU. Only one reinstatement petition is permitted per student.

Transfer Students

Transfer students from another English language learning center / or some English language learning must:

- Complete the English Placement Exam and begin enrolling in courses at the level selected by the ELSP faculty committee.
- Complete at least (1) one semester of full-time ELSP coursework at CPU.

- Complete their remaining ELSP coursework with a GPA of (C or 2.0) or higher. Have the endorsement of the ELSP faculty committee.

Graduation requirements

To graduate, a student must have a minimum grade average of 70% (C-) or better, maintain an 80% attendance ratio, fulfill all other requirements stated in this catalog, and be in good financial standing with the school.

Placement Exam

All students are required to take a Presbyterian Theological Seminary (CPU) English Placement Test (PEPT), and according to their results, they will be placed in courses at their level of proficiency in English. The placement exam is given (two-three weeks prior) to the semester beginning and on new student orientation day. Please schedule your arrival early enough for you to participate in the PEPT. The placement test cost is \$25.00 per person on the placement test date. If you miss that date, the placement test cost is \$100.00 per person.

The placement exam consists of three (3) parts:

1. Standardized test (assessing listening, grammar, vocabulary and reading level)
2. Oral interview (assessing speaking and comprehension level)
3. Writing test (assessing writing and grammar level)

The results of the placement test are reviewed by a committee of teachers and the Director of the ELSP to ensure that the student/audit student is placed at the appropriate level. The placement test usually takes 2.5 hours to complete.

When are ELSP Classes offered?

The ELSP courses are offered during the fall, spring, and summer:

- Fall semester (September through December) - 15 weeks
- Spring semester (January through May) - 15 weeks

Credit for existing degree programs at California Prestige University

Please keep in mind that if a student intends to apply for a program of study at California Prestige University (CPU), they must fulfill the requirements of that program (B.A., M.Div.) to be accepted into that program. Finishing the ELSP does not fulfill any of the requirements and does not assume acceptance into that program.

ELSP graduates who desire to begin B.A. or M.Div. and MAICS program studies at CPU may elect and receive up to 12 credits towards the B.A. degree and up to 3 credits towards the M.Div. and MAICS degree. If the student elects to do so it comes with the understanding that these credits take the place of all the elective options and that the student will not be allowed to take any additional English courses for credit. Any additional English courses taken by the student will only count as extra or additional units not towards the degrees. The student will be encouraged to register/take the core courses only that fulfill the degree requirements.

Master of Divinity

Program Goal

The Master of Divinity program primarily prepares pastors for the parent denomination, KPCA, and secondarily trains leaders for the diverse ministries both in the narrow context of the KPCA, and the wider context of the global kingdom of God.

Program Learning Outcomes (PLOs)

Upon graduation, the student will

1. Religious Heritage

- 1) Demonstrate an introductory graduate-level understanding of the Bible and an ability to interpret and communicate the Bible accurately
- 2) Articulate the theological views of KPCA in a larger Reformed theological milieu
- 3) Comprehend historical theology and its significance for the contemporary situation

2. Personal & Spiritual Formation

- 1) Deepen one's knowledge of and love for God, self, and others
- 2) Understand the dynamic process of spiritual transformation into Christlikeness
- 3) Cultivate a deeper intimacy with Christ in personal life through development and practice of spiritual disciplines (formational habits)
- 4) Exhibit an increasing degree of the fruit of the Spirit, that is, love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control.

3. Cultural Context

- 1) Develop a Christian worldview and apply biblical principles to individuals, communities, and the world, in view of diverse religious traditions of the world and particularities of different cultures.
- 2) Develop the ability to critically evaluate insights drawn from the humanities, natural sciences, social sciences, and the arts from a biblical perspective, integrate with theology, and apply to their life and ministry.
- 3) Write graduate level research papers effectively.

4. Ministerial and Public Leadership

Demonstrate an understanding of and ability to integrate biblical principles of leadership and theological knowledge with professional skills vital for effective ministerial and public leadership, such as administration, preaching, teaching, counseling, evangelizing, discipling, and worship.

Admission Requirement

Those admitted to the Master of Divinity are required to have:

- B.A. degree or its equivalent.

The psychological evaluation seminar identifies and treats individual psychological difficulties and related problems that occur in the actual coaching field by identifying individual personality, interpersonal characteristics, and potential through overall comprehensive psychological testing tools used in clinical settings. This course is composed of content that can develop a basic understanding of psychological tests and the ability to apply them to various cases so that students can decide how to deal with them and how to deal with them.

Doctor of Intercultural Studies

Program Goal

The Doctor of Intercultural Studies is an advanced professional degree, designed to equip diaspora Christian leaders and mission workers for increased skills and effectiveness while serving in pluralistic and multiethnic contexts. This in-service program is designed for ministers who are already involved in cross-cultural work.

Program Learning Outcomes (PLOs)

Upon successful completion of the program, the student will be able

1. To develop a comprehensive knowledge of the disciplines of contextual studies to apply their training to their cross-cultural ministry context.
(2. PC 732 Contextual Methodology: Contextualization from Pauline Perspectives) (3. PC 750 Anthropological Methodology: Ethno-theology) (4. PE 750 Theological Methodology: Theologizing in Global Contexts)
2. To develop a competence to apply original research and writings that advance theological understanding for the sake of church, mission, and society.
(PR 750 Research Design) (4. PE 750 Theological Methodology: Theologizing in Global Contexts) (3. PC 750 Anthropological Methodology: Ethno-theology) (PI Tutorial 3)
3. To apply a breadth of knowledge of contextually appropriate and theologically sound missiology to their current ministry contexts. (1. PT 750 Missionary Ecclesiology) (3. PC 750 Anthropological Methodology: Ethno-theology)
(4. PE 750 Theological Methodology: Theologizing in Global Contexts) (PI 710 Tutorial 1)
4. To enable the student to apply contextual studies in its dimensions of teaching, and contextual ministries.
(6. PR 750 Research Design)
(4. PE 750 Theological Methodology: Theologizing in Global Contexts)
(3. PC 750 Anthropological Methodology: Ethno-theology) (PI 720 Tutorial 2)

Admission Requirement

Those admitted to the Master Arts in Intercultural Studies are required to have:

- Master of Divinity Degree with 5 Intercultural Studies courses or;
- Master of Arts in Intercultural Studies.
- Master of Arts in Intercultural Studies or,
- Master's Degree (with any other major) with 5 Intercultural Studies courses
- A formal application
- A minimum of 3.4 cumulative grade point average for master level degree.
- A minimum of 5 years of cross-cultural ministry (5 years after having been commissioned, spouse included) or pastoral experience (5 years after having been ordained or as wife of an ordained pastor). Degree Requirement

Total credits for this degree program: 32 units

The full-time load for the D.ICS is designed to be 8 units per semester, which comprises 2 classes of 4 units each. This will translate to 3 semesters for 24 units of classes. An additional 8 units of dissertation writing will be required for the D.ICS program. The full-time load for the dissertation writing is designed to be 4 units per semester, which translates to 2 semesters for the dissertation writing. Therefore, the total minimum amount of time required to complete this degree is 5 semesters which equals to 2.5 years.

Doctor in Intercultural Studies program facilitates an orderly progression of studies toward its goals within a specified length of time. The students will be carefully evaluated after a year of study in the form of an advisor's evaluation to advise those who do not show sufficient signs of promise.

The advisor's evaluation will be based upon the grade that the student received during the first year of course work. The student must take 3 required courses out of 4 classes in the first year and the minimum grade for the required courses will be B+.

Method of Instruction

1. The method of instruction will consist of both direct in class and on-line lectures.
2. Experienced world class faculty members will provide the lectures based on the following:
 - A course outline that includes sequence of instruction and specific learning outcomes.
 - The sequence of instruction will include a list and brief description of each topic presented in the order of instruction along with a brief description of the lessons devoted to each topic.
 - Students will be required to discuss, and present critical themes presented in class which will enhance the in-depth research capabilities for each student.
 - Each course will require a written research thesis devoted to the topic during the class lectures.
 - In-depth critical review of published literatures presented in class
 - Faculty members are required to spend an appropriate amount of time evaluating the progress of student learning and course material presented by the students that will ultimately lead to final dissertation in the area of their desired research.

Core Courses (3 out of 6 courses, 12 units)

1. PT 750 Missionary Ecclesiology.
The purpose of this course is to develop a missionary ecclesiology in the light of missiology. Missionary leaders need to revisit its ecclesiology on the historical self-understanding of the church (drawing from both the Apostle's Creed and the marks of the Church), as well as developments in globalism and ecumenicism. The church should restate its self-understanding in terms of being a missionary people. This course advocates a closer identification between the local congregation and the universal church to redefine ecclesiology. Local Congregations the world over will gain new life and vitality only as they understand the missiological purpose for which they alone exist, the unique culture, people and needs of their context, and the missionary action through which they alone will discover their own nature as God's people in the world.
2. PC 732 Contextual Methodology: Contextualization from Pauline Perspectives
The purpose of this contextual methodology is to study the Apostle Paul's mission theology and methodology. The value of this comprehensive survey lies in part in its grounding in

careful expository studies of Paul's ministry as revealed in Acts and in the corpus of the Pauline epistles. This Pauline study illustrates the abiding relevance of Paul's first-century insights for missionary thought and practice in the twentieth century. It covers theology (the sources and nature of Paul's theology and his theological assumptions for mission), conversion (Paul's conversion in Acts; conversion as reality, experience, and process; and conversion and the real world), the convert's new life (what its spiritual basis is and how to live it) the church (its oneness, diversity, and contextuality; its leadership, worship, discipline, and finance), and the missionary (his or her credentials and ministry). It is dynamic, evangelical, pastoral, contextual and holistic.

3. PC 750 Anthropological Methodology: Ethno-theology

The purpose of this anthropological methodology course is to study dynamic Biblical theologizing in Cross-Cultural Perspective(ethno-theology). Employing Charles Kraft's anthropological methodology, the development of 'biblically grounded theological models' that will enable us to be more effective in communicating the Christian message in a multicultural world. This study process will create a kind of 'paradigm shift' or radically altered view of cross-cultural theologizing in the mind of the student. The course deals with the concept of 'dynamic equivalence' and applies it to the areas of translation, preaching, theologizing and church planting.

4. PE 750 Theological Methodology: Theologizing in Global Contexts

The purpose of this theological methodology course is to know God in Global Contexts. The theology of mission is both globally significant and locally articulated. Knowing God in context involves knowing the one God who created one world, in grace offered one covenant in many forms, sent one Son, and is in our midst through the One Holy Spirit who created one Church. Yet, in the midst of unity, there is a wonderful, miraculous, and unexplored diversity whereby the knowing of God in context seeks to develop the full richness of God's revelation in the midst of human cultures. The scope, fullness, and depth of God's mission is so large that no one Christian tradition seems to be able to encompass all of its aspects. At the same time, in the theology of mission we are well aware of the danger of error, heresy, and lack of clear thinking whereby non-biblical agendas too often creep into our theology of mission. The basic presupposition of this course is that the theology of mission should not be constructed as a justification for a predetermined course of action. Rather, mission practice should be influenced by our theology of mission. At the same time, theology of mission will not be appropriate missiological reflection unless it is carried out in context, in the midst of missiological praxis, and with the full participation of both theoreticians and practitioners of mission, in the context of the world church.

5. PH 750 Historical Methodology: Theologizing in World Christian Civilizations

The purpose of this historical methodology course is to provide a chronological overview of the historical and cultural aspects of the global development of the biblical faith and the Christian movement, with special attention to the biblical foundations for addressing the roots of human problems around the world. An overview is given of the past and present with focus on understanding factors that enabled the biblical faith to become a global phenomenon. The positive and negative impact of the Christian movement on culture and human development is examined as well as principles for effective cross-cultural communication of biblical faith.

6. PE 760 Instructional Design.

The purpose of this course is to develop an instructional design for mission perspectives program for the church and missionary leaders. Through this course, missionary learners will learn the advanced concepts of missiology, focusing on Ralph Winter's Mission Perspectives program. Missionary leaders will be able to develop their own instructional design appropriate for each church, seminary, or missionary organization.

Research Design (4 units)

PR 750 Research Design

The purpose of this course is to develop a dissertation proposal and methodology. This course aims to help learners develop the knowledge and competencies needed to write a doctoral dissertation. Through this course, learners will learn the basic structure of dissertation, how to select the topic, precedent research, research purpose, thesis, and research methodologies. Through this process, learners will develop the ability to write a dissertation and make a proposal for the dissertation.

THE “INCOMPLETE” GRADE FOR DOCTORAL PROGRAMS

The grade “I” may be assigned when a student’s work is of non-failing quality but is incomplete due to problems beyond the student’s control. An “I” grade may be changed upon completion of the work agreed upon with the instructor. The work must be completed no later than the last day of finals week in the following semester.

Outstanding Incomplete grades are lapsed to a failing grade at the end of the subsequent semester. Students have until the end of finals week to complete any remaining work in cases when the instructor grants that time to the student for completion of the work.

The “I” grade shall be disregarded in determining a student’s grade point average.

PROCEDURES FOR STUDENTS

You must request and receive instructor approval for an Incomplete.

You should complete your portion of the request form, including the reason you are requesting the Incomplete which must be for good cause, such as illness. The instructor has the option to approve or disapprove the request and should state on the form how and when the “I” is to be completed. If approved, the instructor will keep a copy of this request and give a copy to you. You must complete the work to remove the grade Incomplete on or before the date agreed upon with the instructor. That date must be before the end of finals week of the following semester. Failure to complete this work within the time limit will result in a permanent failing grade.

PROCEDURES FOR INSTRUCTORS

If you agree to assign this student an Incomplete, please complete the APPROVAL portion of this form, keep a copy for yourself, give a copy to the student, and submit an “I” grade for the student using the Grades application.

Once the student has completed the work, submit the final grade using the Grades application.

Doctor of Counseling Psychology

Program Goal

The Doctor of Counseling Psychology program aims to equip students with comprehensive knowledge and practical skills in counseling psychology, coaching, and spiritual direction. The overarching goal is to prepare students to integrate these disciplines effectively, both in theory and practice, for the purpose of addressing the diverse needs within the field of ministry and practice. This program is driven by a theological perspective, recognizing the importance of theological foundations in counseling, and seeks to produce highly competent professionals capable of applying their expertise in clinical, pastoral, and spiritual care settings. The program does not lead to licensure (to practice as a psychologist) in the state of California.

Program Learning Outcomes (PLOs)

The school expects students to achieve the following through this program:

1. Students will research and develop a model that integrates counseling, coaching, and spiritual guidance through practical theology class to attempt integration, while taking into account 2,000 years of Christian history and tradition and clearly including biblical values and norms.
2. By approaching people from an integrated perspective when dealing with people in the field, students are able to broadly understand humans and their problems and at the same time demonstrate integrated care skills. Learning and mastering the basic practices of counseling, spiritual guidance, and coaching together is like welcoming patients with the facilities and capabilities of a general hospital.
3. Students utilize counseling and coaching skills in an integrated manner while also utilizing spiritual guidance that deals with their relationship with God. This not only allows them to approach human problems from the perspective of general psychology, but also to understand them in terms of their relationship with God, and to live as a faithful Christian seeking help from the living God.
4. Students live as mature believers who know how to use spiritual guidance not only as a means to solve problems as care professionals, but also as a spiritual training tool for mature believers who solve problems in their own families and raising children from God's perspective.

Admission Requirement

Those admitted to the Doctor of Counseling Psychology are required to have:

- Master's degree in counseling psychology, coaching, or spirituality or
- Completed at least two courses in counseling psychology, spirituality or coaching Additionally, a formal coaching license may substitute for a coaching course. Acceptable licenses include the Associate Certified Coach (ACC) from the International Coach Federation (ICF) or the Korea Associate Coach (KAC) from the Korea Coach Association.

Degree Requirement

- Completion of 40 units credit units with a 3.0 grade average
- Dissertation 6 units

Method of Instruction

The method of instruction includes interactive discussions, expert-led lectures, and regular assignments to reinforce learning. Dissertation planning is integrated from the beginning, ensuring a focused and practical academic progression.

Core Courses

CP700 Practical Theology and Integrative Approach for Caring Ministry

This course represents the main goal of the doctoral program that intends to integrate counseling psychology, coaching, and spiritual direction theoretically and practically in order to meet the needs in the field of ministry and practice. We believe that the task of integration is basically a theological task. It is because when we search for the better practice of caring in the context of church, we need to consider the biblical background and the church tradition of two thousand years.

CP705 Theoretical Foundations: Psychological Theories and Spiritual Counseling

This course explores the major theories of counseling psychology, including psychodynamic, cognitive-behavioral, person-centered, gestalt, Adlerian individual, solution-focused, and acceptance and commitment. More focus is on learning and studying these major theories, but special consideration is given to the application of theoretical models to clinical practice, and by extension their application to pastoral and spiritual care.

CP 750 Spirituality and Psychology

This course deals with why spirituality is related to psychology and in what ways psychology can contribute to understanding spirituality. Specifically, we will explore analytical psychologists (mainly Carl Jung), transcendental psychologists, and psychologists dealing with "self-understanding" to suggest why spirituality is part of anthropology for human understanding rather than a category of theology.

CP710 Counseling Techniques and Interventions

This course deals with the three major subjects of introduction of counseling techniques, practice for case studies, and counseling ethics in order for the students to enhance the capability applying counseling theories to the clinical settings and to improve the competency as counselors. As the course progresses, supervision will be provided for the students based upon the counseling cases from the students. At the same time, ethical issues will be thoroughly examined for the students to grow mature as a professional counselor.

CP770 Spiritual & Existential Coaching

The course is based on cognitive theories, skills training, and research. Also, this course will start with core competencies such as active listening and building a critical understanding of common coaching paradigms and explicitly existential skills. Professional ethics, the psychology of worldviews, and a grounding in spiritual and existential philosophy will also be investigated. This course will give students a focused approach to spiritual and existential thinking and practice.

CP800 Research Methodology and Data Analysis

This course provides students with a comprehensive overview of research methodologies and data analysis techniques used in academic and professional settings. Students will explore various research designs, data collection methods, and statistical tools for data interpretation. Emphasis is placed on developing the ability to critically evaluate research findings and to apply quantitative and qualitative analysis skills in a scholarly manner.

CP790 Case Study with Practicum for Integrative Practices

These courses are intended for the students to train the integrative approaches of counseling and coaching through their actual practice cases. The class is organized based upon the three-stage education method of “practice-theory-practice,” which is the basic principle of doing practical theology.

CP 815 Comprehensive Exam. P/N

As the students finish their coursework, prior to beginning to write dissertation paper, they must have comprehensive exam in order to figure out whether they are prepared in counseling, coaching, and spiritual direction in doctoral level.

Elective Required Courses (12 units)

CP 715 Psychological Assessment and Its Application to Counseling Session

This course is intended for the students to learn how to make a comprehensive psychological assessment report utilizing the various psychological tests based upon the overall understanding of psychological assessment. Students as counselor can help the client to enhance the understanding of him/herself through the objective and projective tests regarding personality type, behavior orientation, seriousness of symptoms, psychological resources, affection, relationship pattern, inner strength and potentiality, etc.

CP 755 Advanced Spiritual Direction

This course is to understand the correlation between supernatural grace intervention and personal response, which is the basic framework of spiritual growth, and study the psychological dynamics that appear as the resultant process of spiritual growth. At the same time, learn how to identify spiritually on a natural and transcendent level, and experience spiritual guidance through practice.

CP 775 Evidence-Based Coaching with Psychological Theories

Recognizing that the coaching process is non-medical, collaborative, and highly contextual, this evidence-based coaching course allows all the students to understand better and optimize their coaching interventions. This evidence-based coaching course applies recent behavioral science research to executive and personal coaching, preparing students to facilitate change to help individuals and organizations improve performance and achieve goals. This coursework also allows students to study a contextual model of coaching approaches, systems & complexity theory, behavioral and humanistic perspectives, cognitive coaching, an integrative & goal-focused approach, positive psychology, culture & coaching, and more.

Dissertation (6 units)

CP810 Colloquium for Dissertation Proposal 3 units

This course is intended for the students to learn how to prepare the dissertation proposal including the dissertation subject, literature survey, methodology, and the outline of the dissertation. As the students share the proposal altogether in the class, they can not only learn the various perspectives on the subject but also secure and sharpen the particularity and objectivity of his/her own dissertation subject.

CP 850 Dissertation 3 units

Students write a dissertation based on the thesis topic you have selected and prepared while studying during the semester. Since the research on the topic of the dissertation and its overall structure have already been roughly made through the thesis proposal, the research subject was selected to prove the research topic through actual cases. Then research procedure and result analysis must be well planned and carried out.

Doctor of Ministry in Compelling Preaching

Program Goal

The Doctor of Ministry (D.Min.) program predominantly focuses on the study and practice of Korean-American ministry and its role in globalization, with special emphasis on preaching, consisting of 32-unit curriculum. The program is crafted with a unique teaching method of the apprenticeship model, focusing on a 1:1 mentorship model that equips students with the essential knowledge, skills, and leadership acumen necessary for effective ministry within diverse church and mission field contexts across various cultures and generations.

Program Learning Outcomes (PLOs)

Upon successful completion of the Doctor of Ministry program, students will demonstrate the following program learning outcomes:

1. Advanced Ministry Competence:

Graduates will exhibit advanced competence in ministry, demonstrating the ability to manage challenging ministry situations and create tools and strategies for ministry growth. This competence integrates enhanced theological insights with the practice of ministry leadership in complex and evolving contexts.

2. Strategic Leadership Proficiency:

Graduates will demonstrate an advanced proficiency in leadership by applying cutting-edge theories and methodologies to guide diverse communities, and to address complex issues in ministry settings.

3. Cultural and Generational Intelligence:

Graduates will enhance and integrate multi-cultural and multi-generational expressions by employing this nuance of innovative ministry approaches in diverse and multi-contextual settings.

4. Futuristic Synergy Networking:

Graduates will synthesize contemporary leadership models and networking strategies to pioneer effective ministry initiatives in a digitally interconnected landscape.

5. Spiritual and Personal Maturity:

Graduates will articulate and integrate a holistic approach to spiritual formation, equipping them to guide their own development and that of others within their ministry contexts, fostering spiritual maturity in a diverse and evolving community, and serving as spiritual leaders for both individuals and the pastoral community.

Admission Requirement

Those admitted to the Doctor of Ministry are required to have:

- M.Div or its equivalent degree completion
- A 3.0 grade point average for all previous studies

DP710 History of Korean Immigration and Korean Immigrant Church in U.S.

This course introduces the history of Korean Protestant churches in general and immigrant Korean churches in the U.S. in particular. It provides immigrant and second-generation pastors with a broad historical perspective of Protestant Christianity, first introduced to Korea in the 19th century. Given the close relationship between American and Korean Christianity, mediated by American missionaries in Korea, this course will examine American Protestant Christianity's significant influence on the emergence of Korean churches in the 20th century. Furthermore, this course will investigate the history of immigrant Korean churches in the U.S., with particular attention to their continuity and discontinuity with churches in Korea. The course also explores how these historical dynamics continue to influence contemporary church practices and challenges within the Korean immigrant community.

DP720 Contextualization and Culture of Korean Immigrant Church

This course provides students with insight into the cultural context of the Korean immigrant church. The Korean immigrant culture is highly unique, and understanding this culture is vital for connecting with the congregation effectively. Students will learn to contextualize their preaching within this distinctive culture to make their messages more compelling. The course will also address the challenges of engaging both first-generation immigrants and second-generation Korean Americans, who may hold different cultural expectations and values, ensuring that preachers can bridge these generational and cultural divides.

DP730 Contemporary Issues in Preaching Ministry

This course explores a range of contemporary issues relevant to the Korean immigrant church and examines how these issues intersect with the preaching ministry. Preachers will learn to address these issues effectively in their sermons, making their preaching more relevant and compelling to their congregations. Through a combination of lectures, mentorship, and practical assignments, students will refine their preaching methods and adapt their messages for diverse audiences. The course will also include case studies and real-life examples of how contemporary issues are being

addressed in current preaching practices, with opportunities for peer feedback and reflection to develop both content and delivery skills.

DP731 Leadership Communication in Preaching Ministry

This course is designed to equip pastors with the essential leadership and communication skills necessary to deliver powerful and impactful sermons. Effective leadership communication forms the foundation of a successful preaching ministry, as it enhances message delivery and influences audience engagement, understanding, and spiritual growth. By developing both strong leadership and communication abilities, pastors can become more influential preachers, guiding their congregations toward deeper spiritual maturity and fostering a more life-giving church community. The course will also explore how these communication skills in the pulpit can extend to other areas of ministry, including pastoral care, community engagement, and church leadership.

DP750 Multicultural and Multigenerational aspects of preaching ministry

This course examines the multicultural and multigenerational dynamics within the Korean immigrant church and their impact on the preaching ministry. It addresses the challenges posed by the various subcultures within the Korean church context and the distinct generational gaps that exist. The course will explore how these factors affect preaching and will equip preachers with practical strategies for navigating these complexities. Students will learn techniques for addressing generational divides and bridging cultural gaps within the congregation, ensuring that their preaching remains relevant and impactful across diverse groups.

DP800 Compelling preaching for today's culture

This course focuses on the relevance of preaching in today's culture, particularly within the context of the Korean immigrant church. With the exodus of younger generations from the church being a pressing issue, the course will delve into the unique cultures of Millennials and Gen Z to help preachers connect more effectively with these groups. Students will learn strategies for making their preaching more compelling to younger audiences while maintaining theological depth. The course will also explore the use of digital and social media as tools for engagement, recognizing their importance in the cultural landscape of younger generations.

OPDP Mentorship (DP730, DP731, DP750, and DP800)

The OPDP Mentorship is an integral part of the Doctor of Ministry program, meticulously designed to be embedded within each course, including DP730, DP731, DP750, and DP800. This mentorship framework ensures that students receive ongoing guidance and support tailored to their individual needs and ministry contexts. In the Compelling Preaching track, the mentorship is specifically structured to focus on the development of preaching skills as a key aspect of church leadership. The Mentor professor will meet with the student individually through Zoom, conference calls, or other agreed-upon methods, providing a flexible and personalized mentoring experience. While students take two courses related to OPDP mentoring, they will receive one-on-one mentoring for one hour each week, ensuring consistent guidance and support throughout the program. Through sermon-based mentoring, students are guided to achieve Program Learning Outcomes (PLOs) 1 through 5. This approach helps students not only refine their preaching skills but also develop advanced ministry competence, strategic leadership, cultural and generational intelligence, futuristic synergy, and spiritual maturity. The mentorship process is designed to empower students to apply these skills effectively in their ministry, ensuring they grow as impactful and dynamic leaders.

DP770 Capstone Seminar

This seminar serves as an orientation to the capstone process, providing students with a comprehensive overview of how to develop, write, and submit their capstone projects. The seminar covers essential elements such as selecting a research topic, understanding research

methodologies, and the overall structure and requirements for the capstone project. It prepares students for the detailed work they will undertake in the subsequent courses.

DP771 Doctoral Capstone I and DP881 Doctoral Capstone II.

DP771 Doctoral Capstone I

This course marks the beginning of the capstone project, where students embark on the initial stages of their research. Students select a research topic of interest, conduct a comprehensive literature review, and define their research objectives and methodology. The course lays the groundwork for the research project, allowing students to identify a relevant and original research question within the field of ministry related to preaching. This stage provides the foundation for DP881 Doctoral Capstone II.

DP881 Doctoral Capstone II

In the DP881 Capstone II course, students take their research project to its conclusion. Building upon the work started in DP771, this course involves the implementation of the research plan, data collection, analysis, and the formulation of research findings. Students are expected to draw meaningful conclusions from their research and communicate their results effectively through a well-structured research report or thesis.

Doctor of Ministry in Ministry Skills for a Thriving Congregation

Program Goal

This program focuses on preparing leaders to minister to elderly congregations in modern church settings, addressing the unique needs and challenges faced by senior members consisting of 32-unit curriculum.

Program Learning Outcomes (PLOs)

Upon successful completion of the Doctor of Ministry program, students will demonstrate the following program learning outcomes:

1. Theological Competency – Graduates will exhibit competence in theological areas and in critical thinking that are related to the ministry skills that they are pursuing and be able to apply to the congregation of their own context for thriving congregation.
2. Leadership Capacity – Graduates will obtain leadership skills to lead congregation and their constituents in their own context to effectively minister in their settings for a thriving congregation outcome.
3. Contextual Competency – Graduates will learn practical aspects of their ministry issues and will be able to identify, frame, and respond to various issues in their ministry context for thriving congregation.
4. Spiritual Maturity – Graduates will gain personal and spiritual maturity so that they will be able to reinvigorate and deepen their ministry calling in whatever context they are in for a thriving congregation.

DM710 Aging and Christian Counseling

This course provides an understanding of the nature of aging and the elderly. Theories and strategies for facilitating optimum care of Korean elderly immigrants are addressed and issues of ageism are explored. This class will help the pastors serving the senior members to counsel them properly understanding their situation better.

DM720 Pastoral Care for Loss and Death

This course provides an understanding of the grief process and basic counseling strategies for people undergoing grief. The senior members will face the loss and death of their spouses and loneliness of being alone without their spouse. This class will train the pastors serving the senior members to effectively care for them and give them tools to encourage and empower them.

DM730 Clinical Pastoral Education 1

This class is usually taught to the students who want to work as a chaplain in health care settings. But this class will also benefit the pastors serving the senior members of the congregation. The pastors who serve the senior members will be highly benefited from this course as they learn to help them cope with ailing bodies and minds as they grow old.

DM740 Current State and Future of Senior Ministry in Korean Immigrant Church Context

This class will explore the current nature of senior ministry of Korean immigrant church and future that it holds in Korean immigrant church. This class's main purpose will be vision casting and method of empowerment of senior ministry in Korean immigrant church context.

DM705/ SBS 543 Community Mental Health

Students will engage people working in community mental health to understand and prepare for this job setting. Mental health status and interventions at a community level will be reviewed.

DM715/ SBS 570 Child, Spousal & Partner Abuse

This course provides a comprehensive overview of laws, regulations, and best practices in the assessment, intervention, and reporting of child and spousal/partner abuse. Students will compile a resource binder for abuse victims in Los Angeles or any local city of student residences, gaining the skills to connect individuals with the necessary community resources. The curriculum includes learning effective tools for aiding abuse victims in their recovery journey, exploring how various systems (culture, family background, gender, society, socioeconomic status, etc.) impact the conceptualization and treatment of abuse victims. Additionally, the course addresses trauma-informed therapy and prevention techniques.

DM725/ SBS 620 Dependent Adult & Elder Care

This course focuses on the social and personal needs of senior citizens and dependent adults, emphasizing their right to live and age with dignity. Students will explore legal protections, recent statistics on issues like suicide and substance abuse, and the importance of consumer-centered care. The impact of culture, gender, family background, and socioeconomic status on dependent adults, elder care, and aging will also be addressed.

Distance Education

1. Vision

Our vision is to see people of all nations come to know Christ, grow in His character, and live a Christ-centered life.

2. Mission Statement

Our mission at The Department of Distance Education at CPU is to utilize technology effectively to provide affordable and accessible learning opportunities for students- who because of time, geographic, or other constraints- choose not to attend traditional, on-site classes at CPU. The efforts of the Department aim to promote innovative and accommodative sound design, development, and delivery of online courses to meet the educational needs of our students and faculty. Measures have been established to ensure faculty are well-prepared to confidently develop and deliver high-quality, engaging, and academically rich distance learning courses- providing students with a challenging and rewarding educational experience. Prepare for God's call with curriculum and resources that help you grow personally, spiritually, academically, and vocationally.

Ultimately, our mission is to equip men and women for missional living by training them to grow in the knowledge and character of Christ, to live a Christ-centered life, and to lead others to do the same in any setting God places them- whether it is multigenerational, multiracial, or multiethnic. We seek to accomplish this both in the narrow context of the parent denomination, the Korean Presbyterian Church Abroad (KPCA), and the wider context of the global kingdom of God.

3. Institutional Goals of CPU Distance education

In response to the needs of KPCA, CPU primarily provides theological and spiritual formation education integrated with ministry skills to students who will serve as pastors in KPCA. Secondarily, CPU will prepare ideal leaders for the diverse ministries for the global kingdom of God.

1) High Quality Theological Education

CPU's faculty, over 80% of whom have doctoral degrees from outstanding seminaries in the United States, offer high quality theological education where students will gain a proficient understanding of God and His Word and learn research skills that will equip them to conduct sound research.

2) Dynamic Spiritual Formation Education

CPU's spiritual formation education takes a holistic and integrative approach to lead students to grow deeper in their knowledge of, and love for, God, self, and others- which will be reflected in their Christ-centered lives in whatever setting God places them.

3) Global Leadership Education

CPU's leadership education strives to mold leaders who will have the heart to serve and lead by example- integrating biblical and theological knowledge with professional skills in ministerial and public leadership.

4) Cultural Education Across Disciplines

CPU strives to train students to critically discern the truth wherever it is found (that is, both within special revelation such as the Bible and in general revelation- the general academic disciplines such as humanities, natural sciences, social sciences, arts) and evaluate it from a biblical perspective, integrate it with theology, and apply it to their lives and ministry.

5) Bilingual Education

CPU opened Santa Fe Language & Culture School back in January 2014 in order to provide students and local residents with English and cultural education to prepare them for more effective global ministry.

4. Core Values

The following bullet points are the core values that breaks down how CPU will carry out its mission statement:

1) Missional

What we teach and practice will have a missional focus resulting in a transformed life that reflects Christ to others.

2) Biblical & Interdisciplinary

What we teach and practice will be biblical. The Bible will be the main subject of the curriculum but other academic disciplines, such as humanities and science, will be integrated with theology from a biblical perspective- taking an interdisciplinary approach. Likewise, although we have a particular doctrinal persuasion, we welcome people of differing evangelical persuasions as long as they are biblical.

3) Responsive to the Culture

We will be relevant to the culture that we are placed in and respond to the needs of the people without compromising biblical truth.

4) Holistic

We believe in the holistic development of godly people through the development of mind and character. Thus, our teaching will focus on the entire individual, including cognitive, affective, behavioral and spiritual aspects.

5) Collaborative

We strive to foster collaboration over competition. We appreciate the uniqueness of individuals and encourage working together as a team toward common goals.

6) Excellent

We strive for excellence in all aspects of our lives, both personal and institutional ministry, by exercising responsible stewardship of God-given gifts.

7) Gracious

We strive to be gracious to one another just as we have received much grace from our Lord.

5. California Prestige University (CPU) Distance Education Manual

1) Purpose and Context of Manual

CPU distance education courses and programs conform to best practices in distance education, and the policies articulated in this manual apply to all distance learning courses and programs offered by CPU.

2) Defining Distance Education

CPU defines distance education as a formal educational process in which the majority of the instructional interaction occurs when student and instructor are separated geographically. Such instruction may be synchronous or asynchronous, and may include the use of internet, one-way and two-way transmission through open broadcast, closed circuit or wireless communications devices.

3) Delineation of Responsibilities

The following groups bear specific interlocking responsibilities for distance education at CPU.

(1) Administrative Responsibilities.

- (a) To provide ongoing financial, technical, and personnel support for the development, and continuation of the distance learning program subject to budgetary constraints.
- (b) To ensure reasonable and adequate access to a range of appropriate academic support services and resources.
- (c) To ensure assessment of distance learning courses and programs.
- (d) To develop processes to ensure the integrity of student work

(2) Academic Unit Responsibilities.

- (a) To propose distance learning courses and programs.
- (b) To develop and schedule distance learning courses and programs.
- (c) To assess distance learning courses and programs.
- (d) To provide academic advice to distance learning students.
- (e) To develop processes to ensure the integrity of student work
- (f) To apply CPU's substantive change policy when creating distance learning courses and programs

(3) Information and Instructional Technology.

- (a) To provide a secure computer network ensuring the integrity and privacy of the communications and records exchanged.
- (b) To provide technical support for distance learning instruction.
- (c) To support and promote technological infrastructure online programs.

(4) Faculty Responsibilities.

- (a) To exercise control over distance learning, ensuring both the rigor of programs and the quality of instruction.
- (b) To develop and design courses that utilize the advantages of the delivery medium to achieve course objectives.
- (c) To follow CPU policy and procedure in development, scheduling, and presentation of distance learning courses.
- (d) To design distance learning instruction that meets the same standards and criteria set for traditional campus-based courses.
- (e) To participate in curriculum development, coordination of syllabi for courses taught by multiple instructors, and preparation of examinations, as required.
- (f) To order any textbooks and supplementary materials that are necessary.
- (g) To design and grade student projects, assignments, and tests in accordance with a schedule which has been communicated to students.
- (h) To implement processes to ensure the integrity of student work.
- (i) To provide for and maintain regular appropriate interaction with distance learning students.
- (j) To support and adhere to CPU Computer and Network Usage Policy and other related university policies.
- (k) To observe copyright laws and guidelines as they pertain to the Internet, the World Wide Web, software, and the use and reproduction of materials.
- (l) To secure copyright clearances on any copyright-protected materials used in distance learning course development.
- (m) To participate in CPU's assessment of distance learning.

(5) Student Responsibilities.

- (a) To ascertain possession of the appropriate skills, competency levels, course prerequisites, and equipment (including browser, operating system, and software) required for the distance learning course at <http://CPU.instructure.com>.
- (b) To determine that the course meets individual degree requirements.
- (c) To assume responsibility for contacting the assigned advisor/instructor.
- (d) To complete all assigned coursework by deadlines and before the end of the semester. Classes progress through a structured, organized learning experience based on the semester calendar. Homework for the week is usually assigned at the beginning of the week, and students will have until Friday or Saturday to complete it. Students will be expected to complete readings, practice problems, or participate in audiovisual material. There will be a due date each week for assignments, so students will have to pace themselves in order to complete assignments on time. A common tool for online classes is a discussion board, where students can discuss questions and concerns with their peers and instructors.

* Example for Due Dates for Assignment for M.Div. Program.

- (e) To participate in the evaluation of the course content.
- (f) To follow all relevant university guidelines, including the student code of conduct and academic integrity policy.
- (g) To read and adhere to CPU Computer and Network Usage Policy and other related university policies.
- (h) To observe copyright laws and guidelines as they pertain to the Internet, the World WideWeb, software, and the use and reproduction of materials.
- (i) To participate in a real time video meeting (5~7 min/student, 2 times/semester).
- (j) To participate in weekly discussions on board.
- (k) To submit a weekly assignment paper.
- (l) Weekly Learning Procedure and Time Plan.

(6) Library

- (a) To facilitate the provision of library services and resources for distance learning faculty and students. dbpia.co.kr, kiss.kstudy.com, CPU.dkyobobook.co.kr and library.CPU.edu
- (b) To encourage the development of technologically advanced remote access to library resources.
- (c) To coordinate the development and provision of appropriate information technology instruction for distance learners.
- (d) To coordinate the planning, evaluation, and improvement of library services for distance learners.
- (e) To promote the use of library resources among distance learning faculty and students.

(7) Committee on Graduate Affairs

- (a) To approve the addition, revision, and deletion of graduate distance learning courses and programs
- (b) To approve the conversion of existing graduate courses and programs to distance learning

6. General Distance Education Policies and Procedures

1) Application of Academic Policies to Distance Learning Courses and Programs

The same policies concerning admissions requirements, academic standards, academic integrity, dropping and adding classes, repetition of courses, incomplete designations, withdrawal from a course or from the Seminary, classification, grading, grievance procedures, credits, degree completion, and honors apply to distance learning as for campus-based classes, unless specifically stipulated otherwise (See the current California Prestige University Catalog).

The learning outcomes for distance learning courses and programs are identical to those offered on campus, although instructional strategies will necessarily differ. Faculty members apply the same standards for coursework and grading for both on-campus and distance learning courses.

As with on-campus courses, distance learning courses maintain sufficient enrollment to be taught and are subject to the same course deletion policies as are all courses offered by the seminary.

In addition, all distance learning courses and programs at CPU must comply with the requirements, standards, and policies of BPPE, ABHE and ATS.

2) Development of Distance Learning Courses and Programs

Since distance learning courses may, and distance learning programs will require seeking cooperation with the Office of Academic Affairs before beginning to develop distance learning courses or programs.

7. Academic Policies Specific to Distance Learning Courses and Programs

California Prestige University (CPU) provides courses through the CPU Online Campus. 12 weeks for Graduate Programs, 15 week for Undergraduate Program Online Courses are designed around an intensive, asynchronous format.

The efficiency of this format provides for acceleration of degree program completion considering the structured learning environment, interaction with faculty, staff and students.

1) Verification of Participation

Online course developers and instructors must provide a substantive means of determining participation in a course to facilitate the accurate completion of the verification roster such as weekly assignment paper, discussions, and real time video conference.

2) Course Syllabus

Online instructors must provide a course syllabus that mirrors the syllabus used in on-campus classes, but which highlights the difference of learning strategy inherent in the online course and specified on the online version of the course outline. For instance, it must be clear to a student how they will get answers to questions they would normally pose during a class meeting, or how substantive participation in the online class will be measured and assessed.

3) Verification of Identity

Online course developers and instructors must demonstrate that the student who registers in a distance is the same student who participates in and completes the course or program and receives the credit by verifying the identity of a student who participates in class or coursework by using, at the option of the instructor, methods such as (1) a secure login and pass code, (2) proctored examinations, and (3) real time video conference that are effective in verifying student identification.

8. Distance Learning Legal Policies

1) Fair Use

Distance learning courses that involve the performance and display of audio-visual and other copyrighted works are guided by the Educational Fair Use Guidelines for Distance Learning. See the webpage of the Copyright Advisory Office at the Columbia University library for guidance on Fair Use Law. This site includes a useful Fair Use Checklist. Use of copyrighted material is also governed by the University System of Georgia's Policy on Use of Copyrighted Work in Education and Research.

2) Intellectual Property

Ownership and copyrighting of distance learning courses are subject to the provisions of CPU's Intellectual Property Policy [will add link when ready].

9. Teaching Distance Learning Courses

As noted above, all policies and procedures that apply to the teaching on-campus courses and programs apply to distance learning courses and programs, as well, unless specifically stipulated otherwise.

1) Lecture

- (1) Each course is designed to be 60 min to 80 min long for 12 weeks including 8 lectures, Midterm, Reading Week and Final.
- (2) Each course provides an introduction that includes, if applicable, a course description, faculty contact information (including a statement on how long students should expect to get a reply from you), required and recommended textbooks, course learning outcomes, an explanation of course organization, the grading policy, a description of all exams, descriptions of term papers/projects, directions on how to access the course schedule, research information and links to library resources, a description of netiquette, a description of academic integrity policy for the course, advice on how to succeed in an online course, links to relevant student policies for withdraw, technical requirements for the course, any downloads or plug-ins necessary for the course, technical support contact info, and a description of support for students with disabilities. This introduction should also include a welcome message from the instructor, as well as a specific section that details expectations for success in the course. The course introduction might also include exercises to ensure that students know how to use course tools.
- (3) Each course should be well-organized with a common structure to units, if possible, and be easily navigable documents and web pages in the course should have consistent appearance.
- (4) Course units should begin with an overview that describes the outcomes, learning activities, and assessments for the unit. Overviews should also connect current unit to earlier units and make students aware of how learning activities and assessments in unit connect to course level and unit level learning outcomes.
- (5) The cornerstone of assessment of distance learning courses and programs is learning outcomes, and therefore, assessment plans for distance learning courses and programs should be based on the same learning outcomes and outcome measures with the same results targets as those used for the same on-campus courses and programs. However, since instructional strategies used for distance delivery often differ from those used in on-campus courses and programs, the responses to assessment results may differ, as well.

2) Faculty

- (1) The faculty teaching distance learning courses are assigned from the pool of CPU faculty and thus meet the same criteria as instructors for campus-based courses in the areas of academic credentials, workloads, and accessibility to students.
- (2) Curriculum Vitae for all faculty members, including credentials for teaching distance learning courses are on file in the Office of Academic Affairs. If utilized, adjunct faculty must be reviewed and approved as possessing a combination of appropriate academic credentials and experience in the discipline in which the course is being taught. Any faculty member developing a distance learning course is given first priority in teaching that course. 3) Faculty should prepare and participate into discussions/forums for classes, grade class assignments, prepare exam(s), if needed give make-up exam(s), grade exams, calculate grades, interact with students each week at least 3~5 hours, and supervise student research papers.

3) Faculty-Student Interaction

Faculty teaching distance learning courses must provide students with an email address and a phone number. Each course introduction should contain an indication of how quickly students may expect a response.

It is essential that distance learning courses provide an adequate system of interaction between teacher and students. Other forms of communication could include fax numbers, post office addresses and communication options available through the Learning Management System employed. In cases where there are class meetings (such as interactive compressed video), a period of time before or after class or during a break may be used to discuss more general concerns of distance learning students. Since regular and timely feedback from course instructor to student is crucial for the success of the distance learning program, faculty must provide an appropriate amount of feedback to distance learning students. Faculty must provide real time video meeting and real time video conference (20~ 25 min long, 2 times/semester).

4) Faculty Development and Support

Faculty development and support are key to the long-term success of the distance learning program. Without the requisite skills and resources to adapt to new teaching and learning environments, faculty will be unable to respond to the demands of the distance learning program. CPU is committed to providing appropriate faculty support services specifically related to distance learning. Institutional support includes, but is not limited to, providing adequate and up-to-date technology, providing appropriate technical assistance, such as help and training, and compensating faculty for the development of courses designed to be delivered entirely by remote means, such as the Internet. Additionally, distance learning faculty meet together formally each semester to discuss issues related to the effectiveness of the program.

Library Resources

The California Prestige University (CPU) Library is committed to fulfill its mission that provides access to learning resources to CPU students, faculty, and staff in support of the research and educational mission of the seminary. To maximize the use of the resources, the library also provides information literacy instruction services to the CPU community.

Furthermore, the CPU library supports life-long learning of CPU alumni, ministers, and missionaries around the world by giving access to electronic resources and guidance. The CPU Library holds a wide range of information resources, including approximately 28,000 books.

In addition, to provide learning resources for online degree program students, CPU online education has DBPIA, KISS, KSi, and Kyobo as CPU Learning and Research Resource (PLR) to the online students. DBPIA provides over 7,000 e-books and full text databases including more than one million articles from about 7,200 Korean scholarly journals in various fields of society, literature, economics & business, medical science, humanities, theology, law & administration, arts, engineering, natural science, and education. All the back issues of each journal title are available and title, author, keyword, journal title and publisher searchable.

Learning Management System

CPU Online Education has researched and used a learning platform, Canvas. This is CPU Online Education's multi-functional learning platform that supports administrative, academic and technological responsibilities. Registered students in the online program will be contacted by Canvas Team staff who will assist with basic questions. Online tutorials, references, and links are also available and provided during online student orientation.

The learning management platform supports any file types including MSwords, PDFs, videos, PPTs, DOCX, SCORM, AICC and xAPI-compliant packages. Canvas provides a secure computer network ensuring the integrity and privacy of the communications and records exchanged. It fully and functionally supports and promotes students to fully participate in learning activities through an automation screening system. On the weekly basis, the learning platform automatically informs online students and professors regarding pending and completed tasks or their performance. For assistance with technical issues throughout courses, personnel in the IT and Canvas team are available.

10. Taking Exams and Securing a Proctor

Some distance learning classes at CPU require proctored exams as part of the identity verification procedure for the course. Typically, the instructor will require students to take the midterm or the final exam for the course at a physical location where their identity can be verified through presentation of identification and completion of an exam under controlled conditions. Instructors facilitating these courses will often set up some exam periods on CPU's campus, or they may ask students to schedule a time with a testing proctor.

1) The Proctor's Role

CPU requires proctor verification to ensure academic integrity and maintain accreditation by BPPE, ABHE and ATS. Your proctor is responsible for maintaining the academic integrity of the exam process on behalf of CPU.

If the proctor believes that the academic integrity of the exam process has been compromised, he or she has the right to stop the exam. Whether or not the exam is stopped, the proctor will report the incident to the CPU and will share the information with your course instructor, who will decide on the appropriate action, consistent with the CPU's policy on academic integrity.

(1) What You Need to Know before You Find a Proctor

- (a) To find out how your course's exams will be proctored, you can review your course syllabus in Moodle.
- (b) Your proctor must meet our requirements*, and you must submit documentation verifying your proctor's qualifications before your proctor can be approved.
- (c) Your proctor must be approved before any exams can be taken.
- (d) While many proctors will serve on a voluntary basis, you are responsible for paying any expenses incurred in retaining a proctor.

(2) How to Make Proctor Arrangements and Take Exams

Follow these steps to ensure that you will be ready to take your exam with an approved proctor:

- (a) Decide whether you will take exams at exam centers* or with an individual proctor.
- (b) If you plan to take exams with an individual proctor, your proctor must be approved. For new proctors, review our proctor requirements* to ensure that your proctor is qualified and collect any required documentation of the proctor's position.
- (c) Nominate your proctor for approval using POLC. You will receive an email from CPU.online@CPU.edu to your registered email account, notifying you whether your proctor has been approved.
- (d) When your proctor is approved, or if you decide to take your exam at an exam center, log in to our proctored exam portal and choose the proctor or exam center for the exam you wish to schedule.
- (e) Once you have chosen your proctor or exam center, you must still schedule the exam. For the CPU Testing Center, you can schedule your exam in the proctored exam portal. For any other testing center, or for an individual proctor, you must contact the exam center or proctor to schedule the exam. Note that some exam centers require two weeks advance notice to schedule exams.
- (f) Review our exam procedures to prepare for your exam. You and your proctor will both also receive email reminders of your exam and our exam procedures.
- (g) Take your exam at your scheduled exam time and location. You must begin your exam at the beginning of the exam time you have scheduled. Contact CPU.online@CPU.edu or admin.online@CPU.edu if you or your proctor experience any technical difficulties with accessing the exam.
- (h) If you are unable to take your exam during the scheduled exam dates, you must notify us: Notify your proctor and determine whether you can reschedule the exam within the scheduled exam dates.

If you must reschedule the exam outside the exam dates, contact the course instructor to get permission. The course instructor can determine whether the exam can be taken outside the scheduled dates and provide access to the exam accordingly. The instructor should email permission to Director of Distance Education at admin.online@CPU.edu

Notify Distance Education in advance of any changes to your exam arrangements at 562-926-1023 EXT 306. If you have not taken your exam on the scheduled date and you have not rescheduled the exam, your proctor is required to contact the Dean of Distance Education (LMS), Jacob Woo at admin.online@CPU.edu.

2) Requirement of Proctor

(1) Who can be a Proctor

Examples of acceptable proctors are:

College or professional testing center staff Full-time school or public librarian
KPCA minister including pastors and elders.

(2) Who cannot be a Proctor

- (a) Relatives, co-workers (of you or your family), and friends (of you or your family) are not eligible to proctor exams.
- (b) Current and former CPU students are also ineligible.
- (c) Some proctors may charge a fee for their services. Students are responsible for all fees incurred while taking exams.

(3) Exam Centers

CPU Campus, 15605 Carmenita Rd, Santa Fe Springs, CA Listed local KPCA
Specific information will be announced

11. Learning Management System (LMS) Technical Support Procedures

The Canvas Team provides technical support to Faculty and Staff members who wish to use LMS.

The Canvas Team offers online tutorials and workshops on LMS periodically as needed. These tutorials and workshops cover the various tools available to help organize and manage an LMS course, including file transfer, quiz management, posting course notes, managing students and use of the grade book. Participants are welcome to bring any items they need incorporated into their courses.

Faculty members are responsible for setting up and maintaining their LMS sections, including uploading course content, creating quiz modules, and posting other instructional materials. The Canvas Team will work with faculty members to ensure that they have the ability to perform these duties through workshops and one-on-one training, as needed.

12. Contracts

All employment contracts for teaching distance learning classes follow normal CPU procedures as outlined in the CPU Faculty Handbook. In addition, individual academic units may require faculty who teach distance education classes to sign a Memorandum of Understanding that states specific expectations for distance education instruction.

Faculty Training

It is part of the support mission of the Office of Information and Instructional Technology to provide training for CPU's LMS. Face to face training is provided periodically during planning week and other times throughout the academic year.

First-time distance learning instructors should be assigned an experienced distance learning instructor as a mentor during their first semester teaching an online course. The mentor should be added to the course as a teaching assistant, so the mentor can observe and provide help as needed. Mentors will fill out a formative evaluation of the first-time distance learning instructor at the end of the first semester of online teaching. In addition, first-time distance learning instructors will be observed again during their second semester teaching distance learning courses to provide opportunities for further formative feedback.

13. Student Policies and Procedures for Distance Education Programs

As noted above, all policies and procedures that apply to on-campus courses and programs apply to distance learning courses and programs, as well, unless specifically stipulated otherwise.

1) Students Rights and Responsibilities

All CPU students, including students in distance learning courses or programs have rights and responsibilities as outlined in CPU Student Handbook.

2) Student Records

CPU maintains students' educational records in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974 as amended. The Act protects the student's privacy and allows students to challenge their educational records should they be inaccurate, misleading, or inappropriate. This protection extends to distance learning students. The handling of student records is also governed by Faculty Policy, and General CPU Policy.

3) Student Training

Students enrolled in distance learning classes have the same individual responsibility for coursework as students in traditional (face to face) classes, but because of the special needs of distance learning students, some additional help is provided. FAQs, tutorials, and other information are provided online. Specific course information and coping strategies may be provided in syllabi or as additional course orientation material.

4) Access to Library Services and Other Learning Resources

Library services are provided to distance learners through a variety of means, including the library's web page, and through one-on-one contact with librarians. Distance learners can contact the library via phone, email, or use the online resources provided on the library information section located on the library's homepage.

5) Computer Services

All CPU students, including those enrolled in distance learning classes, should provide a personal email account to the registrar. This provides e-mail capabilities, including online contact with faculty and other seminary personnel.

6) Admission

Distance learning students are subject to the same admission requirements as traditional on-campus students. Admission criteria help ensure that students possess the appropriate background, knowledge, and technical skills required for undertaking a particular course or program.

7) Registration

Registration policies and procedures are found in CPU Catalog and on the homepage of CPU,CPU.edu and CPU Distance Education, online.CPU.edu

8) Tuition

Distance learning students enrolled in distance learning courses are regarded as on-campus students. Students enrolled in distance learning classes are subject to the same fees as on- campus students.

See CPU's schedule of Tuition and Fees and Policy of Refund. Students may incur additional costs if distance education courses require proctored examinations or other forms of student identity verification.

9) Transferability

Credits for academic courses earned in distance learning courses apply to CPU degrees and are readily transferable to most other universities. See Current Bulletin for more information on transferability of courses.

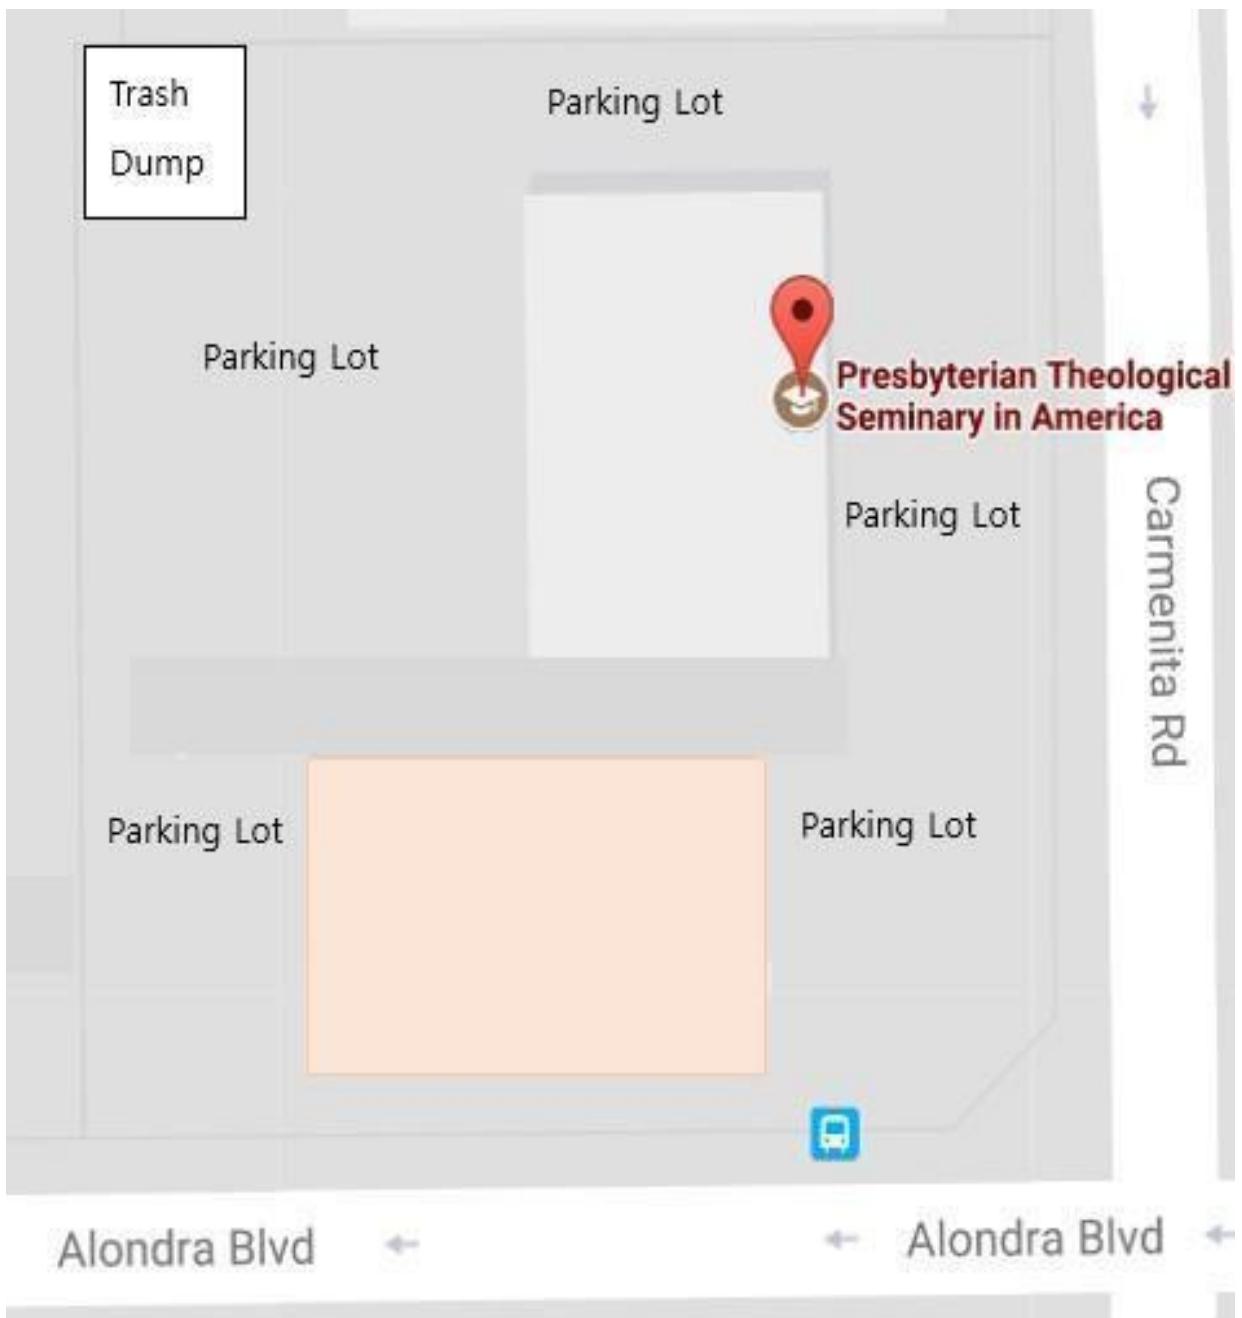

10) Advisement

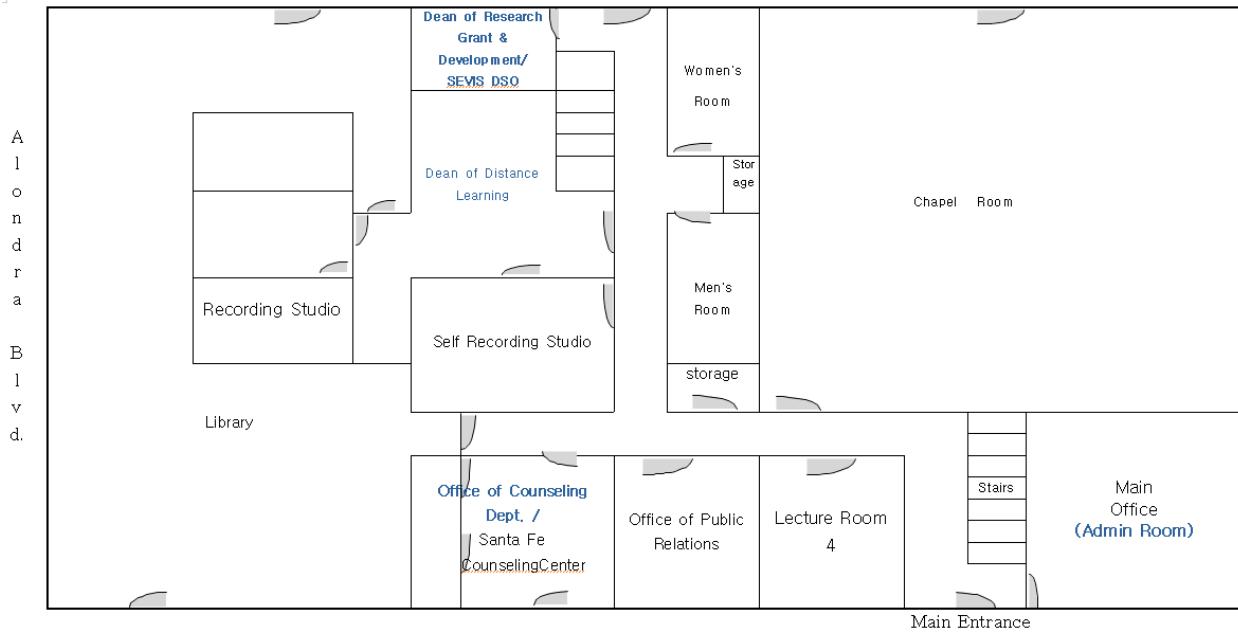

Students enrolled in distance learning courses are entitled to all student services, including advice. Academic department chairpersons and college deans assist in the advising of distance learning students. Advisement can be conducted via email and phone in addition to traditional face-to-face meetings. Contact information for advisors, chairs, and deans should be provided to students at the time of admission and registration.

11) Academic Support

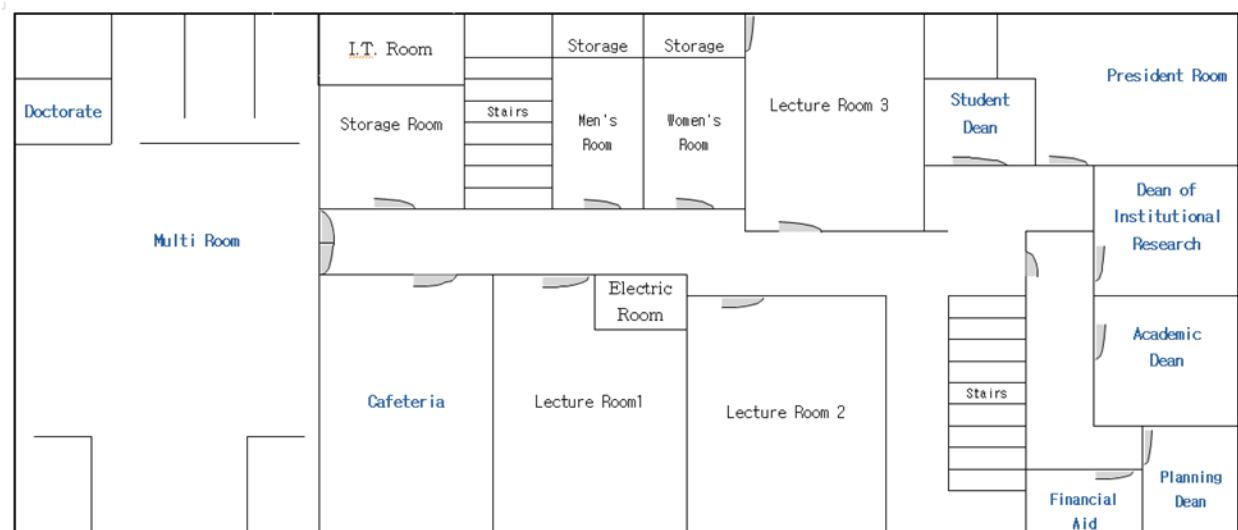

Academic Support Services provides online students with resources to support academic success. The Writing Center provides online, synchronous consultation through contacting a writing counselor. Students may also request asynchronous consultations through email at writingcenterCPU@gmail.com
